Meeting was called to order by Larry Stevens.

Roll Call: Stevens and Martin were present. Kennedy was absent.

Approval of minutes from May 6, 2002, A motion was made to approve by Stevens, 2nd. Martin. All in favor.

Old Business:

Cell Phones- table till next meeting, L. Kennedy checking on them.

Marlo Riffles- still needs worked on, we think. Not sure of the status.

Troy Brumfield- never brought Cheri his S.S. #, can't get paid until she gets it.

Wilmer Muck- meter nothing wrong with it.

Fire Hydrants- will be flushed in the next couple of weeks, per Ben.

New Business:

Tap Fees need re-adjusted.

May need to increase water rates, soon.

Dale Harmon- questioning his bill at rental on McKinley St. Had a fire on Dec. 9, 2001. On the 10th. He said he turned the water off. Did he tell anyone he turned it off, he said yes. He said he's overpaying on his bills. He turned back on Feb. 28, 2002. He aid paid bill for Dec, Jan, and Feb. When meter moves we have to bill. Needs to show cancelled checks, between check#1159-#1228. Ben didn't know it was off until he read the meter. He (Dale) must notify BPA member or Ben when need water off or on per BPA. He also requested all his bills from the time he bought his house, 10 yrs. Unreasonable request! If he continues to ask for those records, maybe should charge for them. Stevens said can't charge tax payer for that. We've changed his meter there twice now.

Alice Bitler- letter saying , floor caved in, in Mark's mobile home. Asking for BPA to reimburse them \$50.00 for new floor. Because of a hose hook up for a broken valve, to get repairs. A Motion was made not to pay \$50.00 re- connect fee back for floor by Stevens, 2nd. Martin. All in favor. Deduct water from Jim and Alice Bilter's bill for hose hook up.

Tonya Collins- hot tub 550 gals., orange stuff ended up in tub. White stuff also in pool. Do we have calcium in water? Had to drain and refill hot tub. Calcium will go through hot water tank. A motion was made to give her (T. Collins) \$1.20 credit for wiser by Stevens, 2nd. Martin. All in favor.

People behind on Bills:

Chlorinator has problems! Ben has worked on it. May have to work on it again. Ordered new part. We use liquid chlorine. Pump to it is not too old. 2-3 years life. Old pump is in now.

Ben has gotten his Class2 operators License, for water distribution system.

Bills:

Held JULY 16, 2002

19

Meeting was called to order by Larry Kennedy.

Roll Call: Stevens, Martin and Kennedy were present.

Approval of minutes from June 18, 2002- A motion was made to approve by Martin, 2nd. Stevens. All in Favor.

People before BPA: Marilyn Yingling has a leak in her driveway. Found it during dry spell. When they put in water valve for water loop. They tore up her whole driveway. She tried to tell them where it was, but wouldn't listen to her. She has pictures. Is it on our side of the meter? They put new piece in, per Ben. Leak between old line and new line. Drive was concrete/ they asphalted her drive. Vannoy's wanted new drive and had problems. Council really did this project. (1 yr. Warranty) We're between a rock and a hard spot. The contractors need to come back and fix it. Mayor had told Marilyn will contact contractor. Don't think Ben or Rick should have to tear up. Ben gave information to Mayor last night. Asphalt doesn't look nice, should have been concrete. Should have been replaced back to the way it was. BPA will see what they can do? Leak is behind the stop, per Ben.

Rick Beck- said Mark Moore/Claude Ford complaining about him, reading meters. He doesn't appreciate their comments. They said he doesn't spend money here in town and he does.

Light at Lift Station (Church St.)- went off the other night and Rick came out to check it out. When you need help who would work for \$10.00 an hr. like Rick does. Make this point at next joint Council-BPA meeting. It takes him (Rick) about 4 hrs to read meters. Rick and Ben reading meters together this month. We don't have many hrs. for this month.

One of the brackets broke on the Grasshopper, per Ben and Rick.

Chlorinator working fine, put new parts in. Bill Eitel rebuilding pump. We have liquid now, new plant may be gas.

Tom Rusnak, Floyd Browne Assoc.- has couple of items: elevated storage tank- doing appraisal on property adjacent to old tower.

Project Overall: Tank up first. Grants are pretty much zeroed in, now. If they are proceeding, grants are in line. Why do we want the tower in the same location as the old? per Ben. Higher elevation- top of hill at Short St. Ben thought keeping both tanks.

Selection: available sites, higher elevated tanks, more pressure-steady (55 lbs.)

Phase 1- construct elevated storage tank to tie in to old lines. Phase 2- sampled old wells- SOC tests- chlorine too high. Replaced pipes at plant- do samples again. How has draw downs been? per Ben to Tom, doesn't have report back. Wells- capable to bigger well pumps. Need individual meters on wells. Keep plant working during construction. Dollar cost back to the consumers, yet? We'll have a public hearing. Need to have a public hearing. Council should have seen some numbers. BPA would like to know about funding, average cost to customers. Definitely need a public hearing. First thing is to see if [property is available.

Correction to minutes earlier: Marilyn Yingling said they did put concrete where concrete was and asphalt where asphalt was. She was wrong with her earlier statement.

OLD BUSINESS: Cell Phones per Kennedy: Voice Stream \$69.00 a mo. 800 anytime unlimited weekend 1 phone. Nextel \$120.00 per phone. Need to get phone bill out of Ron Thaxton's name. A Motion was made to change phone to a business line by Kennedy, 2nd. Martin. All in Favor.

Alice Bitler's response to BPA's letter regarding bathroom floor in Mark's trailer. Said

~~Council member told her it was illegal to hook up that way with a hose. It is not in an emergency situation.~~

Held _____ 19____

R. Martin asked Cheri to type up a letter to send to Dale Harmon on previous billings. Corrections to letter and send.

Tap Fees- need adjusted. Council will probably re-adjust when Margaret finds out about Dominion Homes. Outside Corp. should be higher. \$3,750.00 for each if changed from \$7,500.00. \$7,500.00 for outside corp.

NEW BUSINESS: Fire hydrants being flushed this week.

820 ft. plastic pipe 10 or 12 ins. More figures- do this fall.

Blow off at Channell's, Ben can't get it open. Grant to put in a loop. Going to pursue loop soon, should we do it. If can get a grant we should do it. Probably no problem to rush into. 5 taps out there. Not sure where galvanized line is tapped into. Grant for loop: Lutz St. to Penn Ave. Railroad all tied in.

Called E C Babbert- pump went out at lift station.

People behind on bills list.

SEPTEMBER 17, 2002

19

Meeting was called to order by Ralph Martin.

Roll Call: Martin, Stevens and Kennedy were present.

Approval of minutes from Aug. 5, 2002- A Motion was made to approve by Stevens, 2nd. Martin. All in Favor.

OLD BUSINESS:

M. Yinglings- dug up Sat, its on her side. Would this have happened if we wouldn't have messed with it for loop? Per Ben it could have leaked anyway. Old pipe you have no way of knowing. Complaint we're responsible to shut off valve. With the new we're not responsible. She might pay for pipe and fittings if we put it in. How many hours to do this? 5 hours approx. Would be under \$200.00. Rent a mole and compressor- less than 4100.00. Maybe she'll pay for rent of mole? We're losing minimal water. Leak is not going through the meter. Ask her to rent the mole and compressor, we will do the labor and supplies. Ben to ask her about this. Have her call Ben as soon as she gets home to fix it.

