Program Introduction

Castle Defense 360 Security Consulting, a certified Service Disabled Veteran Owned and Operated Small Business, has developed a new certification standard for the Security industry. This course has been developed and POST approved for 24 Continuing Education Credits (CE's) for Houses of Worship Safety and Security teams, Guard Post Security Guards, Executive Protection Agents, those wishing to break into the security industry and other disciplines.

This first of its kind program is focused on providing an advanced level of training to Security staff by offering a unique set of additional skills to add to their value and capabilities. One of the key goals of this certification program is to officially certify team members nation wide in a variety of security related operations to add legitimacy to their task. We are driven to make this course a new national standard security disciplines.
