# Message From The President

*I would like to thank Bob and Carole Smith for hosting our “Mad Hatter Party”. The event had to be postponed a week because of Henri. Postponing was the right call as the weather for the party was perfect. Mitch and Linda McLaughlin were responsible for lining up D&D Caterers, Inc. to provide burgers, hot dogs, ribs, wings and various salads. I’d like to thank our members who volunteered with set up and clean up for this event.*

*Following the party we had our business meeting. I announced that Kevin Maddy has stepped into the roll of Membership Chairman. Kevin will do an outstanding job and I thank him for volunteering.*

*As you are aware Linda McLaughlin will be stepping down as “Social Chairman” effective October of this year. The club needs a volunteer to step into this roll.*

*Our September meeting will be hosted by John and Carol Baldi. They live at 7 Settler Way, Bourne, Ma. The meeting is scheduled for 9/26 between 10:00 AM and 12:00 PM. Corvettes and Coffee, bring your chairs, coffee and donuts will be provided. Check the website for additional details. Special thanks to John and Carol.*

*Nominations for the Board of Directors will be accepted at our next business meeting on 9/26/21. Voting for Board members will take place at our October meeting on 10/21/21.*

*Christmas Party venues were discussed at the meeting. We will need to make a decision soon to secure a date. At this time the Mezza Luna Restaurant located in Buzzards Bay seems to be an excellent choice. Tentative date is 12/12/21.*

*Congratulations to Dick and Elaine Roy as they were the winners of the Amish quilt raffle. Thanks go out to Carole Smith for offering the quilt to auction. The proceeds go to the clubs charity account.*

*Prospective members in attendance at the meeting were Stuart and Liz Calhoon and Joe Albanese. We look forward to them joining the Cape Cod Corvette Club.*

*I’d like to announce we have new members, Steve and Louise Howland.*

*Cindy and I will be traveling from 9/12 to 10/12, Bob Smith will conduct our September business meeting. Cindy and I are meeting 24 other corvette owners in Williams, AZ. and then traveling to the Utah National Parks. This event is sponsored by the National Corvette Museum and is named “Museum in Motion National Parks Tour”. We will take lots of pictures so they can be posted on the website.*

*Drive safe and enjoy Americas Sport Car*

*All the Best*

*Donald Mason*

A C7 Corvette and a fifth-generation Chevy Camaro that were seized by the Ohio Highway Patrol have been repurposed as police cars. According to Lima, Ohio-based news station [WLIO](#), the high-performance Chevys were seized by the Ohio Highway Patrol after the previous owners were pulled over as part of separate drug investigations. The C7 Corvette appears to be a soft-top convertible model finished in the Torch Red exterior color, while the Camaro looks to be a V6-powered RS model finished in Ashen Gray Metallic. The Ohio Highway Patrol has put its own touches on both vehicles, as well, including police body decals, lights and sirens.

While these two confiscated cruisers look ready for duty, heavy-footed Ohio residents don't have to worry about the local highway patrol chasing them down in a Corvette or Camaro. These vehicles will not be used for traditional highway patrol activities, [WLIO](#) reports, and will instead be brought to car shows and other community events to help police engage with the public and educate them on road safety. Troopers told the news station they hope the two cars will attract local residents to their booth at community events, making it easier for troopers to engage in friendly community outreach.

The two cars, which are owned by the Limo post of the Ohio Highway Patrol, will make appearances at a handful of events in the Lima area in the coming months, *WLIO* reports.

For those who may be wondering, the Ohio Highway Patrol can usually be seen in its simple silver-painted [Chevy Tahoe](#), Dodge Charger and Ford Explorer patrol cars. These run-of-the-mill cruisers may not be as fast as a C7 Corvette or as stylish as a fifth-gen Chevy Camaro, but they're much better suited to the demands of policing.
