

RECORD OF ORDINANCES

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. 91-13

Passed Oct. 21 19 91

**ORDINANCE AMENDING ORDINANCE
91-6 TO AUTHORIZE THE USE OF
PUBLIC STREETS BY THE SOYA
FESTIVAL COMMITTEE FOR A
PERIOD OF FOUR YEARS**

WHEREAS, by previous Village Ordinance No. 91-6, the Amanda Village Council authorized the use of the Village's public streets for the annual Soya Festival; and

WHEREAS, the Amanda Village Council has determined that the annual Soya Festival benefits the Amanda community as a whole; and

WHEREAS, the Village Council deems it to be in the best interest of the Village to authorize the use of the Village's public streets for the annual Soya Festival for a period of four years.

**NOW, THEREFORE, BE IT ORDAINED BY THE VILLAGE OF
AMANDA, OHIO:**

that the use of the Village's public streets for the annual Soya Festival be, and is hereby, authorized for the period beginning in September of 1992 and continuing through September of 1996; and, further

ORDAINED, that the dates in September of each year during which the annual Soya Festival activities will occupy the Village public streets shall be determined by the Amanda Village Council on or before the 15th day of August of each year succeeding the enactment of this ordinance; and, further

ORDAINED, that previous Ordinance No. 91-6 is, in all other respects, to remain in full force and effect.

This ordinance shall take effect and be in full force from and after the earliest period allowed by law.

Mayor Jerry Stevens

ORDINANCE ADOPTING
SPECIFICATIONS FOR SANITARY
SEWER SERVICE CONNECTIONS

WHEREAS, by previous action of the Amanda Village Council the Village has determined to effect construction of a wastewater treatment and collection system for the use of Village residents; and

WHEREAS, Village residents will be required to connect to the Village sewage collection system when it becomes available; and

WHEREAS, Village residents will be required to meet specifications for the sanitary service connections in accordance with Exhibit "A" attached hereto and incorporated herein by this reference.

NOW, THEREFORE, BE IT ORDAINED BY THE LEGISLATIVE AUTHORITY OF THE VILLAGE OF AMANDA, OHIO:

that the specifications for sanitary sewer service connections attached hereto as Exhibit "A" be, and are hereby, adopted; and, further

ORDAINED, that all Village residents and users of the sanitary sewer collection system be, and are hereby, required to conform to the specifications set forth in Exhibit "A" of this ordinance.

This ordinance shall take effect and be in full force from and after the earliest period allowed by law.

RESOLUTION APPROVING SALES
AGREEMENT WITH THE PENN
CENTRAL CORPORATION FOR
PURCHASE OF 10.654 ACRES OF
PROPERTY

WHEREAS, by previous resolution the Legislative Authority of the Village of Amanda, Ohio has determined to effect construction of a waste water treatment facility for the Village of Amanda; and

WHEREAS, in order to effect installation of the waste water treatment facility it is necessary for the Village to purchase 10.654 acres of land from the Penn Central Corporation.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE VILLAGE OF AMANDA, OHIO:

that the sales agreement dated May 6, 1991 between the Penn Central Corporation and the Village of Amanda for the purchase of 10.654 acres of land for the consideration of One Thousand Two Hundred Dollars (\$1,200.00) per acre be, and is hereby, approved; and, further

RESOLVED, that the Mayor and Village Clerk be, and are hereby, authorized and empowered to execute the sales agreement for the purchase of the aforementioned property for and on behalf of the Village.

RESOLUTION AUTHORIZING THE BORROWING OF FUNDS

WHEREAS, by previous action of the Village Council, the Village of Amanda has determined to effect the construction of a Wastewater Treatment Facility; and

WHEREAS, to effect construction of the Wastewater Treatment Facility the Village must purchase property and easements to be utilized in the construction of the lagoons and collection systems of the Facility; and

WHEREAS, the purchase of the real estate and easements must be effected prior to the beginning of construction of the Facility and it is necessary to borrow funds for the purchase of the real estate and easements until funds are available through Farmers Home Administration and/or the sale of temporary revenue notes; and

WHEREAS, the Central Trust Company is willing to loan funds to the Village in the amount of \$92,507.00 to purchase the real estate and easements; and

WHEREAS, the Village Council deems it to be in the best interest of the Village to borrow the funds from the Central Trust Company.

NOW, THEREFORE, BE IT RESOLVED BY THE VILLAGE OF
AMANDA, OHIO:

that the aforesaid loan from the Central Trust Company be, and is hereby, approved; and further

that such loan is to be repaid from funds to be provided by the Farmers Home Administration or the sale of revenue notes; and

that the loan be repaid to Central Trust Company in one lump sum due and payable on or before September 1, 1991 at an annual fixed interest rate of 7.5%; and

And the Village Clerk is hereby authorized to draw warrants on the Village Treasurer for payments from any of the foregoing appropriations upon receiving proper certificates and vouchers therefor, approved by the board or officers authorized by law to approve the same, or an ordinance or resolution of council to make the expenditures; provided that no warrants shall be drawn or paid for salaries or wages except to persons employed by authority of and in accordance with law or ordinance. Provided further that the appropriations for contingencies can only be expended upon appeal of two-thirds vote of Council for items of expense constituting a legal obligation against the village, and for purposes other than those covered by other specific appropriations herein made.

SECTION 12. This resolution shall take effect at the earliest period allowed by law.

Passed 12-30-91, 19

CERTIFICATE

Section 5705.39, R.C. — "No appropriation measure shall become effective until the county auditor files with the appropriating authority . . . a certificate that the total appropriations from each fund, taken together with all other outstanding appropriations, do not exceed such official estimate or amended official estimate. When the appropriation does not exceed such official estimate, the county auditor shall give such certificate forthwith upon receiving from the appropriating authority a certified copy of the appropriation measure"

The State of Ohio Fairfield County, ss.

I, Cheri Norman, Clerk of the Village of Amanda

in said County, and in whose custody the Files, Journals, and Records are required by the Laws of the State of Ohio to be kept, do hereby certify that the foregoing Annual Appropriation Ordinance is taken and copied from the original Ordinance now on file with said Village, that the foregoing Ordinance has been compared by me with the said original and that the same is a true and correct copy thereof.

Witness my signature, this 30th day of December 19 91.

Cheri Norman
Clerk of the Village of

Amanda

Fairfield County, Ohio

Ordinance No. 92-2

Passed Feb. 3, 1992

**ORDINANCE ESTABLISHING A METHOD
FOR DETERMINING TIME AND PLACE
OF REGULARLY SCHEDULED AND
SPECIAL MEETINGS OF VILLAGE COUNCIL
ORC 121.22 (F)**

WHEREAS, the Council of the Village of Amanda, Ohio desires to establish a reasonable method whereby any person may determine the time and place of all regularly scheduled meetings and the time, place, and purpose of all special meetings.

NOW, THEREFORE, BE IT ORDAINED BY THE LEGISLATIVE AUTHORITY OF THE VILLAGE OF AMANDA, OHIO:

that the Village Council shall not hold a special meeting unless it gives at least twenty-four (24) hours advance notice to the news media that have requested notification, except in the event of an emergency requiring immediate official action. In the event of an emergency, the member or members calling the meeting shall notify the news media that have requested notification immediately of the time, place, and purpose of the meeting; and, further

ORDAINED, that any person may, upon request and payment of a reasonable fee, obtain reasonable advance notification of all meetings at which any specific type of public business is to be discussed. Advance notice shall consist of mailing the agenda of meetings to all subscribers on a mailing list.

This ordinance shall take effect on the earliest date allowed by law.

A-R-047.5

(TO BE ADOPTED BY MUNICIPALITIES
FOR INCLUSION IN THE ENTERPRISE ZONE)

ORDINANCE
MUNICIPAL

92-4

WHEREAS, the Ohio Enterprise Zone Act (the "Act"), under Ohio Revised Code sections 5709.61 through 5709.66, has authorized counties, with the consent and agreement of affected municipalities and townships therein, to designate areas as Enterprise Zones and to execute agreements with certain enterprises for the purpose of establishing, expanding, renovating or occupying facilities and hiring new employees and preserving jobs within said Zones in exchange for specified local tax incentives granted by the county; and

WHEREAS, the City/Village Council of *Amanda* (the "Council") upon due consideration desire to implement said Act and to designate an Enterprise Zone (the "Zone") within the boundaries of (the "Municipality") to promote the economic welfare of said Municipality; and

WHEREAS, it is necessary for the Council to formally request from the Board of Fairfield County Commissioners (the "Board") the inclusion of the Municipality in an Enterprise Zone proposal and to include such an ordinance in a petition to the director of the Ohio Department of Development to certify the area described as a Zone; and

WHEREAS, the Board finds and determines that designation of the Zone pursuant to Ohio Revised Code section 5709.63 will promote the economic welfare of the residents of the Municipality by creating new jobs and retaining and preserving current jobs and employment opportunities within such areas and is in the best interest of said Municipality; and

WHEREAS, the Council understands that the Board of County Commissioners is required by law to administer all Enterprise Zones and will therefore appoint an Enterprise Zone Manager to be responsible for 1) the establishment and operation of the Fairfield County Tax Incentive Review Council as specified in Ohio Revised Code section 5709.63(B); 2) to ensure that the Enterprise Zone abatement agreements contain the information required in Ohio Revised Code sections 5709.63(A) and 5709.62(B); 3) to ensure that the Enterprise Zone incentives agreements contain the information required in Ohio Revised Code sections 5709.63(A) and 5709.62(B), including a description of the project, the amount to be invested, the number of jobs created and/or retained, the annual years of tax exemption being granted toward real and/or personal property; 4) to forward copies of all Zone exemption agreements to both the Ohio Department of Development and the Ohio Department of Taxation within fifteen days after the agreement is entered into, as specified in Ohio Revised Code section 5709.63(D); and 5) to maintain a centralized record of all aspects of the Zone, including copies of the agreements, a list of the members of the Tax Incentive Review Council, and a summary of the Tax Incentive Review Council's annual review of each agreement.

