SMART Color Range

If you are looking for something special to compliment your pool then the Leisure Pools® SMART Color range is for you.

Our colors are given an added brilliance by having an in-built sparkle and shimmer effect. In different lights your pool will look like it has millions of diamonds scattered over the pool surface.

Why do we call it SMART? Well this color range also features Nuplex Composites' AQUAGUARD® ECO Gelcoat which is a new generation, high performance gelcoat, combining advanced performance and dramatically reduced VOC emissions as a consequence of extremely low styrene content.

So, the SMART Color Range not only looks good but is good for you and the environment.

Spectacular contrasts! Sapphire Blue is the most popular color that we have in our range, reflecting that quintessential pool styling!
