

Approved Vendor List

IMPORTANT: Due to the need to have all rental equipment delivered and removed the day of the event (no later than 10 pm and venue clean up/ tear down by 11 pm), we are now requiring renters to utilize one of the following tried and tested vendors for heavy rental equipment (tables, chairs, tents, lighting, and decoration).

It is easy to underestimate the time and effort it will take to clean up your event after guests have departed. Therefore, we strongly suggest the following:

- Share our *Rental Agreement policies* with your vendors and designated team in a timely manner to plan accordingly
- Identify **at least 5 people** to help with cleanup and transporting all trash to the parking lot dumpsters at the conclusion of your festivities
- Carefully review the Facilities *Clean-up Checklist* with your team to avoid forfeiting your Damage and Cleaning deposit, or incurring additional fees

Equipment (upcharge for weekend or late-night pickup may apply)