WHEREAS, the Board of County Commissioners will have primary responsibility for negotiating and administering Enterprise Zone exemption agreements, and will involve the affected municipalities and townships in the negotiation process and will receive the consent and approval of the affected municipality or township prior to formal approval by the Board, and

WHEREAS, the terms and conditions of any tax exemption agreement shall be negotiated by a team comprised of the following individuals : a representative of the respective municipality or township within which the project is located, as appointed by the legislative authority of the political unit; a representative appointed by the affected school district within which the project is located, as appointed by the local board of education; a member of the Board of Fairfield County Commissioners, or its representative, as appointed by the Board of Commissioners; the Fairfield County Enterprise Zone Manager shall serve as an ex-officio and non-voting member of the local negotiating team, and

WHEREAS, the Council hereby agrees to the establishment of a Tax Incentive Review Council pursuant to Ohio Revised Code section 5709.63(B) and will appoint two representatives to said council within sixty days after the director of the Ohio Department of Development certifies the Zone.

NOW, THEREFORE BE IT RESOLVED, that the Council hereby authorizes the Board to include the portion of the Municipality described in Exhibit "A" in the Zone; and

BE IT FURTHER RESOLVED that the Board is hereby authorized to include this resolution in the petition to the director of the Ohio Department of Development.

NOTE: The Municipality's Ordinance included in the County's Enterprise Zone Application must be certified.

ORDINANCE NO. 92-5

AN ORDINANCE APPROVING, ADOPTING AND ENACTING THE 1992 EDITION OF THE MODEL OHIO MUNICIPAL CODE, PUBLISHED BY THE JUSTINIAN PUBLISHING COMPANY, FOR THE VILLAGE OF AMANDA, OHIO; REPEALING ORDINANCES IN CONFLICT THEREWITH; PUBLISHING THE ENACTMENT OF NEW MATTER; AND DECLARING AN EMERGENCY.

WHEREAS, The Justinian Publishing Company, of Cleveland, has prepared and published a Model Ohio Municipal Code, consisting of Administration, Traffic and General Offenses Code components, which components are based upon and consistent with State law through January 1, 1992; and

WHEREAS, the Village is in need of a codification of such legislation, with which to administer the affairs of the Village, ensure law and order and avoid practical and legal entanglements; and

WHEREAS, Article XVIII, Section 3, of the Ohio Constitution requires that Village law be in conformity with State law in those areas specified therein;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF AMANDA, OHIO:

SECTION 1. The 1992 edition of the Model Ohio Municipal Code, complete through January 1, 1992, and published by The Justinian Publishing Company of Cleveland, is hereby approved, adopted and enacted by and for the Village of Amanda, Ohio.

One book-form copy of such Model Code component shall be attached to this ordinance as a part hereof and filed with the permanent ordinance records of Amanda, Ohio.

SECTION 2. All ordinances and resolutions or parts thereof which are in conflict or inconsistent with any provision of the Model Ohio Municipal Code are hereby repealed as of the effective date of this ordinance, except as follows:

- (a) The enactment of the Model Ohio Municipal Code shall not be construed to affect a right or liability accrued or incurred under any legislative provision prior to the effective date of such enactment, or an action or proceeding for the enforcement of such right or liability. Such enactment shall not be construed to relieve any person from punishment for an act committed in violation of any such legislative provision, nor to affect an indictment or prosecution therefor. For such purposes, any such legislative provision shall continue in full force notwithstanding its repeal for the purpose of revision and codification.
- (b) The repeal provided above shall not affect:
 - (1) The grant or creation of a franchise, license, right, easement or privilege;
 - (2) The purchase, sale, lease or transfer of property;
 - (3) The appropriation or expenditure of money or promise or guarantee of payment;
 - (4) The assumption of any contract or obligation;
 - (5) The issuance and delivery of any bonds, obligations or other instruments of indebtedness;
 - (6) The levy or imposition of taxes, assessments or charges;
 - (7) The establishment, naming, vacating or grade level of any street or public way;
 - (8) The dedication of property or plat approval;
 - (9) The annexation or detachment of territory;
 - (10) Any legislation enacted subsequent to the adoption of this ordinance.

SECTION 3. Pursuant to Ohio R.C. 731.21, 731.22 and 731.23, the Clerk of Council shall cause to be published a notice of the enactment of this ordinance, containing the title of the ordinance and a summary of the new matters covered by it, which summary is attached hereto and marked "Exhibit A."

SECTION 4. This ordinance is hereby declared to be an emergency measure, immediately necessary for the preservation of the public peace, health and safety, such emergency existing by reason of the necessity of providing a Municipal Code that is consistent with the latest State law, as required by the Ohio Constitution, and this ordinance, including the Model Ohio Municipal Code adopted hereby, shall take effect and be in force immediately upon its passage by at least two-thirds of all members elected to Council, otherwise from and after the earliest period allowed by law.

RECORD OF ORDINANCES

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. 92-6

Passed June 19 19 92

**ORDINANCE ESTABLISHING A SCHEDULE
OF RATES AND CHARGES TO BE
COLLECTED BY THE VILLAGE COUNCIL,
VILLAGE OF AMANDA, OHIO, FROM THE
OWNERS OF PROPERTY SERVED BY THE
SEWAGE WORKS OF THE VILLAGE OF
AMANDA WASTEWATER COLLECTION AND
TREATMENT FACILITIES, FAIRFIELD
COUNTY, OHIO, AND OTHER MATTERS
CONNECTED THEREWITH, AND
DECLARING AN EMERGENCY**

WHEREAS, the Village Council, Village of Amanda, Ohio, proposes to construct and place in operation sewage works for the purpose of collecting and disposing of the sewage of the Village of Amanda; and

WHEREAS, the Village of Amanda is the recipient of a grant from the U.S. Environmental Protection Agency and the Farmers Home Administration; and

WHEREAS, it is necessary to establish a schedule of rates and charges for the Village so as to produce sufficient revenue to pay expenses of maintenance and operation, and to provide funds for necessary replacements and improvements to the sewage works, all in a manner in accordance with guidelines of the U.S. Environmental Protection Agency, and to pay the principal and interest on outstanding revenue bonds in accordance with the applicable bond ordinance; and

WHEREAS, this ordinance constitutes an emergency measure for the immediate preservation of the public peace, property, health or safety, such emergency arising out of the necessity to meet Farmer's Home Administration terms and conditions for the provision of Grant Funds to the Village for continuation of construction of the sewage works.

NOW, THEREFORE, BE IT ORDAINED BY THE VILLAGE COUNCIL, VILLAGE OF AMANDA, OHIO, BY AND FOR THE VILLAGE OF AMANDA WASTEWATER COLLECTION AND TREATMENT FACILITIES, AMANDA, OHIO:

Section 1. Unless the context specifically indicates otherwise, the meaning of terms used in this ordinance shall be as follows:

- (a) "Council" shall mean the Village of Amanda Council, Amanda, Ohio, or any duly authorized officials acting in its behalf.
- (b) "Village" shall mean the Village of Amanda Wastewater Collection and Treatment Facilities, Amanda, Ohio.
- (c) "BOD" (or Biochemical Oxygen Demand) shall have the same meaning as defined in the Use Ordinance.
- (d) "Debt service costs" shall mean the average annual principal and interest payments on all outstanding revenue bonds or other long-term capital debt.
- (e) "Excessive strength surcharges" shall mean an additional charge which is billed to users for treating sewage wastes with an average strength in excess of "normal domestic sewage".
- (f) "Industrial wastes" shall mean the wastewater discharges from industrial, trade, or business processes as distinct from employee wastes or wastes from sanitary conveniences.

