# ABOUT US CERTIFIED SERVICE DISABLED VETERAN OWNED SMALL BUSINESS

## Welcome to Castle Defense 360 Educate, Train, Protect, Defend

Castle Defense 360 Security Consulting was established in September 2014 primarily due to an increase of terrorist and criminal activity plaguing our great nation and the world. We saw a vital need for alternative and unconventional training courses and protective services and we have developed courses and services to address these needs. The old ways are no longer as effective as they once were.

Having served in the Army for 15 years with deployments to Bosnia, Kosovo, Iraq and Afghanistan, I have honed my real world skills and acquired some new ones along the way. It has always been my intent to provide the general public, small and medium size businesses and First Responders, the same level of training and protection usually reserved for government and big business. I still have the same passion, dedication, drive and desire as I did while serving my country.

Our team consists of retired conventional forces, Special Forces and Law Enforcement professionals that possess a wide variety of skill sets and experiences. All team members have been vetted thoroughly and are dedicated to mission accomplishment and client satisfaction.

WE ARE HERE TO PROTECT & READY TO DEFEND