NEW BUSINESS:

Waterline- E. High St. will do this Sat. T. Gobel to dig across the creek. Will have to shut off some residents on Sat. Ben to contact them Thurs. night. Need sand hauled in- who do you want to have haul it? Need 3 loads. Use Dana, that's ok per BPA.

Hanging Shut off to renter's- they are complaining. Saying property owners aren't passing on bills to them.

Charge Township Trustees \$50.00 re- connect for turning rental back on.

BPA wants Public Hearing on New Water Plant.

Facing/Roofing needs fixed on pump house. Need downspouts. Check with Robinson or Henson and get estimates.

Meeting was called to order by Larry Stevens.

Roll Call: Martin and Stevens were present. Kennedy was absent.

Mayor Betty Folk was present.

Approval of minutes from Sept. 17, 2002- A motion was made to approve by Martin, 2nd. Stevens. All in Favor.

People before BPA: Christy Stalder, Leist / High St. dirty/ rusty water. Back Flushing is done at 9:30 PM per Ben. Rust in her coat was during the day/ middle of the week- had a fire that day. When fire dept. pulls water from hydrant everything loosens up. She uses iron out on whites, but colored clothes- don't know what to do. Purchase whole house water filter, hooks up to where main line is. Stevens bought something for \$39.00 with filters.

Olive Channell- her water stinks, when are you (Ben) going to flush blow off. Its been a year. Ben could barely get valve open last time. Need to replace valve. Have to shut main line down to replace valve- looking at 2 years to get funds to get a waterloop out there. Going up old railroad bed to put waterloop in. We've repaired your line (per Ben) several times. Galvanized line.

Mayor Folk is here fore two reasons:

1. Over the trustees wanting water shut off at their rental. Cheri got a call- why their water was shut off. Kennedy called a different trustee then the one who wanted it off. 1 board member shouldn't be able to make the decision to turn water back on. Signed letters will be now in place when owners want water off. Can we actually shut it off. If bill is paid by owner- not delinquent to village but delinquent to owner? Martin and Stevens decided we should talk to Corbin about this. Kennedy said he talked to J. Miller and he wanted water shut off. Turned off 4:30- back on at 7:00. Kennedy talked to M. Pontious and he wanted it back on. Get in writing from Corbin, if this is legal-ORC- Case Law- to shut water off by owners request?
2. Sunday night before Council Meeting, Jim Beatty called the Mayor. Upset over property of Kinser property. Village spoke to C. Kinser and we have right away. JB Dick spoke to C. Kinser on waterline. Village ground/ Beatty's deed doesn't say that, according to Beatty. Deed says subject to right always /easements. We have a 20 ft easement between properties.

Public Hearing on New Water Plant- Martin was invited to a meeting with Floyd Browne Assoc. Questions he asked were 1. What is average water bill going to be? Average \$30.00 for water only. 2. Public Meeting- if village wants or not? By Dec. they will know what fundings we'll have and have a meeting in Jan.03. Can we use well on Stoneburner's property? 200 gals a min. We're finding out if have a 99 yr. Lease. Well will have to pump that well to plant.

OLD BUSINESS: Martin will ask J. Henson about estimate for work on pump house.

NEW BUSINESS: A. Bitler has sent 2 letters on Mark's trailer. Hooked up hose for water. Water leaked and ruined floor. Water and hose was hooked up 4-5 days, hose was dry when un- hooked. Floor wouldn't have gotten rotten in 4-5 days. Wax ring needs replaced around toilet, this will make floor rotten. They had no outside spiket on trailer. Never hook up with a hose again under no situation. We will send letter, waived this bill except for trash to satisfy for the floor repair. They have to pay trash portion.

People behind on Bills:

Approval of December 2, 2002 minutes. A Motion was made to accept by Thaxton, 2nd. Ford. All in favor.

2 questions from Ford: 1. Blinking Lights by Jeff Wharton- he has called the Mayor. He's very busy right now. 2. Articles in newspaper for donations for decoration fund. Mayor will put in newspaper.

Zoning Meeting- Sat. Jan. 11 at 8:30 am.

Street Personnel- Mike was reporting to the Mayor, he's to report to Moore and Simpson if the Mayor is not around to call. Moore and Simpson still reporting to Mayor.

People before Council: none

New Business:

Corbin's Bill- B. Bates for court fees, council accepting a check from B. Bates for \$522.00. Send letter a letter with a time frame, a completion date. He won't be back till the end of march. Vehicles must be moved from the village. Cleaned up by Fri. June 6, 2003.

BPA wants to increase the Min rate by \$1.00 on water. Wants Council to make this into a resolution. A motion was mad to table till joint meeting on Feb. 3, 2003.

BPA wants to add \$25.00 for Shut off fee, and \$50.00 Re- Connect fee, for non- payment of water/sewer/trash bills. Resolution- try to get made by next meeting.

Margie Kinser- selling sister's property. She had a CDBG, forgive loan of Mildred Hedges, 233 High St. Call CDC of Ohio on procedures. She's been in a nursing home for 6 yrs. The loan would be fully forgiven on Sept. 6, 2004. She will need to pay the village from time of sell to forgiven date.

Old Building on Church St (B. Flowers property)- needs cleaned up. Condemn the building. Fire Chief can condemn property.

M E Companies Invoice \$8,640.00 for work done, \$6,393.60 from OPWC and \$2,246.40 from village. A Motion was made to pay M E Bill by Moore, 2nd. Storts. All in Favor.

Re-paving of School St.- will change 1 ft. We cant widen street.

Doug Lynch bringing in Industry on Sand Hill Rd. Has to annex in property. Needs 90 lbs of water pressure out there. May need booster pump.

Old Business:

CDBG funds- furnace. A motion to use Boyden \$2,970.00 by Ford, 2nd. Thaxton, 5 yes 1 no (Colopy)

Bob Sisler- culvert, was here 2 mos ago. Mayor got the wrong culvert fixed, by Shupes. Tom Gobel to fix culvert by Sisler's.

Playground Equipment- Park meeting in May.

Herron property- take out a short term loan for the price of the property \$43, 001.00 at Kingston National Bank.

A motion was made to go to Kingston Bank to take out a 1 yr. Loan by Moore, 2nd. Simpson. All in favor.

Core Drilling- in writing an option and present it to Lloyd Young 10 acres at park.

Annex the Park in- we need this!

Street Personnel: Leaves- Moore researched, Start Oct. to last full week of Nov. Clean up leaves. Ford- schedule of what streets will be done and when. All duties need to be kept up. Will work if you keep this Council, if new Council can change. Mayor and 2 committee members of streets should get together on this. Ford can understand why Main St. was done more. Mayor is no. 1 boss per Moore. Merle Rhymer, Ramon Shupe and Mayor helped clean up leaves. Without these peoples help streets would still be a mess. Radio or Phone- trying to find someone is bad. Need something to communicate with Mike, Ben and Rick. Mike wants to be more flexible on hours, Moore can see it to some degree. 7:00 - 3:00 PM. Mowing of Park and Lagoon lane added into Mike's 40 hr week. If he needs help, he should ask. If we see he needs help, will get it for him. Dec. 1- Mar. 1 maybe 20 hrs a week (maintenance of equipment) Mar. 1- Dec. 1 40 hr week per Moore. .