RECORD OF ORDINANCES

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. _____

Passed _____ 19____

- (g) "NPDES (National Pollutant Discharge Elimination System) Permit" shall have the same meaning as defined in the Sewer Use Ordinance.
- (h) "Normal domestic sewage" (for the purpose of determining surcharges) shall mean wastewater or sewage having an average daily concentration as follows:
- BOD not more than 250 mg/l
S.S. not more than 300 mg/l
- As defined by origin, wastewaters from segregated domestic and/or sanitary conveniences as distinct from wastes from industrial processes.
- (i) "Operation and maintenance costs" include all costs, direct and indirect, necessary to provide adequate wastewater collection, transport and treatment on a continuing basis and produce discharges to receiving waters that conform with all related Federal, State, and Local requirements. (These costs include replacement.)
- (j) "Other service charges" shall mean tap charges, connection charges, area charges, and other identifiable charges other than User Charges, debt service charges and excessive strength surcharges.
- (k) "Person" shall mean any and all persons, natural or artificial, including any individual, firm, company, municipal or private corporation, association, society, institution, enterprise, governmental agency, or other entity.
- (l) "Replacement costs" shall mean the expenditures for obtaining and installing equipment, accessories or appurtenances which are necessary during the service life of the sewage works equipment to maintain the capacity and performance for which such works were designed and constructed.
- (m) "S.S." (or suspended solids) shall have the same meaning as defined in the Use Ordinance.
- (n) "Shall" is mandatory; "May" is permissive.
- (o) "Sewage" shall have the same meaning as defined in the Sewer Use Ordinance.
- (p) "User Charge" shall mean a charge levied on users of the wastewater treatment works for the cost of operation and maintenance of such works pursuant to Section 204 (b) of Public Law 92-500.
- (q) "Sewer Service Charge" shall mean the total charge levied against users of the sewer system for sewer service. The charge shall include the user charge and the debt service costs.
- (r) "User Class" shall mean the division of wastewater treatment customers by source, function, waste characteristics, and process or discharge similarities (i.e., residential, commercial, industrial, institutional, public schools, and governmental in the User Charge System.

RECORD OF ORDINANCES

Dayton Legal Blank Co.

Form No. 30043

Ordinance No.

Passed 19

Residential User (Single or Multi-Family) - shall mean a user of the treatment works whose premises or building is used primarily as a residence for one or more persons, including all dwelling units, etc.

Commercial User - shall mean any establishment involved in a commercial enterprise, business or service which, based on a determination by the Village, discharges primarily segregated domestic wastes or wastes from sanitary conveniences.

Institutional User - shall mean any establishment involved in an educational, social, charitable, and/or religious function which, based on a determination by the Village discharges primarily segregated domestic wastes or wastes from sanitary conveniences.

Governmental User - shall mean any Federal, State, or local governmental user of the wastewater treatment works.

Industrial User - shall mean any manufacturing or processing facility that discharges industrial waste to a publicly owned treatment works.

Section 2. Every person whose premises are served by said sewage works shall be charged for the services provided. These charges are established for each user class, as defined, in order that the sewage works shall recover, from each user and user class, revenue which is proportional to its use of the treatment works in terms of volume and load. User charges are levied to defray the cost of operation and maintenance (including replacement) of the treatment works. User rates shall be uniform within a user class.

- (a) User charges are subject to the rules and regulations adopted by the United States Environmental Protection Agency, published in the Federal Register May 12, 1982 (40 CFR Part 35). Replacement costs, which are recovered through the system of user charges, shall be based upon the expected service life of the sewage works equipment.
- (b) The various classes of users of the treatment works for the purposes of this Ordinance, shall be as follows:

- Class - 1. Residential
- Class - 2. Commercial
- Class - 3. Industrial
- Class - 4. Governmental/Institutional

Section 3. For the use of and the service rendered by said sewage works, rates and charges shall be collected from the owners of each and every lot, parcel of real estate or building that is connected with the Village sanitary system or otherwise discharges sanitary sewage, industrial wastes, water or other liquids, either directly or indirectly, into the sanitary sewerage system of the Village. Such rates and charges include User Charges, debt service costs, and other service charges, which rates and charges shall be payable as hereinafter provided and shall be in an amount determinable as follows:

- (a) The sewage rates and charges shall be based on the quantity of water used on or in the property or premises subject to such rates and charges, as the same is measured by the water meter there in use, except as herein otherwise provided. Water meters will be read once each month, and sewage service bills shall be rendered once each month (or period equaling a month). The rate shall be determined as follows:

RECORD OF ORDINANCES

Ordinance No. _____ Passed _____ 19____

Monthly debt service charge = total annual debt service divided by total annual flow in thousands of gallons.

The minimum monthly debt service shall be based upon 2,000 gallons of water service.

Monthly OM&R service charge = total annual OM&R cost divided by the total annual flow in thousands of gallons plus the annual administrative costs divided by twelve divided by the number of sewer users.

The initial rate established shall be as follows:

(b) Rate Surcharge Based Upon Suspended Solids

The cost for treatment of wastes by the Village is based on volume only. Since the method of treatment is a controlled discharge lagoon, no additional charges will be levied for excessive suspended solids in effluent.

(c) Rate Surcharge Based Upon BOD

The cost for treatment of wastes by the Village is based on volume only. Since the method of treatment is a controlled discharge lagoon, no additional charges will be levied for excessive BOD in effluent.

Section 4. The quantity of water discharged into the sanitary sewerage system and obtained from sources other than the utility that

RECORD OF ORDINANCES

Form No. 30043

Ordinance No. _____

Passed _____ 19____

serves the Village shall be determined by the Village in such a manner as that Village shall reasonably elect, and the sewage service shall be billed at the above appropriate rates; further, as is hereinafter provided in this section, the Village may make proper allowances in determining the sewage bill for quantities of water shown on the records to be consumed, but which are also shown to the satisfaction of the Village that such quantities do not enter the sanitary sewerage system.

- (a) In the event a lot, parcel of real estate or building discharging sanitary sewage, industrial wastes, water or other liquids into the Village's sanitary sewerage system, either directly or indirectly, is not a user of water supplied by the water utility serving the Village, and the water used thereon or therein is not measured by a water meter, or is measured by a water meter not acceptable to the Village, then the amount of water used shall be otherwise measured or determined by the Village. In order to ascertain the rate or charge provided in this ordinance, the owner or other interested party shall at his expense, install and maintain meters, weirs, volumetric measuring devices or any adequate and approved method of measurement acceptable to the Village for the determination of sewage discharge.
- (b) In the event a lot, parcel of real estate or building discharging sanitary sewage, industrial wastes, water or other liquids into the Village's sanitary sewerage system, either directly or indirectly, is a user of water supplied by the water utility serving the Village, and in addition, is a user of water from another source which is not measured by a water meter or is measured by a meter not acceptable to the Village, then the amount of water used shall be otherwise measured or determined by the Village. In order to ascertain the rates or charges, the owner or other interested parties shall, at his expense, install and maintain meters, weirs, volumetric measuring devices or any adequate and approved method of measurement acceptable to the Village for the determination of sewage discharge.
- (c) In the event two or more residential lots, parcels of real estate, or building discharging sanitary sewage, water or other liquids into the Village's sanitary sewerage system, either directly or indirectly, are users of water and the quantity of water is measured by a single water meter, then in each such case, for billing purposes, the quantity of water used shall be averaged for each user and the base charge and the flow rates and charges shall apply to each of the number of residential lots, parcels of real estate or buildings served through the single water meter.
- (d) In the event a lot, parcel of real estate or building discharges sanitary sewage, industrial waste, water or other liquids into the Village's sanitary sewerage system either directly or indirectly, and uses water in excess of 25,000 gallons per month, and it can be shown to the satisfaction of the Village that a portion of water as measured by the water meter or meters does not and cannot enter the sanitary sewage system, then the owner or other interested party shall, at his own expense, install and maintain meters, weirs, volumetric measuring devices or any adequately approved method of measurement acceptable to the Village for the determination of sewage discharge.

Section 5. The owner of any lot, parcel of real estate or building

RECORD OF ORDINANCES

Form No. 30043

Ordinance No. _____

Passed _____ 19____

connecting to the sewage works shall, prior to being permitted to make a connection, pay a connection charge in the amount of \$500.00 or the actual cost of construction, whichever is larger, for each connection. The Council now finds such a connection charge to be a reasonable and equitable pro rata cost of construction of a local or lateral sewer adequate to serve the property so connecting and the cost of providing a connection to the sewer, excavation, backfilling, pavement replacement and installation of a sewer line from the sewer to the property line.

Provided, however, no connection charge will be required of any customer connecting to a local or lateral sewer within 90 days of the date on which said sewer was available for connection.

Section 6. Such rates and charges shall be prepared, billed, and collected by the Village in the manner provided by law and ordinance.

- (a) The rates and charges for all users shall be prepared and billed monthly.
- (b) The rates and charges may be billed to the tenant or tenants occupying the properties served, unless otherwise requested in writing by the owner, but such billing shall in no way relieve the owner from the liability in the event payment is not made as herein required. The owners of properties served, which are occupied by a tenant or tenants, shall have the right to examine the collection records of the Council for the purpose of determining whether bills have been paid by such tenant or tenants, provided that such examination shall be made at the office at which said records are kept and during the hours that such office is open for business.
- (c) Each user shall be notified, on an annual basis, and in conjunction with the regular bill, of the user rate and that portion of the rate which is attributable to wastewater treatment services.
- (d) As is provided by statute, all rates and charges not paid when due are hereby declared to be delinquent and a penalty of ten per cent (10%) of the amount of the rates or charges shall thereupon attach thereto. The time at which such rates or charges shall be paid is fixed at fifteen (15) days after the date of mailing of the bill.

Section 7. Beginning with the first month after the sanitary sewers are available for connection and use to any lot, parcel of real estate or building, the full rates and charges shall become effective for such lot, parcel or real estate or building.

