II. Legislative Affairs: As the COVID-19 pandemic wound down, the chapter continued its ongoing efforts to remain in touch with its elected representatives at both state and federal levels and to keep its membership informed of issues of significance to them so that they could actively and knowledgeably discuss those issues with Congressman, Delegates and Virginia and United States Senators. During the period, chapter members contacted our Governor and state legislators in support of tax exemption for military retired pay.

III. Public Affairs: We have been notified that CAPT (USN-Ret.) Erin Stone from MOAA will attend our August lunch, and that LtGen Atkins, President and CEO of MOAA, will participate in our September golf tournament.

IV. Chapter Vitality and Levels of Excellence:

- (a) Levels of Excellence: We are preparing our submission for 2021 with a deadline of 1 May to MOAA.
- (b) Self-Evaluation: we currently rate ourselves 64 (Outstanding). Areas of emphasis continue to be the Transition Assistance Program as well as membership within the very small active duty component in the ROTC departments of VMI. We continue to have challenges in our recruitment initiatives among the ROTC staff.

V. Most Significant Chapter Events of the Quarter: The program for our February dinner was given by Dr. Paul Levensgood, President and CEO of the George C. Marshall Foundation. It was well-received. Our BOD continued to meet monthly with a combination of in-person and Zoom attendance. Board member CAPT (USN-Ret.) Vernon C. “Chip” Honsinger received the Daughters of the American Revolution state veteran volunteer of the year award on 25 March in Richmond.