No more running to Lancaster for 1 item and driving every alley and street everyday doesn't need done. Direction- if Mayor tells- this is the way it is! Clara and Merle Rhymer were out 2 nights in a row cleaning up leaves. Asking for time off- request it in advance. Use vacation day- don't just take a day with no pay. This is an issue, shouldn't be addressed at any one person, it's a job. Job Description- needed revised!

Meeting was called to order by Larry Kennedy.

Roll Call: Kennedy, Martin and Stevens were present.

Approval of Dec. 17, 2002 minutes, A motion was made to approve by Martin, 2nd. Stevens. All in Favor.

Old Business:

Leak fixed in front of Midwest. Curb box at Midwest's house (vacant lot) is fixed. Hit meter pit box.

No dirty water problems.

Water pressure low- 2 weekends ago. About 1/2 of what it should be. Breakers were kicked out. Maybe a power surge.

M. Yingling's- isn't done. Dried up. Next spring dig it up. Approved funds already to do this.

Giving Rick back the hours for reading the meters. Just take meter reading away from Ben. Leave Ben's pay alone. He's back flushing more in replace of this. Ben hasn't had a raise in a while. If something happens' to Ben, someone else needs trained where everything is.

Need a plat of where all water lines are. Ben and Rick maybe can do this and pay them for doing it. Money well spent. Then we can look at this to see if Ben's not around.

Water increase- \$1.00 on Min. Council wants to know how came up with the \$1.00. Will discuss at next joint meeting.

Tap fees- need discussed.

Shut off fees - \$25.00

Re-Connect fees- \$50.00

Resolution made for next joint meeting.

New Business:

Fire House- Hydrant, pole knocked over. Have Ben check it out.

R. Mansell's bill- only thing he's gotten shut off is where son was living at one time. Send him a letter. May need to assess to taxes. Deadline- 30 days.

E. Perkins- sent a letter, had a deadline, needs paid. He has 2 weeks to come to BPA with a payment plan or will go to small claims.

R. Martin has a letter from meeting from school contractors. For K-2 building/ power plant, come off of Lutz St. Could damage line with heavy equipment, so wants to come off of Oak St. Saving 150 ft. if stay with Lutz St. and put in shut off instead of Oak St. Put a cap on the end so wont leak under building. Bring this up at joint meeting with Council.

Tap fees- for K-2 Building?

PERS?

Rick Beck take over the meter readings and not effect Ben's pay. Rick will be paid for 4 hours for reading meters.

Meeting was called to order by Larry Kennedy.

Roll Call: Kennedy, Stevens and Martin were present.

A motion to accept the Jan. 21, 2003 minutes by Kennedy, 2nd. Stevens. All in favor.

OLD BUSINESS: Rick Beck will be reading the meters and we're leaving Ben's pay the same. He hasn't had a raise for about 10 years.

Moore said funds had dropped there towards the end of the year, council concerned. It's up to BPA to do what is necessary. Use Rick when needed only. Rick has come through on emergencies. Do job description for Rick's position.

There's been several major issues this past year at water plant.

\$1.00 increase on Min. water bill. There was supposed to be a 3% increase every year, per Mayor.

Council tabled it till this meeting. Raising the water min \$1.00 is penalizing the Sr. Citizens. Should be raised on metered rate also, per Mayor. We're raising it above and beyond the 3% by increasing it a \$1.00.

Water/Sewer Tap Fees- need 10 build able lots- needs revised. Moore wants controlled growth. Find out what other villages are charging. The people who use more than 2,000 gals. There should also be a 3% increase, per gals used.

County wanted our tap fees raised. Commissioners said \$7,500.00 a tap.

Shut Off and Re-Connect Fees- \$25.00 we're a little higher than most for shut off and \$50.00 for re connect. Leave them where they are.

BPA sit down and talk. Do the \$1.00 Min and a 3% increase (July).

Tap Fees for the New K-2 Building. We need to come up with an agreement that need commercial/ industrial tap fees. 1. Small Business 2. Industrial 3. Commercial. Projection on water usage, depends on kind of business. Estimated monthly use.

School wants to come across Oak St, closer to come off of Lutz St. into their power plant. We will need to put a tap in either way. To move in 100 ft. on Lutz St. is approx. 150 ft. closer. Council agrees and says to go off of Lutz St.

J.B. Dick- would like council to postpone work on School St. Mayor told him funds were only available for a limited time. Wants grant money held. Use their own drive off of Hamburg Rd.

Meeting was called to order by Larry Kennedy.

Roll Call: Martin, Stevens and Kennedy were present.

A motion was made to accept the Feb. 3, 2003 minutes by Martin, 2nd. Stevens. All in Favor.

Old Business:

Leaving Ben's pay the same.

Water rates increased- Council hasn't approved anything. 3% raise was voted on hasn't been done for awhile. Raising Min. to \$8.21 increased a \$1.00. \$1.00 increase will catch us up for the previous years. Mayor said thought was all agreement for the \$1.00 but come 1st. Of July increase the metered rate 3%. Implement increase in July. We need to do this increase. Cheri to figure some rates.

Tap fees- Circleville Water/Sewer tap fees are \$850.00 for both. Mayor would like the tap fess to stay the same until at a later date. We do need a Commercial Tap fee. Tap fees need set as per unit. We need to eventually change these fees. Ben will get Lancaster's Rates for tap fees.

K-2 School Building tap fee- they are going to pay for labor and tap fee off of Oak St. Lutz St. has a new water line. Set up meeting with Paul Campbell, Project Engineer and present what we want for them to come off of Lutz St. More difficult to come off of Oak St. Lutz St. would be like 5-6 hrs for Ben and Rick. If they need 2 separate taps cant do off of Oak St. A Motion was made to contact Paul Campbell and discuss K-2 building by Martin, 2nd. Stevens. All in Favor.

New Business:

Village thinking of purchasing an air compressor for their own use, would like BPA to reimburse them for what they paid on BPA's air compressor. A motion to reimburse Council their 1/2 on air compressor by Martin, 2nd. Stevens. All in Favor.

Service of BPA Van- Jackson in Carroll to service it.

Council Ok'd shut off fees.

Council asked Don Simpson if he wanted to mow the lagoons. He hasn't given an answer. Ben and Rick has been mowing the lagoons. Park mowing is charged to the water department- why wasn't it on our list of bills? Council decided to take over control of mowing of the park. Why is BPA paying? If BPA paying they should be able to choose who mows it. Council had wanted same person to do all the mowing. If you have same person then no one to mow. Park needs mowed during the day through the week. It didn't show up on BPA's batch warrants- Cheri said it was on Council's warrants. Don Simpson will be mowing the park this year- need

Estimated Bills- complaints! Read meters every 3rd. Sat. rain or shine. Cant read meters with the book in the rain. Need a computerized system. Only need one machine to punch in or program in meter readings.

Red/Dirty Water complaints- from residents. School said haven't done anything different. The school is drawing water off the 8 ins fire line. Mixing cement. Resident was doing laundry 2 loads- 3rd load water was dirty. Illegal tap in! Results of water tests from lab, lines tested, if weren't tested and flushed for bacteria. The EPA will have us on this. Curb box was turned on. No bacteria samples, shouldn't be turned on. Why do they have 3 meters? We didn't know meters were installed. We have meter readings for 2 and 1 on fire line is in cubic feet. Used water- to keep dust down by Igel. Corbin needs to know what's gone on. We need to give the contractor for school this bill. We need to have our ducks in a row.