Section 8. In order that the rates and charges for sewage services may remain fair and equitable and be in proportion to the cost of providing services to the various users or user classes, the Council shall cause a study to be made within a reasonable period of time following the first year or operation, following the date on which this ordinance goes into effect. Such study shall include, but not be limited to, an analysis of the costs associated with the treatment of excessive strength effluent from industrial users, volume and delivery flow rate characteristics attributed to the various user or user classes, the financial position of the sewage works and the adequacy of its revenue to provide reasonable funds for the operation and maintenance, replacements, debt service requirements and capital improvements to the water treatment systems.

Thereafter, on an annual basis, within a reasonable period of time following the normal accounting period, the Council shall cause a similar study to be made for the purpose of reviewing the fairness and equity of the rates and charges for sewage services on a continuing basis. Said studies shall be conducted by officers or employees of the Village, or by

RECORD OF ORDINANCES

Form No. 30043

Ordinance No. _____

Passed _____ 19____

a firm of certified public accountants, or a firm of consulting engineers which firms shall have experience in such studies, or by such combination of officers, employees, certified public accountants, or engineers as the Council shall determine to be best under the circumstances.

Further, the results of said study shall be used as a basis for any rate adjustments necessary to maintain sufficiency of revenue and/or proportionality between classes.

Section 9. The Village shall make and enforce such by-laws and regulations as may be deemed necessary for the safe, economical and efficient management of the Village's sewerage system, pumping stations and sewage treatment works, for the construction and use of house sewers and connections to the sewerage system, and for the regulation, collection, rebating, and refunding of such rates and charges.

The Village is hereby authorized to prohibit dumping of wastes into the Village's sewage system, which, at its discretion, are deemed harmful to the operation of the sewage treatment works of said Village, or to require methods affecting pretreatment of said wastes to comply with the pretreatment standards included in the National Pollution Discharge Elimination System (NPDES) permit issued to the sewage works.

Section 10. The invalidity of any section, clause, sentence, or provision of this ordinance shall not affect the validity of any other part of this ordinance which can be given effect without such invalid part or parts.

Section 11. The rates and charges as herein set forth shall become effective on the first full billing period occurring after the adoption of this ordinance.

Section 12. That for the reasons stated in the preamble hereto, which is made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor, which ordinance was adopted by a vote of two thirds (2/3) of all the members elected to council.

Ordinance No. 92-7

Passed July 6 1992

ORDINANCE NO. _____

(Use Ordinance)

AN ORDINANCE ESTABLISHING RULES AND REGULATIONS FOR THE SEWAGE WORKS, REGULATING THE USE OF PUBLIC AND PRIVATE SEWERS AND DRAINS, THE INSTALLATION AND CONNECTION OF BUILDING SEWERS, AND THE DISCHARGE OF WATERS AND WASTES INTO THE PUBLIC SEWER SYSTEM OF THE VILLAGE OF AMANDA, OHIO (HEREINAFTER CALLED THE COUNCIL) AND PROVIDING PENALTIES FOR VIOLATIONS OF SECTIONS THEREOF.

BE IT RESOLVED BY THE BOARD OF VILLAGE COUNCIL, VILLAGE OF AMANDA, OHIO (HEREINAFTER CALLED COUNCIL):

ARTICLE I

DEFINITIONS

Unless the context specifically indicates otherwise, the meaning of the following terms, if used in the Ordinance or if used in the rules and regulations of this Ordinance shall be as follows:

101. "Biochemical Oxygen Demand" (or BOD) of sewage, sewage effluent, polluted waters or industrial wastes shall mean the quantity of dissolved oxygen in milligrams per liter required during stabilization of the decomposable organic matter by aerobic biochemical action under standard laboratory procedures for five days at 20 degrees centigrade. The laboratory determinations shall be made in accordance with procedures set forth in Standard Methods, latest edition.
102. "Building (or House) Drain" shall mean that part of the lowest horizontal piping of a building drainage system which receives the discharge from soil waste and other drainage pipes inside the walls of the buildings and conveys it to a point approximately three feet outside the foundation wall of the building.
103. "Building (or House) Sewer" shall mean the pipe which is connected to the building (or house) drain at a point approximately three feet outside the foundation wall of the building and which conveys the building's discharge from that point to the public sewer to the septic tank or other place of disposal.
104. "Chemical Oxygen Demand" (or COD) of sewage, sewage effluent, polluted waters or industrial wastes is a measure of the oxygen equivalent of that portion of the organic matter in a sample that is susceptible to oxidation by a strong chemical oxidant. The laboratory determination shall be made in accordance with procedures set forth in the latest edition of Standard Methods.
105. "Combined Sewer" shall mean a sewer intended to receive both wastewater and storm or surface water.
106. "Compatible Pollutant" shall mean biochemical oxygen demand, suspended solids, pH, and fecal coliform bacteria, plus pollutants identified in the NPDES Permit if the treatment works were designed to treat such pollutants and, in fact, does remove such pollutants to a substantial degree. The term substantial degree is not subject to precise definition, but generally contemplates removals in the order of 80 percent or greater. Minor incidental removals in the order of 10 to 30 percent are not considered substantial. Examples of the

RECORD OF ORDINANCES

Form No. 30043

Ordinance No.

Passed 19

additional pollutants which may be considered compatible include: (a) chemical oxygen demand, (b) total organic carbon, (c) phosphorus and phosphorus compounds, (d) nitrogen and nitrogen compounds, and (e) fats, oils, and greases of animal or vegetable origin (except as prohibited where these materials would interfere with the operation of the treatment works.

107. "Debt Service" shall have the same meaning as defined in the sewage rate ordinance.

108. "Council" shall mean the Village Council, Village of Amanda, Ohio, or any duly authorized official acting in its behalf.

109. "Effluent" shall mean the water, together with any wastes that may be present, flowing out of a drain, sewer, receptacle or outlet.

110. "EPA" shall mean Environmental Protection Agency.

111. "Fecal Coliform" shall mean any of a number of organisms common to the intestinal tract of humans and animals, whose presence in sanitary sewage is an indicator of pollution.

112. "Floatable Oil" shall mean oil, fat, or grease in a physical state such that will separate by gravity from wastewater by treatment in a pretreatment facility approved by the Village.

113. "Garbage" shall mean any solid wastes from the preparation, cooking, or dispensing of food and from the handling, storage, or sale of produce.

114. "Hydrogen Ion Concentration" see definition of "pH".

115. "Incompatible Pollutant" shall mean any pollutant that is not defined as a compatible pollutant, including non-biodegradable dissolved solids.

116. "Industrial Sewage" shall mean any solid, liquid, or gaseous substance or form of energy discharged, permitted to flow or escaping from an industrial, manufacturing, commercial, or business process or from the development, recovery, or processing of any natural resources carried on by any person, exclusive of sanitary sewage.

117. "Infiltration" shall mean the water entering a sewer system, including building drains and sewers, from the ground, through such means as, but not limited to, defective pipes, pipe joints, connections, or manhole walls. (Infiltration does not include and is distinguished from inflow.)

118. "Inflow" shall mean the water discharged into a sewer system including building drains and sewers, from such sources as, but not limited to: roof leaders, cellar, yard, and area drains, foundation drains, unpolluted cooling water discharges, drains from springs and swampy areas, manhole covers, cross connections from storm sewers, and combined sewers, catch basins, storm waters surface run-off, street wash waters or drainage. (Inflow does not include, and is distinguished from infiltration.)

119. "Infiltration/Inflow" shall mean the total quantity of water from both infiltration and inflow without distinguishing the source.

120. "Inspector" shall mean the person or persons duly authorized by the County to inspect and approve the installatin of building sewers and their connection to the public sewer system.

RECORD OF ORDINANCES

3

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. _____

Passed _____ 19____

121. "Major Contributing Industry" shall mean an industry that:
(1) has a flow of 50,000 gallons or more per average work day;
(2) has a flow greater than five percent of the flow carried by the district receiving the waste; (3) has in its waste a toxic pollutant in toxic amounts as defined in standards issued under Section 307 (a) of PL 92-500; or (4) is found by the permit issuance authority, in connection with the issuance of an NPDES Permit to the publicly owned treatment works receiving the waste, to have significant impact, either singly or in combination with other contributing industries, on that treatment works or upon the quality of effluent from that treatment works.

122. "NH₃-N" shall mean the same as Ammonia Nitrogen measured as Nitrogen. The laboratory determinations shall be made in accordance with procedures set forth in the latest edition of Standard Methods.

123. "Normal Domestic Sewage" shall have the same meaning as defined in the Sewage Rate Ordinance.

124. "NPDES Permit" shall mean a permit issued under the National Pollutant Discharge Elimination System for discharge of waste waters to the navigable waters of the United States pursuant to Section 402 of PL 92-500.

125. "Operation and Maintenance Cost" shall have the same meaning as defined in the Sewage Rate Ordinance.

126. "Outlet" shall mean any outlet, natural or constructed, which is the point of final discharge of sewage or of treatment plant effluent into any watercourse, pond, ditch, lake or other body of surface or ground water.

127. "Person" shall mean any and all persons, natural or artificial, including any individual, firm, company, municipal or private corporation, association, society, institutions, enterprise, governmental agency or other entity.

