

**What parents are saying:**

**"I recommend Lockhart's to everyone I meet!"**  
 Master Lockhart is such a fabulous mentor to both my boys. He stresses discipline and respect in a fun and encouraging environment. He is consistent, kind and makes my kids laugh. I started both kids when they were 3 yrs old and this has been the best experience for so many different reasons. They have learned so much! If you send your kids to Lockhart Karate, you will not be disappointed!

**"I can't say enough great things about Master Lockhart."**  
 He is very committed to teaching not only karate, but values, discipline and respect. He knows each child individually, builds on their strengths and gives them tools to improve their weaknesses. I wish every teacher/instructor had his talent to demand discipline is such a positive and caring way. My kids LOVE going to karate!

**"It has been a great experience for both us and our kids."**  
 We have been attending Lockhart academy for the past 6 weeks. We visited many places before deciding upon Lockhart and the main difference was/is that Master Lockhart is in control of the classes, his studio and provides a safe experience for the kids where the parents can see what is going on at all times. I highly recommend Master Lockhart