Shut off- schools water now! Village needs to know if water lines were tested. Oct. 2001- school broke ground, Nov. 2001- first mortar. Bill min. from then thru Feb. 2003. Smoot Const. Or Igel should have papers on bacteria samples. If tests weren't taken should shut off water. A motion was made for Martin to handle this with Corbin/ Vandervoort by Kennedy, 2nd. Stevens. All in favor.

Contact JB Dick, if he had any idea of this. Doubt that he did. Water needs shut off at the new school building. Total Coliform- positive (has bacteria) School is responsible for the water bill. 16 mos. X \$7.21 = \$115.36 and 5161.8 X \$1.55 = \$8000.79 makes a total of \$8116.15. Get remote on outside, cant keep reading with ladder in a pit. Stop using 8 ins line. Cubic Ft. meter needs to be gals.

Need to buy a new well pump! \$3,400.00 approx. We need a spare. A Motion was made to purchase by Martin (not to exceed \$3,500.00), 2nd. Stevens. All in favor.

Addition- Steinsreiber's cleaned up!

People present: Tom Corbin, Don Simpson, Olive Channell, Barbara White, David Zak, Sally Dupler, JB Dick, Jim Hartzler, Tom Rusnak and Becky Hayes.

People before Council:

JB Dick, AC Superintendent- came to speak about K-2 building. Are there going to be any new sidewalks in front of the school? Yes- just where needed on School St, not Lutz St. Alley's being vacated- what does he need to do? Mayor doesn't want to vacate (by Vo-AG building) for safety reasons. Walnut St. needs vacated! And 3 other alley's surrounding. Never recorded at courthouse. JB Dick gave mayor petition to vacate alleys. Up to council whether to accept or decline. T. Corbin to check on and get back to council.

Water situation took place a month or so ago. Please let me know what else I need to do, ahead of time. We want to be in the building in Sept. Mayor was at the last BPA, want water tap off of Oak St. instead of Lutz St. This will be discussed at next BPA meeting. Water is back on in the new school building. JB wants the BPA to hook up the remotes.

New tower will be on property purchasing from Herron's. bringing in line between Johns and Halderman to make a loop. Do you want fence around the tower? Its simple to add on. Someone from your company called South Central Power per Mayor Folk. Underground electric service for tower and garage. Underground is hooked up prior to unhooking the old. Approval from EPA and then can go out to bid. Drilling a new well, meeting with T. Gobel. We will close on property in a week to 10 days. If its OK with council we will apply for PTI. We were docked 16 pts from Issue 2 because water rates weren't high enough. Calculate on new rates. They only funded 1 or 2 water projects, mostly roads and bridges. We did get survey from ME. But needed to survey a little further beyond ME's survey. Because line is so long coming into town, do you want valves or hydrants? Hydrants! On School St. new taps off of 10 ins line or do you want to use (4ins) old line? Go off of old line (4ins.) With Councils approval we'll move ahead with PTI.

3 projects- bid by separate contractors. T. Gobel has found 2 places for wells. Plans for water plant- clean water. Permission to send tower and distribution plans to EPA. Meeting was called to order by Larry Kennedy.

Roll Call: Martin, Stevens and Kennedy were present.

Approval of Minutes: A Motion was made to approve the Minutes of March 18, 2003 by Martin, 2nd. Stevens. All in favor.

People before BPA: J. B. Dick, AC Superintendent. K-2 building- what the tap fee will be? We don't know what that fee will be yet. There will be a tap fee!

Gallon usage on new building- Did Mayor Folk explain? No! One meter is in cubic feet. Midwest is where meter came from. They discussed with JB how the meter is to be read. Every 10 gal.- the number clicks once, 530,000 gals.. The other for every 100 gals./- the number clicks once. 3,300 gals. Wants to make sure the meters are read right. It could be 5 million. External gauges (remotes) - need hooked up! Want to hook up what the village wants- Ben to contact JB on remotes. Cubic foot meter needs changed to gallon age. Ben will read the meters again. School had ordered a ladder for down in the pit. If there's anything I (JB) needs to do please let me know. Toilets have water in them right now in the new building. We have pictures of lines hooked up. We are using the sewer.

Several sub- contractors are hooking up and using water. (Brick cleaners) Pipe wrench on hydrant. This has been mentioned per JB.

K-2 on hook up! BPA wants school to come off of Lutz St, this is a new line. Oak St. is an old line. Tap fee will be less, less feet to run.

Where shut off is, pipe, curb box is bowed. Oak St. right hand side. We need to fix it. Tell Ben about it.

Ben needs to be there when they turn on water in the new school.

Old Business:

Moore trying to get 2 more tornado sirens.

Vacating alleys/right a ways for school. J.B. Dick is to connect with Corbin. What happens is we vacate the land, (100 yrs from now) what if school is torn down- we'll still have the streets. Give school permission to use or lease it to them.

A motion for the third reading on the Zone Code by Ford, 2nd. White. All in favor.

Property maintenance Code- A motion for the first reading by Ford, 2nd. Colopy. All in Favor. What do you do if they don't pay the fine- do we assess to taxes? Need a property maintenance code committee. 3 people - Council Member and 2 Residents meet quarterly.

Clerk-Treas. Appointment- Mayor has job description- to make a Chief Fiscal Officer. Some villages have 2 clerks, some have 1 clerk. Some clerks have part time help who work 20-30 hrs a week. Elected Official- can't say when this person works. Part time person- Clerks set the hours. Some villages pay the bills as they come in....within reason. Not contracts.

Meeting was called to order by Larry Kennedy.

Roll Call: Martin and Kennedy were present. Stevens was absent.

A motion was made to approve the minutes from June 17, 2003 by Martin, 2nd. Kennedy. All in Favor.

People behind on Bills list reviewed
Landlords need to get renters their bills.

M-E coming out to analyze situation for Riffle's, per Mayor. They definitely have sand in their water.

A. Woodruff- has called Cheri and Martin on her bill. Have this situation taken care of. Her bill is high this month.

A motion was made to suspend billing Riffle's foe water until things are corrected by Kennedy, 2nd. Martin. All in favor.

G. Stalder's property on E. Church St. We are only responsible to the stop boxes on the properties. Maybe check with G. Stalder's of going in on the property and padlock the meter? Proceed with putting in the tap and send him the bill. He needs lines split.
Send G. Stalder's the bill for account #33.

Curb box- bowed, isn't fixed yet.

School has been tapping into the fire hydrants. Hydrants are the schools, but the water belongs to the village. Maybe should put a mater meter in on the line and it will meter all water going through.

Reducer was used for them to hook up to fire hydrant. Fire department shouldn't hand out equipment. Don't use fire hydrants unless there's a fire.

E.C. Babbert will be out here next Tues. for lift stations.
Tap fees- council raised institutional to \$100,000.00 ea for water/sewer.

New Business:

M. Yingling's had dried up. Maybe has a broken tile. She would like a new water tap. Ben doesn't feel there is a water leak. Investigate it a little further.