128. "Phosphorus (or P)" shall mean the chemical element phosphorus, total. The laboratory determinations shall be made in accordance with procedures set forth in the latest edition of Standard Methods.

129. "pH" shall mean the logarithm (to the base of 10) of the reciprocal of the hydrogen ion concentration of a solution expressed in gram-atoms per liter of solutions.

130. "Primary Sewer Main" for purposes of this Ordinance, shall mean the public sewer main which is required to transport sewage from the service lateral of the nearest prospective customer to the proposed aeration lagoon.

131. "Pretreatment" shall mean the treatment of industrial sewage from privately owned industrial sources prior to introduction into a public treatment works.

132. "Properly Shredded Garbage" shall mean the wastes from the preparation, cooking and dispensing of food that has been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than one-half (1/2) inch in dimension.

133. "Replacement" shall have the same meaning as defined in the Sewage Rate Ordinance.

RECORD OF ORDINANCES

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. _____

Passed _____ 19____

134. "Residential User" shall have the same meaning as defined in the Sewage Rate Ordinance.
135. "Sanitary Sewage" shall mean sewage discharged from the sanitary conveniences of dwellings (including apartment houses, hotels, and motels), office buildings, factories or institutions and free from storm water, surface water and industrial wastes.
136. "Secondary Sewer Main" for purposes of this Ordinance shall mean the public sewer main which is required to provide services from a prospective customary to the primary sewer main.
137. "Service Charge" shall mean the basic charge levied on all users of the public sewerage system for wastes which do not exceed in strength the concentration values above which a surcharge will be made.
138. "Sewage" shall mean the water-carried wastes from residences, business buildings, institutions, and industrial establishments singular or in any combination, together with such ground, surface and storm waters as may be present.
139. "Sewage Works" shall mean the organization and all facilities for collecting, transporting, and pumping of sewage, namely the sewerage collection system.
140. "Sewer" shall mean a pipe or conduit for carrying sewage or other waste liquids.
- 140.1 "Private Sewer" shall mean a sewer which is not owned by a public authority.
- 140.2 "Public Sewer" shall mean a primary sewer or secondary sewer in which all owners of abutting property have equal rights and which is controlled by the Sewage Works.
- 140.3 "Sanitary Sewer" shall mean a sewer which carries sewage and to which storm, surface and ground waters and unpolluted industrial waste waters are not intentionally admitted.
- 140.4 "Storm Sewer" shall mean a sewer which carries storm and surface water drainage but excludes sewage.
141. "Sewerage System or Sewage System" shall mean the network of sewers and appurtenances used for collecting, transporting, and pumping sewage.
142. "Shall" is mandatory; "May" is permissible.
143. "Slug" shall mean any discharge of water, sewage, or industrial waste which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than fifteen (15) minutes more than five (5) flows during normal operation.
144. "Standare Methods" shall mean the laboratory procedures set forth in the latest edition, at the time of analysis, of Standard Methods for the Examination of Water and Wastewater, prepared and published jointly by the American Public Health Association, the American Water Works Association and the Water Pollution Control Federation and "Guidelines Establishing Test Procedures for Analysis of Pollutants", Regulation 40 CFR Part 136, published in the Federal Register on October 16, 1975.

RECORD OF ORDINANCES

Form No. 30043

Ordinance No. _____

Passed _____ 19 _____

145. "Superintendent" shall mean the Superintendent of the Village or its otherwise duly authorized representative.
146. "Surcharge" shall mean the extra charges for sewerage service assessed customers whose sewage is of such a nature that it imposes upon the Sewage Works a burden greater than that covered by the basic service charge.
147. "Suspended Solids" shall mean solids which either float on the surface of or are in suspension in water, sewage or other liquid and which are removable by laboratory filtration. Their concentration shall be expressed in milligrams per liter. Quantitative determination shall be made in accordance with procedures set forth in Standard Methods.
148. "Total Revenue" for purposes of this ordinance shall mean that revenue obtained from monthly minimum billing for the use of and service rendered by the Sewage Works and does not include user capacity charge permit or inspection fees or other charges.
149. "Total Solids" shall mean the sum of suspended and dissolved solids.
150. "Toxic Amount" shall mean concentrations of any pollutant or combination of pollutants, which upon exposure to or assimilation into any organism will cause adverse effects such as cancer, genetic mutations, and physiological manifestations, as defined in standards issued pursuant to Section 307 (a) of PL 92-500.
151. "Unpolluted Water" is water of quality equal to or better than the effluent criteria in effect, or water that would not cause violation of receiving water quality standards and would not be benefited by discharge to the sanitary sewers and wastewater treatment facilities provided.
152. "User Charge" shall mean the same as in the sewer rate ordinance.
153. "User Capacity Charge" shall mean the connection fee when new customers are connected to the sewer system.
154. "Volatile Organic Matter" shall mean the material in the sewage solids transformed to gases or vapors when heated at 550 degrees C for 15 to 20 minutes.
155. "Watercourse" shall mean a channel in which a flow of water occurs either continuously or intermittently.

ARTICLE II

RULES AND REGULATIONS

201. It shall be unlawful for any person to place, deposit, or permit to be deposited in an unsanitary manner upon public or private property within the Village, or in any area under jurisdiction thereof, any human or animal excrement, garbage, or other objectionable waste.
202. It shall be unlawful to discharge to any natural outlet within the Village, or in any area under the jurisdiction thereof, any sanitary sewage, industrial waste or other polluted water, except where suitable treatment has been provided in accordance with subsequent provisions of this ordinance.
203. No person shall place, deposit, or permit to be deposited in any unsanitary manner on public or private property within the jurisdiction of the Village, any wastewater or other polluted

RECORD OF ORDINANCES

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. _____ Passed _____ 19____

waters except where suitable treatment has been provided in accordance with provisions of this Ordinance and NPDES Permit.

204. Except as hereinafter provided, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool, or other facilities intended or used for the disposal of sewage.
205. The owner of all houses, buildings, or properties used for human occupancy, employment, recreation, or other purposes situated within the Village and abutting any road, highway, street, alley, or right-of-way in which there is now located or may in the future be located a public sewer of the Village is hereby required, at his expense, to install suitable toilet facilities, and to connect such facilities to public sewer in accordance with the provisions of this Ordinance, within ninety (90) days after date of official notice to do so, provided that said public sewer is within three hundred (300) feet of the property line.
206. No unauthorized person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenances thereof without first obtaining a written permit from the Village. Before a permit may be issued for excavating for plumbing in any public street, way or alley, the person applying for such permit shall have executed unto the Village and deposited with the Council a corporated surety in the sum of \$1,000.00 conditioned that he will perform faithfully all work within due care and skill, and in accordance with the laws, rules, and regulations established under the authority or any regulation of the Village pertaining to plumbing. This bond shall state that the person will indemnify and save harmless the Village and the owner of the premises against all damages, costs, expenses, outlays, and claims of every nature and kind arising out of unskillfulness or negligence on his part in connection with plumbing or excavating for plumbing as prescribed in this Ordinance. Such bond shall remain in force and must be executed for a period of one year except that on such expiration, it shall remain in force as to all penalties, claims, and demand that may have accrued thereunder prior to such expiration.
207. There shall be five classes of building sewer permits: (1) single family residential, (2) multi-family residential, (3) commercial, (4) governmental/institutional, and (5) industrial. In any case, the owner or his agency shall make application on a special form furnished by the said Village. The permit applications shall be supplemented by any plan, specifications, or other information considered pertinent in the judgement of the Superintendent. A reasonable permit and inspection fee for a sewer permit shall be paid at the time the application is filed to the Village.
208. All costs and expenses incident to the installation and connection of the bulding sewer shall be borne by the owner. The owner or the person installing the building sewer for said owner shall indemnify said Village from any loss or damage that may directly or indirectly be occasioned by said installation.
209. A separate and independent building sewer shall be provided for every building; except where otherwise permitted by the Village.
210. Old building sewers may be used in connection with new buildings only when they are found on examination and test by the Superintendent to meet all requirements of this ordinance. The charge for the examination and test by the Village shall be fifty dollars (\$50.00), regardless of the result of the examination.

