

## On site Entry Control Point Design (ECP-D) Remote Entry Control Point Assessment and Design (RECPAD)

[www.castledefense360.com](http://www.castledefense360.com)

One of the first & most vital risk mitigation measures for an organization is the Entry Control Point. It is the first line of defense and plays a key role in the decision making of a would-be assailant.

We design a new entry control point or improve your existing layout and facilitate improvements. On site and remote capable.

Assessments & Design are conducted by our Physical Security, Anti-Terrorism & Critical Infrastructure experts with over 20 years combined real world experience.