Record of Proceedings
Council
Aug. 4, 2003

Meeting was called to order by Mayor Betty Folk.

Roll Call: Colopy, Thaxton, Moore, Ford, Storts and White were present.

Approval of Minutes from July 7 and 15, 2003- A motion was made to approve by Thaxton, 2nd. Moore. All in favor.

Others Present: Tom Corbin, Olive Channell, Keith Doll, Don Simpson, Dave Kraft, J.B. Dick, Sheila Hicks and Marlo Riffle.

Mrs. Shupe is still working on playground equipment.

G. Stalder has cleaned up his property and mowed.

Trailer on village property not burning will backhoe it in.

People before Council:

Keith Doll, M-E Co.- design engineer co. on School St. Opened bids end of June- Shelly Co. was awarded the bid. Working on contract paper. Had per-construction meeting this morning. Discussing water line project incorporating into School St. project. Working on cost proposal for water line. Asking contractor to get a sub-contractor to do water line. We can address or accept it later. K. Doll feels Shelly Co. cost for line is higher than needs to be. May have to bid it out separately. Council feels it's a necessity to put in water line while putting in street.

Line boring- F. Browne Assoc. had a 10 inch line maybe we should go from 10 to a 12 inch line.

K. Doll- there could be a very good reason why they decided on a 10 inch line. K. Doll recommended a directional boring. Moore doesn't have a problem with the 12 inch but wants it done with the project. M-E Co. would be asking for a small increase on doing this. F. Browne Assoc. is to be working with M-E CO. Ford addressing issue on cost- what would the cost be after we put in water plant? You'd have a patch in the street if waited. Cost would increase in 2 or 3 years. K. Doll has prepared a cost of what he feels it should cost. Shelly co. was 50% higher. K. Doll was very conservative on his cost. K. Hogan from county office thought it would be crazy not to do both at the same time per Moore. Columbia Gas is putting their lines in also. Starting next Monday. Their lines are right by the curb. They will be under the sidewalk now.

Recommendation per Moore maybe we will have to call a special meeting- let's do it. M-E Co. needs to know about funding for waterline. Issue 2 applications are coming up in Oct. if you want to apply, if you want M-E to help.

A motion to proceed with Issue 2 for water lines by Moore, 2nd. Ford. All in Favor.

F. Browne Assoc.- is finished with what our contract said. Get our blueprints

and forms and find us a new engineering firm. Maybe hire M-E Co.

T. Corbin will contact F. Browne Assoc. on letting them go.

L. Porter- was here earlier, he also has sand in his water.

M. Riffle- I'm not the only one having a problem with my water.

S. Hicks- having a problem. She doesn't have any water pressure. Waterline was busted on Leist St.- 6 yrs ago.

J.B. Dick, AC School Superintendent- alley vacations, where do we need to go from here? With K-2 building Kirby St. 16 1/2 ft wide- village requesting to go 60 ft. per Mr. Dick. Every garage will be effected to the south going north will be on school property. This would be very difficult for us to do. Right now to keep things going, school will pay for the attorneys fees (T. Corbin's). leave it at 35 ft. and will pay attorney fees. School is still asking to do something with Kirby St (School St to parking lot) shut down at Vo Ag shop. Mayor still says no we may need it someday for emergency purposes. Residents around don't want to lose Kirby St. It's up to Council, has school addressed those 3 residents- no, not yet. Ford- has a problem with vacating. What about a gate? Mr. Dick someone would have to be in charge to open and close it. What if someone forgets or is sick. Someone has to lock the school up per Ford. Moore talked to residents there was accessibility to their properties. What is the advantage? Of grass over blacktop? Per Ford. Pave it and close it during school hours. Don't care if it's vacated but closed to traffic. Lease the streets and alleys to the school for 100 yrs for \$1.00 with the option to lease again after the 100 yrs.

Letter from Corbin to school on what the village agrees to. Make sure can have a valid lease, per Corbin.

New Business: Corbin, Folk and Moore met with B. Bates- privacy fence. (approx. 80 ft.) If one person doesn't sign then will be back in court. Stipulations drawn up.

Resolution, RES. , A motion to proceed authorizing settlement of lawsuit by Ford, 2nd. Moore. All in Favor. A motion to waive the three readings by White, 2nd. Colopy. All in Favor.

Maintenance Property Code- T. Corbin would like to meet with committee. 1. Sec. 1650.01 code to protect value of neighbors property add in. Sec. C of 08

2. Sec. 1650.08 Sec. E 1 and 2 3rd. Part added stock cars, parking trailers with vehicles.

3. Sec. 1650.14 add Sec. B violates/ \$100.00 or more Fee structures for Zoning- committee decides.

Corbin letter- School/Water rates- BPA fine on using fire hydrants. School has been drawing water off the fire hydrants again. Mayor called Sheriffs Dept. 6,000-10,000 gals a day.

Concession Stand- problems with EPA the drain by concession stand had cigarette butts, etc. No washing hands in the sink that use for making food.

Check with Corbin: A Motion that anyone caught drawing water from anywhere in the village that's not metered they will be fined \$ for drawing off of village water lines by

Ordinance, ORD. , Ohio Basic Code accepting changes. A Motion was made by Moore 2nd. Thaxton. All in Favor.

Old Business: Mosquito Spraying- Mayor found out he's not spraying the alleys.

Tornado Sirens- can hear at noon.

J. Wharton- will be out.

Tree Trimming- waiting on him.

Trash Cans- need liners?

Storm Sewers: nothing

Trash Collection for L. Kennedy was putting it in dumpster at carry out. Everyone in village must pay for trash.

Audit- Cheri needs some help. Called Pauline Ety from Walnut Township. Computer needs straightened up. A Motion to let Pauline help by Ford, 2nd. Moore. All in Favor.

Meeting was called to order by Mayor Betty Folk.

Roll Call: Colopy, Thaxton, Storts, Ford, White and Moore were present.

Residents Present: O. Channell, R. Martin, B. Edler and Mr. Compton.

Approval of Minutes from Aug. 4 and Aug. 20, 2003. A Motion to approve by Moore 2nd. White. All in Favor.

Correction: Line Boring- Floyd Browne had a 8 ins line and we should go to a 10-12 ins.

People before Council: Mr. Compton- wants to put up a fence. 48 ins., green vinyl. He has 3 dogs. Up to Council. 31/2 ft high. A motion was made to allow him to put a fence by Thaxton, 2nd. Ford. All in Favor. Mention to him, we've had a problem with dogs barking before. Moore said make sure where the pins are good.

Bruce Edler- have you talked to the school about sidewalks up to the new building? Yes- we have. School at one time said it's the villages problem. J.B. Dick unhappy, Mayor appointed Ford to talk with the school. School board gave J.B. Dick authority to discuss school business with the village. School wants street vacated up by Vo-Ag building. No safe way for the children to get to the new building. Water lines belong to the school not the village- they didn't put in the kind or size of lines village suggested. Its been addressed and put in the minutes per Moore. R. Martin if we don't have this in writing on water/sewage. There could be a sewer problem per R. Martin.

What happened to tree trimmers? Per B. Edler. Mayor said will be here on Thurs.

New Business: C & S Trucking Co. hit yellow fire plug and post. Dayton freight driver saw it. We need to bill C7S for all damages. C. is aware about all of this. A Motion to bill for all the labor, asphalt, pole replacement (itemized bill) by Ford, 2nd. Moore. All in Favor. Need Don's hours broken down on this- Kirby St.