RECORD OF ORDINANCES

7

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. _____

Passed _____

19 _____

211. The building sewer shall be cast iron, vitrified clay, ABS, or PVC, all meeting ASTM specification, or other suitable material as governed by the Uniform Plumbing Code in effect as of the date of adoption of this Ordinance, and any provisions thereof which may be amendatory thereof or supplemental thereto from time to time hereafter, and as shall be approved by Superintendent or Council. Joints shall be tight and waterproof as required by the Uniform Plumbing Code for the pipe installed.
212. The size and slope of the building sewers shall be subject to the approval of the Superintendent, but in no event shall the diameter be less than 4 inches for a single family or duplex residential units and not less than 6 inches for all other uses. The slope of such 4 inch pipe shall be not less than 1/4 inch per foot or sufficient slope to maintain a 2 foot per second velocity in the sewer.
213. No building sewer shall be laid parallel to or within 3 feet of any bearing wall which might thereby be weakened. The depth shall be sufficient to afford protection from frost. The building sewer shall be laid at a uniform grade and in straight alignment in so far as possible. Changes in direction shall be made only with properly curved pipes and fittings.
214. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such drains shall be lifted by approved artificial means and discharged to the building sewer. No water operated sewage ejector shall be used.
215. All excavations required for the installation of a building sewer shall be open trench work unless otherwise approved by the Superintendent. Pipe laying and backfill shall be performed in accordance with ASTM specifications except that no backfill shall be placed until the work has been inspected by the Superintendent or his representative.
216. All joints and connections shall be made gas tight and water tight.
- 216.1 PVC pipe joints shall be of either moulded rubber, elastomeric gasketed, or rubber-ring type, all as defined and approved in the Uniform Plumbing Code.
- 216.2 Cast iron joints shall be either caulked, threaded, flexible compressions factory-fabricated, mechanical, elastomeric, or rubber-ring type.
- 216.3 All joints in vitrified clay pipe shall be made with ASTM C425 type joints. Joints between clay pipe and pipe of other materials shall be made with approved adapter fittings or prefabricated elastomeric sealing rings or sleeves.
- 216.4 Other jointing materials and methods may be used by approval of the Superintendent.
217. The applicant for the building sewer permit shall notify the Superintendent 24 hours in advance of when the building sewer is ready for inspection and connection to the public sewer. The connection shall be made under the supervision of the Superintendent or his representative.
218. All excavations for building sewer installation shall be adequately guarded with barricades and lights so as to the public from hazard. Streets, sidewalks, parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the Village.

RECORD OF ORDINANCES

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. _____ Passed _____ 19____

219. Where a public sanitary or combined sewer is not available under the provisions of Paragraph 205, the building sewer shall be connected to a private sewage disposal system complying with all requirements of the local Board of Health.
220. At such time as a public sewer becomes available to a property served by a sewage disposal system as provided, a direct connection from the user (source) side of the septic tank shall be made to the public sewer in compliance with this Ordinance, and any septic tanks, cesspools, and similar private sewage disposal facilities shall be properly abandoned except as otherwise provided for herein.
221. The owner shall not operate and maintain any private sewage disposal facilities in the Village where public sewers are available.
222. No statement contained in this article shall be construed to interfere with any additional requirements that may be imposed by the State of Ohio or the Fairfield County Board of Health.
223. No person shall discharge or cause to be discharged any storm water, surface water, ground water, roof runoff or subsurface drainage to any sanitary sewer.
224. Storm water and all other unpolluted waters shall be discharged to such sewers as are specifically designated at storm sewers, or to natural outlet approved by proper authorities.
225. No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers.
- 225.1 Any gasoline, benzene, maptha, fuel oil, or other flammable or explosive liquid, solid, or gas.
- 225.2 Any waters or wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantities, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant.
- 225.3 Any waters or wastes having corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works.
- 225.4 Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails, and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders.
226. No person shall discharge or cause to be discharged the following described substances, materials, waters, or wastes except if it appears likely, in the opinion of the superintendent that such wastes will not harm either the sewers, sewage treatment process or equipment, not have an adverse effect on the receiving stream nor can otherwise endanger life, limb, public property nor constitute a nuisance. In forming his opinion as to the acceptability of these wastes, the Superintendent will give consideration to such factors as the quantities of subject wastes in relation to flows and velocities

in the sewers, materials of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant and other pertinent factors. Included but not limited to, the substances not acceptable are as follows:

- 226.1 Any liquid or vapor having a temperature higher than 150 degrees F., 65 degrees C.
- 226.2 Any water or waste containing fats, wax, grease, or oils, whether emulsified or not, in excess of 100 mg/1 of which not more than 25 mg/1 is soluble oils, or containing substances which may solidify or become so highly viscous as to retard flow in the sewer system at temperatures between 32 degrees and 150 degrees F. (0 and 65 degrees C.)
- 226.3 Any garbage that has not been properly shredded. The installation and operation of any garbage grinder (other than in a residence) may be subject to the review and approval of the Superintendent.
- 226.4 Any waters or wastes containing strong acid iron pickling wastes, or concentrated plating solutions whether neutralized or not.
- 226.5 Any waters or wastes exceeding the following maximum allowable limits: 4.0 mg/1 of zinc, 2.0 mg/1 of total Chromium, 0.2 mg/1 Cadmium, 1.0 mg/1 of Copper, 1.0 mg/1 of Cyanide, 1.0 mg/1 of Nickel, 2.0 mg/1 of Phenol, 50.0 mg/1 of Iron, 500.0 mg/1 of Fluoride, and similar objectionable or toxic substances; or wastes exerting an excessive chlorine requirement, to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the Superintendent for such materials.
- 226.6 Any waters or wastes containing phenols or other taste or odor-producing substances after treatment of the composite sewage, in such concentrations exceeding limits which may be established by the Superintendent as necessary to meet the requirements of the State, Federal, or other public agencies of jurisdiction for such discharge to the respective waters.
- 226.7 Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Superintendent in compliance with applicable State or Federal regulations.
- 226.8 Any waters or wastes having a pH of less than 6 or in excess of 9.
- 226.9 Materials which exert of cause:
 - 226.9(1) Unusual concentration of inert, suspended solids such as but not limited to, Fullers earth, lime slurries, and lime residues or of dissolved solids (such as but not limited to sodium chloride and sodium sulfate).
 - 226.9(2) Excessive discoloration (such as but not limited to dye wastes and vegetable tanning solutions).
 - 226.9(3) Unusual BOD, chemical oxygen demand or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment plant.

RECORD OF ORDINANCES

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. _____

Passed _____ 19__

226.9(4) Unusual volume of flow or concentration of wastes constituting "slugs" as defined herein.

226.10 Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

227. If any waters or wastes are discharged or are proposed to be discharged to the public sewers which waters contain the substance or possess the characteristics enumerated in paragraph 226 hereinabove, and which in the judgment of the Superintendent may have a deleterious effect upon the sewage works, processes, equipment or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Superintendent shall:

227.1 Require new industries or industries with significant increase in discharges to submit information on waste-water characteristics and obtain prior approval for discharges.

227.2 Require other methods of disposal; and/or

227.3 Require pretreatment to an acceptable condition for discharge; and/or

227.4 Require control over the quantities and rates of discharge; and/or

227.5 Require facilities to prevent accidental discharge of any unacceptable wastes, and

227.6 Require payment to cover the added cost of handling and treating the wastes not covered by sewer charges under the provisions of Ordinance No. _____ of the Council and all Ordinances amendatory thereof and supplemental thereto, and any fines, penalties or damages assessed against the Village for discharge of such wastes.

228. If the Superintendent permits the pretreatment or equalization of water flows, the design and installation of the plans and equipment shall be subject to the review and approval of the Superintendent and subject to the requirements of all applicable Ordinances and laws.

229. Any industrial wastes discharged into the public sewers shall be subject to periodic inspection and determination of volume, character, and concentration. The examination shall be made as often as the Superintendent deems it necessary and may include the use of suitable continuously monitoring instruments in appropriate cases. Samples shall be collected either manually or by approved mechanical devices and in such a manner as to be representative of the overall composition of the wastes. Every care shall be exercised in collecting the samples to insure their preservation, until analyzed, in a state comparable to that at the time the samples were collected.

230. The installation, operation and maintenance of the flow measuring and sampling facilities shall be the responsibility of the person discharging the wastes and shall be subject to the approval of the Superintendent. When required by the Superintendent, the owner of any property served by a building sewer carrying industrial wastes shall install a suitable

control manhole in the building sewer to facilitate observation sampling and measurement of the wastes. Such manhole, when required, shall be constructed in accordance with plans approved by the Superintendent. The manhole shall be installed by the owner at his expense and shall be maintained by him so as to be safe and accessible at all times.

231. The Superintendent, Inspector, and other duly authorized employees of the Village, County, State water pollution control employees and U.S. Environmental Protection Agency employees bearing credentials and identification shall be permitted to enter all properties for the purposes of inspection, observations, measurement, sampling, and testing in accordance with the provisions of the Ordinance. The Superintendent or his representatives, the State water pollution control employees and U.S. EPA employees shall have no authority to inquire into any processes including metallurgical, chemical, oil, refining, ceramic, paper, or other industries beyond that point having a direct bearing on the kind and source of discharge to the sewers or waterways or facilities for waste treatment.
232. While performing the necessary work on private properties referred to in Paragraph 231 above, the Superintendent or duly authorized employees of the Village shall observe all safety rules applicable to the premises established by the company and the company shall be held harmless for injury or death to the Village employees and the district shall indemnify the company against loss or damage to its property by Village employees and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the gaging and sampling operation, except as such may be caused by negligence or failure of the company to maintain safe conditions as required in Paragraph 231 above.
233. The Superintendent and other duly authorized employees of the Village bearing proper credentials and identification shall be permitted to enter all private properties through which the Village holds a duly negotiated easement for the purpose of, but not limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the sewage works lying within said easement. All entry and subsequent work if any, on said easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.
234. Fats, grease, oil and sand interceptors shall be provided when, in the opinion of the Superintendent, they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand and other harmful ingredients. All interceptors shall be of a type and capacity approved by the Superintendent, and shall be located as to be readily and easily accessible for cleaning and inspection. Provided, however, that approval of any such interceptors by the Superintendent shall not relieve any person of the responsibility of complying with the discharge requirements of this Ordinance.
235. Fats, grease, oil and sand interceptors shall be constructed of impervious materials capable of withstanding abrupt and extreme changes in temperature. They shall be of substantial construction, watertight, and equipped with easily removable covers which, when bolted in place, shall be gastight and watertight.
236. Where installed, all fats, grease, oil and sand interceptors shall be maintained by the owner, at his expense, in continuously efficient operation at all times.

