RE: Gil Garcia , AIA

---

To whom it may concern,

This letter is written to express our gratitude for the work that Gil Garcia performed to support our hospitality project, Ivy Hotel San Diego, now renamed to Andaz Hotel San Diego.

Not only did we enjoy our daily dialogue with him, we also recognize that he joined the project at a critical time where organization of team and documents was key.

As for our Interior Design team, Gil was our go-to guy for coordination of architecture, MEP and other consultants. He is a great team player.

Warmest regards,