Letters from Corbin: Water Treatment Plant (3), Floyd Browne, B.Bates, Vacating or lease of right aways.

B. Bates- has to have everything moved by Sept. 15 by Dec. everything rid of except for 5 cars.

Ohio Department of Health- We don't know of any Ordinance on Tobacco in Public Places. Ignore this per Council.

Resolution, RES. _____, Terminate Contract with Floyd Browne. A motion to accept by Storts, 2nd. Thaxton. 5 yes 1 abstain (Moore) A motion to waive the three readings by White, 2nd. Storts. 5 yes 1 abstain (Moore).

Ford wants to know if we can do anything to F. Browne for not adding in water line on School St? Its costing us \$75,000.00 could have been less. Mayor heard from F. Browne, Becky wants to apply for funding. Tom Rusnak wanted to meet with Mayor. F. Browne needs to get our paperwork and prints to us in a timely manner. Resolution drawn up on water line per Ford. This is holding us up. Don't finish paying them until they take care of everything. A motion to put a hold on F. Browne's money by Ford, 2nd. Storts. All in Favor.

OPWC application for waterline project due by Oct. 3. Resolution authorizing agreement for waterline construction between village and OWDA. A motion to apply for issue 2 by ford, 2nd. White. All in Favor.

Do we need to go to bid for a new engineer? Corbin said we can accept M-E per Ford.

Last year for Soya Festival- Citizen of the Year, Mayor has thought about B. Hedrick. White says M. Rhymer. Thaxton says R. Thaxton. S. McMillen was mentioned. L. Taylor and R. Shupe were also mentioned. Moore nominated Co- Citizens of the Year R. Thaxton and R. Shupe, 2nd. Thaxton.

Trick or Treat night- Thurs Oct. 30 6-7:30 PM.

BPA will have a Special Meeting on Mon. Sept 8 at 11:00 AM.

D & L on street sealing. Don's trying to find someone to help Eric do it. Part-time rate for paying help. A motion to pay \$6.00 an hour, limit to a couple of weeks, they have to fill out a time sheet by Moore, 2nd. Thaxton. All in Favor.

Jeff Wharton- will have light up by Fri. 9-5-03.

School stencil should be in the garage. Maybe borrow one from another town. Restrictions on placement of school markings. Traffic on School St. is awful.

Weeds need sprayed around town. Don's working on this. Needs to get a sprayer. Purchase another sprayer- same as the one we use to water the flowers. Make sure it's marked weed killer. Road grooving to slow down traffic- can we do this? Call Ohio Department of Highways on restrictions per Ford.

Waste Receptacles need to be put in place and liners bought for them. Working on getting liners. Give Don a list on where they are to go.

School buses can not come in off of Hamburg Rd. They did not reinforce the road to handle them. Delivery trucks will have to come in Oak St. Our street wasn't made for all of this. A motion to put a weight limit on Oak St. by Ford, 2nd. Storts. 4 yes 2 abstain (Thaxton and Moore)
This is a issue on what we have in the streets- table!

Flags- need fixed/bent.

Hose Test- Sept 6th at 9:00 am will you put in the newspaper per D. Simpson. Why cant this be done while Ben is flushing hydrants. Why are we the village just now getting the notice. Mayor feels a little late but will get in newspaper. Why doing this on the East end of high St?

Get a dumpster for trailer by WM. Aluminum and Steel take to Lancaster and sale it.

Brush cant be burnt at park. Community Weiner Roast, Sat. Sept. 27th 6-9 PM. A Motion to have by Storts , 2nd. Thaxton. All in Favor.

Mayor will give village a 2 ½ ton heat pump to this office building if Council will pay to have it put in. Self- contained unit- has to go through the furnace we have. Do we have to put it in right now? No. Council accepts the gift from Betty Folk.

Turn in alley by Heister's need a stop sign, because pool is in the way to see. 4-way stop. Behind D. Kennedy's old house alley needs a 4 way stop. A motion to put up signs by Moore, 2nd. Thaxton. All in Favor.

Changes Corbin was to make on Property Maintenance Code. May want to hold a public hearing on this. Do a letter and send to residents on code.

Zoning Comm.- address their fees. Cant enforce until have fees. Have a committee meeting before next month.

Old Business:

Water with Sand- residents, how are things there. Hopefully Ben flushing tonight will help. Riffle's still getting some sand. BPA- M-E funding the way our water bills are will effect the funding we may get. Issue needs addressed.

Utilities:

Storm Sewers: cleaned.

Streets and Alleys: needs cleaned.

Has light bulb been changed on water tower? L. Kennedy was to find someone.

EC Babbert has lift station fixed.

EPA wrote us up on some things at Wastewater Treatment Plant. Things taken care of. Device to measure for lagoons- Ben working on.

Midwest- hole from meter.

D. Simpson going to ask Shelly for some hot mix if they won't come up and fix it.

Hydrants were flushed last week.

Martin asked Riffle's to change in line filter on Thurs. He went to check it Sat. they were going to be gone. Martin checked on Sun. He will check it out later this week. Then was saying didn't have pressure. Martin said pressure was good.

Leak at school- would be taken care of.

New Water Plant- min. needs to be at least \$35.00 to obtain points for funding. Council had a fit earlier over the \$1.00 increase and 3%. We rounded it off to \$1.00 then Council added the 3% increase. If we raise to \$35.00 a lot of unhappy residents. You've got people who can't afford that kind of bill.

M. Gabriel Rental- High St. Need this taken care of before next billing period. Between Gabriel and Stoneburner. Gabriel renter wants his deposit of \$100.00.

Approval of Minutes from Sept. 8, 2003, A motion was made to approve by Stevens, 2nd. Martin. All in favor.

D. Kocarek, from R.D. Zande to get dimensions on Stream Flow Monitoring Gauge. New flow meter chart/ have flow meters checked.

Old Business: Leak at the School- taken care of. They have 2 reverse flow valves on it. No loop, water will only go so far. Can we reverse one of those valves. No, according to Ben. Because other valve won't let it flow through it. Both have to come out. Backflow prevention devices in new school. School is responsible for those lines. J. B. Dick is aware of this now. They need to replace check valves with flange pipe. The school needs to hire someone to do this job, BPA shouldn't do it.

No, lights on water tower. We need to get this taken care of.

We had a meeting with M-E on Fri. will have to raise min. water bill to get funding. We will need a 3rd well. If we use hot wax on tower we don't need to condemn. No lead paint on tower. 280 gals if one well is down. 65 gals a minute service pump now. Go with 1 more well. Design 180 gals minute which could be upgraded later to. Our wells now are rated 110 gals per min. We are soon going to have to drill the 3rd. Well. By first of the year we need to do something to have funds. We have to double current min. water rates to get funding.

Summons to court, J. Hartranft- bank foreclosing. Why hasn't the water been shut off per Mayor Folk? Has gas been turned off? If has we can shut off water. Grandson has been going in and out of the house. Could cause an explosion. Would village be responsible if something happened?

Council brought up that if J. B. Dick wants to come to a BPA meeting that a school board member should attend also. Having a lot of problems regarding school and J.B. Dick. Mayor contacted about water loop, streets, alleys. J. B. Dick sent certified letter to Cheri requesting minutes for the year. He could have just called and asked for minutes.