19 _____

237. The admission into the public sewers of any waters or wastes having (a) a 5-day BOD greater than 250 mg/1 by weight or (b) containing more than 300 mg/1 by weight of suspended solids, or (c) containing any quantity of substances having the characteristics described in Paragraph 226, or (d) having an average daily flow greater than 5% of the average daily sewage flow of the Village, or (e) having NH₃-N (Ammonia Nitrogen) greater than 20 mg/1 by weight, shall be subject to the review and approval of the Superintendent. Where necessary in the opinion of the Superintendent, the owner shall provide at his expense such preliminary treatment as may be necessary to (a) reduce BOD to 250 mg/1, the suspended solids to 300 mg/1 by weight, and the ammonia nitrogen to 20 mg/1, or (b) reduce the objectionable characteristics or constituents to within the maximum limits provided in Paragraph 226, or (c) control the quantities and rates of discharge of such waters or wastes, or (d) be subject to surcharge.
238. Where preliminary treatment facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.
239. All measurements, tests, and analyses of the characteristics of waters and wastes to which references are made herein, shall be determined in accordance with Standard Methods and 40 CFR 136.
240. No statement contained in this article shall be construed as preventing any special agreement or arrangement between the Village and any industrial concern whereby an industrial waste of unusual strength of character may be accepted by the Village for treatment, subject to payment therefor by the industrial concern; provided, however, that the payment shall not be less than the pollutant surcharges provided for in Ordinance No. _____ of the Council and Ordinances amendatory thereof and supplemental thereto.
241. No unauthorized person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure, appurtenance, or equipment which is a part of the Sewage Works. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct.
242. Pretreatment of industrial wastes from major contributing industries prior to discharge to the treatment works is required and is subject to the Rules and Regulations adopted by the U.S. Environmental Protection Agency and published in the Federal Register (40 CFR Part 403) (Pretreatment Standards) (Pursuant to 307(b) of the Clean Water Act (CWA)), in addition to any more stringent requirements established by the Village and any subsequent State or Federal Guidelines and Rules and Regulations.
243. Plans, specifications, and any other pertinent information relating to pretreatment or control facilities shall be submitted for approval of the Village and the Ohio State Board of Health and no construction of such facilities shall be commenced until approval, in writing, is granted. Where such facilities are provided, they shall be subject to periodic inspections by the Village to determine that such facilities are being operated in conformance with applicable Federal, State and Local laws and permits. The owner shall maintain operating records and shall submit to the Village a monthly summary report of the character of the influent and effluent to show the performance of the treatment facilities and for comparison against Village monitoring records.

Ordinance No. _____

Passed _____ 19____

244. Unpolluted water from air conditioners, cooling, condensing systems or swimming pools, shall be discharged to a storm sewer where it is available, discharge may be to a natural outlet approved by the Village and by the State of Ohio. Where a storm sewer or natural sewer is not available, such unpolluted water may be discharged to a sanitary sewer by obtaining a written approval from the Village.
245. Industrial cooling water, which may be polluted with insoluble oils or grease or suspended solids, shall be pretreated for removal of pollutants and the resultant clear water shall be discharged in accordance with the above paragraph.
246. The Village may require users of the sewage works, other than residential users, to supply pertinent information on wastewater flows characteristics. Such measurements, test and analysis shall be made at the users' expense. If made by the district, an appropriate charge may be assessed to the user at the option of the Village.
247. The strength of wastewaters shall be determined, for periodic establishment of charges provided for in the Rate Ordinance, from samples taken at the aforementioned structure at any period of time and of such duration and in such manner as the Village may elect, or at any place mutually agreed upon between the user and the Village. Appropriate charges for sampling and analysis may be assessed to the user at the option of the Village. The results of routine sampling and analysis by the user may also be used for determination of charges after verification by the Village.
248. Users of the sewage works shall immediately notify the Village, or its representative, of any unusual flows or wastes that are discharged, accidentally or otherwise, to the sewer system.
249. All provisions of this Ordinance and limits set herein shall comply with any applicable State and or Federal requirements now or projected to be in effect.
250. No person shall discharge or cause to be discharged into the sewer any toxic substance as set forth in Section 307(a) (Toxic Pollutants) of the Clean Water Act.
251. Violation of any provision of the Ordinance.
 - 251.1(a) Any person found violating any provision of this Ordinance shall be served by the Village with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease all violations.
 - 251.1(b) Any person who shall continue any violation beyond time limit provided for shall be guilty of a misdemeanor and on conviction thereof shall be fined in an amount not exceeding Five Hundred Dollars (\$500.00) for each violation. Each day in which any such violation shall continue shall be deemed a separate offense.
 - 251.2 The Village will enforce by mandamus, injunction, or other legal remedy these rules and regulations, and will remove any harmful or improper construction or obstruction or will close any opening or connection made improperly or in violation of these rules and regulations, under authority provided in the Code.

- 251.3 Any person violating any of the provisions of this Ordinance shall become liable to the Village for any expense, loss, or damage occasioned the Village or downstream users by reason of such violation.
- 251.4 The Village shall have full power to invoke any authorized legal, equitable or special remedy for the enforcement of this Ordinance.
252. The Village shall reserve the right to reject any wastes, in whole or in part, for any reason if determined to be detrimental to, or incompatible with, the collection and/or treatment system or process.
253. The Village shall reserve the right to accept wastes for a surcharge, if such wastes are in excess of Normal Domestic Waste levels, to cover the added costs of treating such waste.
254. Any person so notified to be in violation of this Ordinance shall have the right to appeal, first to the Superintendent, then to the Council, to allow a hearing and resolving of alleged violations.

ARTICLE III

BILLING AND COLLECTION OF CHARGES AND RATES

301. Bills and notices relating to the conduct of the business of the Village will be mailed to the customer at the address listed on the application unless a change of address has been filed in writing at the business office of the Village, and the Council shall not otherwise be responsible for delivery of any bill or notice, nor will the customer be excused from non-payment of a bill or from any performance required in said notice.
302. Bills for sewer service are due and payable at the business office of the Village or to any designated agent, on their date of issue. The past due date shall be the 20th day of the month after the period of service. Bills will be dated and mailed each month.
- All bills not paid on or before the past due date shall be termed delinquent, and the Village shall serve on the customer a written final notice of said delinquency. If a delinquent bill is not paid within 30 days after date due, the sewer service to the user will be subject to discontinuance or other measures as state law will allow.
303. Where the sewer service supplied to a customer has been discontinued for non-payment of delinquent bill, the Village reserves the right to request a nominal sum be place on deposit with the Village for the purpose of establishing or maintaining any customer's credit. The reconnection will not be made until after all delinquent bills and other charges, if any, owed by the customer to the Village have been paid.
304. The Village shall make all reasonable efforts to eliminate interruption of service and when such interruption occurs, will endeavor to re-establish service with the shortest possible delay. Whenever the service is interrupted for purpose of working on the collection system or the treatment equipment, all customers affected by such interruption will be notified in advance whenever it is possible to do so.
305. Any violation of the rules and regulations after written notice to cease and desist shall result in legal action being taken.

The offender shall within the period of time stated in such notice, permanently cease all violations.
307. The Village will enforce by mandamus, injunction or other legal remedy, these rules and regulations, and will remove any harmful or improper construction or obstruction or will close any opening or connection made improperly or in violation of these rules or regulations, under authority provided by the Ohio Code.
308. Any person violating any of the provisions of this ordinance shall become liable to the Village for any expense, loss, or damage occasioned the Village by reason of such violation.
309. The Village may refuse the services of any of its projects if any of such rentals or other charges, including penalties for late payment are not paid by the user thereof and, if such rentals or other charges are not paid when due and upon certification of nonpayment to the county auditor, such rentals or other charges constitute a lien upon the property so served, shall be placed by him upon the real property tax list and duplicate, and shall be collected in the same manner as other taxes.

ARTICLE IV

SEWER EXTENSIONS

401. Primary Main Extensions may be made by the Village under the following conditions:
 - 401.1 The Village, upon written request for service by a prospective customer, a group of prospective customers or developer may take, free of charge, sewer primary main extensions necessary to provide the requested service when the total capital portion of the revenue estimated to be received by the Village for sewage service resulting directly from such primary main extension for a period of four (4) year is equal to or greater than the cost of furnishing and installing such sewer primary main extension.
 - 401.2 If the Village receives a written request for service by a prospective customer, a group of prospective customers, or a developer, and the cost of the primary main extensions necessary to provide service from the area is greater than the total capital portion of the revenue estimated to be received by the Village for the sewer service resulting directly from such primary main extension for a period of four (4) years, then:
 - 401.2(1) The Village may make the extension if the difference between cost and the capital portion of the estimated total revenue as defined in Paragraph 148 hereinabove is paid as a deposit to the Village prior to the signing of a construction contract. Subsequent user capacity charge received by the Village within ten (10) years from the date of construction contract or date of check for total amount, whichever comes first, shall be refunded to the depositors no later than (30) days after the end of the calendar year in which said capacity charges are received, except that in no event shall the total amount refunded by the Village exceed 100% of the original amount.

RECORD OF ORDINANCES

Form No. 30043

Ordinance No.

Passed 19

401.2(2) The Village may make the extension provided that the prospects in the judgment of the Village are that the partonage or demand for sewage service will be immediately sufficient or result in clear benefit to the community and will be of such permanency as to warrant the capital expenditure involved.

402. Secondary Main Extensions may be made by the Village under the following conditions:

402.1 The Village, upon written request for service by a prospective customer or group of prospective customers, may make sewer secondary main extensions necessary to provide service provided that:

402.1(1) The primary main required to support the secondary main is either in existence or under construction in accordance with provisions of Paragraph 401 hereinabove.

402.1(2) Any required user capacity charge is paid.

402.2 The Village, upon written request for service by a developer, may make sewer secondary main extensions necessary to provide service provided that the developer pay the Village prior to commencement of construction, as a deposit, the cost of said extensions. Such deposit shall be refunded to said developer, without interest, in the manner provided in the next subparagraph.

402.3 Refund of Customer's User Capacity Charge to Owner or Developer. The capacity charge required to be paid to the Village by each applicator requesting connection to said secondary main in said land development area, as defined in Paragraph 153 of this ordinance shall be refunded to the owner or developer who shall have paid as a deposit the cost of making said sewer secondary main extensions, except that in no event shall the total amount refunded by the Village exceed 100% of the total deposit, such refund to be made by the Village no later than 30 days after the end of the calendar year in which such capacity charges are received. Such payment shall be considered as a part of the refund to be made by the Village no later than 30 days after the end of the calendar year in which such capacity charges are received. Such payment shall be considered as a part of the refund of the deposit therefore made by the owner or developer of the cost of said secondary main extensions. All rights to such refunds shall terminate 10 years after such deposit shall have been made.

403. Donated Main extensions. The Village may accept the offer of any prospective customer, group of prospective customers, or deveoper to construct at his or their sole cost and expense and to donate to the Village any primary main extensions or secondary main extensions upon the following conditions and in the following numerical order:

403.1 That detailed plans and specifications for said construction project be submitted to the Village for approval and to all other necessary regulatory agencies for approval. Written proof of approval of all necessary regulatory agencies must be given to the Village and approval of the Village obtained prior to commencement of construction.

RECORD OF ORDINANCES

17

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. _____

Passed _____ 19__

403.2 That the Village be notified in writing, prior to commencement of construction and that said Village be afforded the opportunity at all times to inspect the project during construction.

403.3 That upon completion of construction of such project, a certificate be filed with the Village by an Ohio registered engineer certifying that said project shall have been constructed in accordance with the plans and specifications theretofore filed with said Village.

403.4 That a written tender of donation of said primary main extensions or secondary main extensions be presented to the Village, together with a Performance Bond of the contractor in such amount and with such sureties acceptable to the Village indemnifying and protecting the Village against imperfections in material, equipment, and workmanship which may become apparent during the period of one year subsequent to the date of presentation of such tender and acceptance by the Village, and further providing that the donor shall, at his or its expense, remove and replace in whole or in part any such work, material, and equipment which may prove defective or unsuitable for the service performed or to be performed and/or which may show unreasonable deterioration within said period upon the written demand and to the full satisfaction of the Village.

404. Retail sewage service shall not be provided to any customer outside the boundary limits of the Village.

405. Basis of Extension Cost. Such cost computation as referred to in Paragraphs 401 and 402 of this Article IV shall be based upon a main, the size of which will be at the discretion of the Village, to service the proposed customer or customers. If, for the Village's future extension plans, a larger main than is necessary for the service required for the main extension involved is proposed to be installed, the difference in the cost between the larger pipe size installed and the pipe size required to provide the service, if any, may be borne by the Village. In case a prospective customer or group of prospective customers or developer shall offer to construct at his or their sole cost and expense and to donate to the Village any primary main extensions or secondary main extensions necessary to serve the proposed customer or customers as described in paragraph 403 herein, but for the Village's extension plans, the Village shall require a larger main than is necessary for the service required for the main extension involved, the Village may enter into a purchase agreement with the proposed donor or donors to purchase the oversized main, provided that the purchase price shall not be paid in whole, or in part until said construction shall have been fully completed and accepted by the Village under the same terms and conditions described in Paragraph 403 above, as if said sewer main were a fully donated sewer.

The purchase price shall not exceed the difference in cost between the larger pipe size installed and the pipe size required to provide the service. Any costs to the Village referred to in this paragraph may be determined from actual bids received by the Village or may be computed by applying the actual average costs (not reflecting unusual costs incident to special construction) experienced by the Village during the preceding 12 month period plus or minus any amount necessary to adjust for known cost increases or decreases, respectively.

406. Required Connection with Sewage System

RECORD OF ORDINANCES

18

Dayton Legal Blank Co.

Form No. 30043

Ordinance No. _____

Passed _____

19

406.1 Connection with Sewage System. The Village shall take all actions or proceedings necessary and proper to require connection to the Village's sewage system of all property within the limits of the Village which construction is started after the effective date of this Ordinance, where sewage is discharged for any and all purposes except as provided in Paragraph 406.2 of the paragraph 406.

(a) All persons making a connection to the sanitary sewerage collecting system or altering or changing the use of the land served where there is an existing connection as contemplated hereinafter, shall pay to the Village the following fees:

- (1) For single dwelling units for which a sewer permit is needed, the charge shall be twenty-five dollars (\$25.00).
- (2) For multiple family dwelling structures for which a sewer permit is needed, the charge shall be fifty dollars (\$50.00) for the first unit, and ten dollars (\$10.00) for every unit thereafter.
- (3) For any structure intended partially or wholly for commercial purposes, for which a sewer permit is needed, the charge shall be fifty dollars (\$50.00) for the first commercial unit proposed for the structure plus fifty dollars (\$50.00) per unit for each additional unit proposed. Dwelling units in commercial structures (such as apartments over a store) shall be charged as in paragraph (2) hereof. Commercial is defined as an establishment whose principal activity is to provide merchandise or services to those who need them. A commercial unit shall consist of a structure or part thereof having 15,000 square feet or less.
- (4) For any structure intended partially or wholly for industrial purposes for which a sewer permit is needed, the charge shall be fifty dollars (\$50.00) for each industrial unit proposed for the structure. Commercial units in industrial structures will be charged as in subparagraph (3) hereof. Industry is defined as an activity where materials are received, are altered by one or more internal operations and then dispatched in the altered form. An industrial unit shall consist of a structure or part thereof having 40,000 square feet or less.
- (5) All Municipal, County, State and Federal activities shall be classed as commercial providing services.
- (6) All churches, schools, hospitals, nursing, and rest homes and other service organizations, shall be classed as commercial for the purpose of assessing tap fees.
- (7) Regardless of the fees hereinbefore mentioned, it is provided that a charge of one hundred dollars (\$100.00) shall be made for a permit to tap into a trunk or interceptor sewer. All fees hereinbefore mentioned are for main lines.
- (b) In all cases, the owner or his agent shall make application on a special permit form furnished by the Village. The permit application shall be supplemented by any plans, specifications, or other information considered pertinent in the judgment of the Superintendent. The Superintendent shall

RECORD OF ORDINANCES

Ordinance No. _____

Passed _____ 19 _____

administer the collection of this fee, and he is hereby granted authority as may be necessary to collect the same, including the right to withhold issuance of a permit until plans are approved and until such fee is paid.

406.2 Exception to Required Connection. In the event the Village deems it inadvisable to extend sewer mains to the real estate upon which such construction is started as described above, because of the cost of such extension in relation to the revenue anticipated to be received from customers to be served thereby, the provisions of this Paragraph 406 will not apply. However, it shall be the intent of this Ordinance, insofar as possible, to cause all such property to be connected with the Village's system.

406.3 Additionally, however, in the event such additional wastes will cause an overloaded condition to the treatment system whereby the treatment system shall not be able to properly treat the wastes of the Village, then said additional wastes shall not be allowed to enter the system until such time that provision for their proper treatment has been made.

ARTICLE V

SEVERABILITY AND REPEALING CONFLICTING ORDINANCES

501. Paragraphs and Subparagraphs. The paragraphs and subparagraphs of the Ordinance shall be deemed to be separate and several, and if any part thereof shall be declared to be invalid, the same shall not affect any other portion.

502. Repeal of Conflicting Ordinances. All other resolutions or parts of resolutions and/or ordinances in conflict herewith are hereby repealed.

ARTICLE VI

EFFECTIVE DATE

601. Effective Date. This Ordinance shall be in full force and effect from and after its passage, approval, and publication according to the Laws of the State of Ohio.

Passed and adopted by the Village Council, Village of Amanda, Ohio, on this 6th day of July, 1992.