Waterline for the school: Going off line to practice football field instead of Lutz St. They put in what Ben/ BPA requires not what they want. They didn't put in quality of line in with new building. We have an easement. They can't build on easement. Easement runs across the practice football field. M-E drew up plans.

When and if J.B. Dick requests to be on the agenda then the board will be notified.

Flat tires on backhoe. 4-5 flat tires in last few mons. Want BPA to go in 1/2. A motion to go in 1/2 on backhoe by Stevens, 2nd. Martin. All in favor.

RECORD OF PROCEEDINGS
COUNCIL
NOVEMBER 3, 2003

Meeting was called to order by Mayor Betty Folk.

Roll Call: Colopy, Moore, Storts, Ford were present. Thaxton was absent. 1
Vacant Seat (White)

Approval of Minutes; A motion to approve the Oct. 6, 2003 by Moore 2nd.
Colopy. All in Favor.

C&S Trucking Co.- still need to bill. Need Don's time and materials.

Jeff Wharton- lights hooked up, not activated. South Central Power to check
out first.

Moody St. - holes patched.

B. Bates- has trailer not moved on Main St.

Salt- Fairfield County will not sell us any salt. Pickaway County will. G.
Hacker is to start tomorrow to fill bin. (3 loads)

Street Sealing Equipment- Mayor said he had a machine ready. Can't seal
streets with leaves all over. They can store it in our garage. Moore would
prefer to wait till March. They will let us keep it as long as we want. If call
in March - might be April or May till we get it.

Council Vacant Seat Applicants-

1. James Beatty at E. High St.

2. Wayne Paul at W. Main St.

Mayor recommends Wayne Paul. Ford agrees because he's attended
meetings. A Motion to appoint Wayne Paul by Ford, 2nd. Colopy. All in
Favor.

Oath of Office, Swearing in of Office of Wayne Paul.

People before Council: O. Channell- nothing

Concerned Mothers: Trick or Treat night- an inappropriate costume was
worn by some adults. Dressed like a man's private, woman dressed like
something a man would use. Send a letter to resident who were passing out
candy. Riding around town on a golf cart also. Lewd Conduct on these
people- village will take appropriate legal actions. Would fall under
disorderly conduct/ includes offensive conduct, possibly says Corbin. Sheriff
said couldn't do anything. Pornography? Mayor wants to file charges. These
mothers will sign a paper on what they saw. You have to be able to identify
the persons in the costumes.

B. Edler- came down for P. McKenzie about her trees. We took trees down a
few years ago and she replaced trees. We cut her trees down again with this

street project. The roots were in the village right away/sidewalk. She needs to replace with the right type of trees. (2 dwarf pears). She wants us to put them on the opposite side of the sidewalks on her property.
Beautification/Park Fund- she paid \$50.00 a piece.

J.B. Dick, AC School- sent Mayor Folk a letter on K-2 Building. 1. Tap fee, K-2 building- R. Martin asked if using existing sewer line, replacing per Dick \$100,000.00 a piece for water/sewer. 8 ins. Line. We didn't charge tap fee for 3-12 building in place of the water loop. What type pipe using for water? Dick doesn't know. We recommend c-900. Fees established in May/June 2003. Had to do this before grant funding- to meet eligibility. Is that established by BPA or Council per Dick? BPA recommended a fee and Council changed some and then voted on it. Who made the motion to accept these rates? Not in minutes per Dick. It should be per Ford. A Motion to make institutional \$1,000,000.00 per Dick per minutes. It should be \$100,000.00. Dick asked if tap coming from football field or where? R. Martin said wherever you want it. Not in street. Corbin gave us all copies of lease for school- 99 yrs for a \$1.00 with the option of a renewal for add'l 99 yrs for a \$1.00. Basic lease- needs to work out with the school's attorney and Corbin. Council voted to go with a lease at last months meeting. If enact this lease will need a resolution. School had agreed to pay for attorney's fees if vacated alleys. We now are not so he (Dick) feels school shouldn't pay for fees. We (Ford) had no residents asking us to do this, to vacate alleys. What is wrong with existing water/sewer taps to old school per Moore. Dick says line isn't big enough. You already own a water/sewer tap per Moore. What would be the cost to upgrade a tap versus a new tap per Moore. School already owns a water/sewer tap. Aug. 4, 2003- J.B. Dick and Kraft were here. We discussed that at meeting with school board member- we (village) don't have minutes from that meeting. Council asked school to pay attorney fees. You asked us per Dick on attorney fees. Ford said you asked us to vacate alleys. Aren't you getting what you want per Corbin to Dick? Shouldn't there have been a formal motion on this- (attorney fees) there's nothing in minutes per Dick. Council is trying to accommodate the school board per Corbin.

Sheriff asked school about flashing light (west bound) Hamburg Rd- school is willing to put this light in. East bound is on village property- would be village's responsibility to put in. County Engineers- 1 hr before students arrive, 1 hr. before dismissed. Council would have to provide sign and electric. 25 speed limit in town/ school speed would be 20 speed limit. Ford doesn't have a problem with this, protection of the children. Speed Bumps- on new street/ School St. Would school have a problem with this? Check with school board. Have to watch the height to put in. Cost for electric? County Engineer will furnish both signs/lights. We need to budget for this.

Letter from AC School, Pat Williard on change phone#, address and fax# and a W-9. Why do we need to fill out a W-9? New School opening Sept. 05 Tear down old school Feb. 04. Recommendation from Mayor to Council/ BPA- we need to request what type of pipe we want. We're the ones who says what type of pipe/fire hydrants that are used per Mayor.

R. Martin asked Dick, Did you fix manhole? Doesn't know- needs taken care of. Drawing shows us coming west from practice field. We aren't going

down Oak St. Per Martin we recommended Lutz St./ we didn't think school would want to use practice field.

Council needs to be at the next school board meeting (Rm. 1100 in door to left)

Mayor requested from K. Doll from OWDA of how much F. Browne has drawn down from us \$195,271.94 out of \$200,000.00 loan. Corbin and Doll working on a letter to F. Browne for answers to questions.

Maintaining/ Cleaning Municipal Building- how handled? Who, what and how? Mayor said wasn't in Street Personnel's Job Description. Other part include as Clerk-Treas. And address it at that time.

Letter- better relationship with AC Board of Education. Invite the school board members to Council meetings. Council member to attend school board meetings. Suggest to have a school board member in attendance of superintendent. Can't mandate this. No residents of Amanda on the school board. Special School Board meetings published in Pickaway County newspaper. The committees meet at 5:00 PM. You have to give them a 2 week notice to get on the school boards agenda. If you don't sign in you can't talk at their meetings.

OLD BUSINESS: Property Main. Code- (as attached) Zone Fees? Building Permit- based on sq. footage of building. R. Love- hired? A Motion to have the third reading on the Property Main Code by Moore, 2nd. Paul. All in Favor.

Letter to F. Browne from Corbin on response to Oct. 30.

Clerk-Treas. Position- Job Description- Appointed position now. New and Improved description. Mayor, Storts are to meet with Cheri on description. Hiring a part time person to help Clerk-Treas.

Mayor gave village a heat pump- Steve Boyden.

Audit- Hearing 1. Need to amend Certificate to County Auditor 2. Financial Reporting- amended certificate. 3. Purchased truck without going out to bid. 4. 2 signatures on checks

Ohio EPA- Letter 10-2-03 Dave Burroughs, Open Fire Burning. Landscape waste brought in. Fire not used for waste. Leaves and grass aren't clean fuel. 2 ft x 2 ft fire for cooking. Ceremonial fire 5 ft. X 5ft. Fire was still burning when visited. We were turned in. Why did R. Thaxton turn us in and he knew in advance and didn't say you can't do it.

Garage- still getting bids.

Backhoe- fixed, didn't charge for it. He was here 15 mins.

COUNCIL

Meeting was called to order by Mayor Betty Folk.

Roll Call: Colopy, Thaxton, Ford, Storts and Paul were present. Moore was absent.

Residents and others present: O. Channell, J. Fese, B. Edler, and Midwest attorney- Ray Michalski.

Approval of Nov. 3, 2003 minutes- A motion to approve the minutes by Ford, 2nd. Storts. All in Favor.

W-9 has to be filled out, per J.B. Dick and sent back to the school.

School Light- we have to pay for their light on our end of town. County will pay for light on the school's end. No cost to school but village must pay for this. Council will need to vote on this tonight.

Midwest attorney, Ray Michalski- presenting with petition to vacate a alley. Want to expand a building. Vacate this alley Midwest owns on both sides of the alley already.

We have one dead end loop on that end of town. Mayor asked (Dick Strickle) for permission for easement up railroad bed from School St. to Penn Ave. Midwest agrees to do this. We need to check with our attorney on this. We have another group (school) who wants an alley/street vacated. (3 alleys and a street) If we vacate for Midwest and not the school, there might be questions on this per Ford. Has to be published in newspaper for 6 weeks and a public hearing. Midwest the only land owner there. With the school there's more involved. Would Midwest go for a 99 yr lease for a \$1> with an option. They want control over the property to expand the building. This is more tax base for the village. Council will discuss this and get back to Dick at Midwest.

O. Channell- is School St finished? We will be having a final walk trough. Gas Co. needs to fix in front of gray house per Mayor Folk.

New Business: Fire Contract with Amanda Township. Amount is the same as last year. A motion to accept by Ford, 2nd. Paul. All in Favor.

Ord. Ordiance 03- , Amendment to Basic Code. A motion to amend by Colopy, 2nd. Thaxton. All in Favor.

A motion was made to waive the three readings by Ford, 2nd. Storts. All in Favor.

Zoning Rates- Mayor spoke with Jim Hartzler. Sugar Grove is the most duable for us. They give ½ of what they collect to their inspector and keep ½. \$25.00 build house \$6. For ea. 100 sq ft., 1100 sq ft house \$85. Approx. Shed/Garage \$15. Plus \$1. Per 100 sq ft. Addition \$25. Plus \$2. Per 100 sq ft. Would anyone do this for this small of a pay? Hire someone or Mayor can do it. Can't afford \$200. Per month. Sign \$30. Fee, Fence \$30. Fee and

Appeal/Variance \$100. Fee because has to be put in the newspaper 3 times. Ford would like this written down to review before votes on this. Has to be passed in Ord. Form. Need to color code permits. Ford feels should all have a fee plus expenses.

Homes- turned into health Department. Open trash Receptacles. Pop cans cleaned up on 100 Fredrick St. 111 S. Johns St.- refrigerators have locks. 239 W. high St.-trailer/ roof caved in. Rat trap. Plumbing Building/ Church St.- has building code issues.

Old Business: Letters from Corbin from Ac School, B. Bates and F. Browne. Corbin hasn't heard from School's attorney. Haven't heard anything from school board members.

A min. of 1 Council and 1 BPA Member should attend the school board meetings. Too much hear say.

Notice posted at the post office that minutes can be reviewed at the Municipal Building or pick up a copy.

F. Browne requesting a meeting with R. Martin, B. Edler newly elected Mayor and Mayor Folk. They will be meeting Fri morning at 10:00 AM. Corbin received a letter from F. Browne. Who's paying attorney fees for this meeting per Ralph Martin, BPA Member? F. Browne.

A motion was made that minutes will be available at the Municipal Building 2 weeks after each meeting or after 3rd Monday, during hours when office is open by Ford, 2nd. Thaxton. All in favor.

B.Bates- Dec 31st is his last day to clean up. Invoice back to August B.Bates on all of these letters for Corbin.

S. Boyden has prices to D. Simpson on heat in garage. Quotes on furnaces \$2680. S. Boyden, \$1650. Able Heating, \$3719. Fairfield heating and \$2170. Lenox. Ask S. Boyden on Heat Pump for Municipal Building.

County Commissioners gave us 2 new bike racks. 1 for park and 1 for near water tower/ property for across the library. Library people can use.

G. hacker got 1 load of Salt. D. Simpson got the rest. Both sides are full.

A motion was made to hire S. Boyden on Garage heat by Thaxton, 2nd. Ford. All in favor.

Meeting was called to order by Larry Stevens.

Roll Call: Stevens and Martin were present. 1 Vacant Seat.

Approval of Minutes from Nov. 3, 2003. A motion was made to accept the minutes by Martin, 2nd. Stevens. All in Favor.

Need hours/materials from Ben for Columbia Gas. Will have to pull out invoices and time sheets.

OLD BUSINESS: Light on water tower still needs fixed. Someone knew someone by the name of Ron who is certified for a 1,000 ft. need harness. We have a regular harness for the water tower. B. Edler will contact person to do this. During this time of the year fixing it could be difficult. (Ice, Snow) Have to unlatch once. Bulbs screw on. Have him come to council meeting. We've been paying \$100. To do it.

Valve at school, haven't heard from J.B. Dick on this.

NEW BUSINESS: R. Martin requested new pages in meter reading book. Using backs of pages according to him. Going back to 2002 meter readings.

Want copies of 2004 Appropriations Budget for their next meeting per R. Martin.

School's meters moving in Old Building- they owe for 4 meters. (2 mos) Paying for New Building. Hang shut off notice-take it into the building. Give bill to J.B. Dick. Pat Williard's in administration area. J.B. Dick says water is shut off per R. Martin. It can't be shut off. Windows knocked out of old school building.

Have any ideas on what's left in budget per R. Martin. Not a lot says clerk. Is water and Sewer separate per R. Martin? Yes per Clerk. Funds in water are very limited per Clerk.

Water treatment Plant- status, per Becky Hayes we don't have a well drilled. Won't get plans back until well is drilled. Village has paid for Phase 1 and Phase 2. Phase 1 \$12,500. Approx. Phase 2 \$120,000. Approx. As of Oct. \$192,000. Approx. has been paid out. According to Becky Hayes that we can't get plans until well is up and operating 100 gals per min. Where was the public hearing? Village didn't get property approved and skipped to Phase 2. Everything is on hold until well is up and running. Tom Gobel ran a test on consistent flow \$3,500. F. Browne hasn't been paid. He said he can drill a well for \$3600. Better hope he hits water the first try. If they got \$192,000. They've ripped someone off. M-E said 2 ½ times average household income. \$40-\$41. Approx. bill. R. Martin and B. Elder discussed raising min from 2,000 to 4,000 gals.
