Agenda

APPROVAL OF MINUTES

Discussion: A motion to accept minutes by Paul, Second By Seifert, all in favor

PEOPLE BEFORE COUNCIL

Discussion: Nothing at this time

RALPH MARTIN VILLAGE ADMINISTRATOR

Discussion: The pick-up's insurance check came minus the deductible of 250, so if we are to go with bids to get it fixed we would have that check plus 250. We are still checking to see if someone in town can do it cheaper. If we have to go with other bids and have to add the 250 Moore made the motion to accept and Seifert second it all in favor

Electric at new Building can wait; check around for cheaper material prices and instillation prices. Check with Fraziers. Singleton bid is 4,500

COMMITTEES

**PARK-BEAUTIFICATION-
BIGHAM, FORD, STEBLETON**

Discussion: Barriers at park are too expensive we will have to wait on them. Flowers and mulch at memorial need set aside \$200.00 at Kellers. Stebleton wants to set up a small park with picnic tables in town. Council said she could do it at village lot but not on the side where the future water tower is going. She will have to get grant money to do it. Midwest is donating employees to take old water plant fence and put it up around park. Howard suggested needing a light at 22 at both entrances and also she has someone that will donate material and time to enhance signs at 22 entrances. Council told her that she would have to contact the state for approval

M.E. pay voucher—12,920.20 Moore made a motion to pay, Stebleton second it all in favor. Rock River completion, they have final walk though on Wednesday, Moore, Stebleton, all in favor. Kirk pay vouchers—Moore, Stebleton, all in favor

ZONES FOR VILLAGE

Discussion: Council wants residents opinion, Ayers is to write letter and ask for responses

FIRE LOSS ORDINANCE

Discussion: 2nd reading of fire loss—that regulates homeowner's insurance company to set aside money for demolishing remains of house. A motion to suspend rules and wave 3 reading requirement by Seifert, second by Howard, all in favor. A motion by Seifert to pass ordinance, second by Stebleton, all in favor

ORDINANCE AMEND PROP.MAIN.

Discussion: 1st reading of ordinance to amend property maintenance

NEW BUSINESS**PAY BILLS**

Discussion: a motion was made to pay bills by Stebleton, second by Paul, all in favor

CURBS, SIDEWALKS, TREES

Discussion: We received a call from another city about the shade trees. The village has always maintained the trees between the street and sidewalk. According to the Ohio Revised Code the curb, sidewalks, gutters, and trees are the homeowners. This means it is the homeowner's responsibility to maintain those items. If the village has to maintain it the cost will be billed to the homeowner. The village has decided to look further into the subject.

ADJOURN

Discussion: PAUL MADE A MOTION TO ADJOURN, STEBLETON SECOND IT, AND ALL IN FAVOR.

Moore, Ford

Paul absent

Agenda

APPROVAL OF MINUTES

Discussion: A motion to approve minutes Seifert, Stebelton, all in favor

PEOPLE BEFORE COUNCIL

Discussion: Rev. Hilderbrant he has made a change to how he would like the sewer lines. He is requesting that he puts in a lift station at church and pumps the sewer materials to us (private line) . Martin is to check with Alan and Epa for approval before getting the okay through council. Martin had one suggestion of a 6" line instead of a 2".

Griffith wanted to know if the sidewalks and curb getting fixed on Church street was in front of her house because she didn't want new ones. No we are only fixing the ones affected by sinking storm sewers.

**RALPH MARTIN VILLAGE
ADMINISTRATOR**

Discussion: the storm sewer at Johns Street upgrade not worth the cost—motion by Seifert to not upgrade, Howard second it all in favor

Johns St. Bid opening Wednesday at county commissioner's office. Sept 9-15 the contractors can not do any work because of festival. Martin will contact Midwest on closing of street

CDBG School Street Project was approved for 2008. Blue prints will be ready on time

Bid for electric on new water building (3,500 Singleton, 4,350 Frazier, 3,210 Wharton) Recommendation to accept Singleton by Howard, second by Seifert, all in favor

Bid on van-- \$100.00 From Jim White, all in favor of bid

Ed Grubb wants to be paid in advance, council refuses to pay in advance. He also wants a set day for payment (because of meetings that get postponed) council will approve 1st of the month. Ford, Stebelton, all in favor

The creek that runs under Main St. and the old railroad bed is collapsing the culvert on the south side. Tom Gobel excavating can stabilize it by mortaring collapsed section and concreting around area. This is an emergency situation if not fixed immediately it could collapse in under railway and road. They estimate it should only take no more than \$6,200 . Council approves

COMMITTEES

**PARK-BEAUTIFICATION-
BIGHAM, FORD, STEBLETON**

Discussion: proposed park in town—water splash pond, possible fencing, there is grants that you can apply for. Need someone to mark off future tower and salt barn so she would know how much space that is still available.

Trash cans at bank and library needs clean out more often

Railroad ties at park—Ralph is checking into the ties

There is a 25,000 grant from ODOT to enhance entrances into the village. Clearcreek excavating will donate time and equipment. Check on lighting to see if it is included in landscaping. If not we need to get a permit to put them out there.

Lot needs smoothed out and grass seed needs planted

**BUDGET COMMITTEE-MOORE,
EDLER, SIFERT, AYERS**

Discussion: Budget meeting on July 12, 2007 6:30 P.M.

Special meeting over budget on July 16 2007 6:30 P.M.

ORDINANCE AMEND PROP.MAIN.

Discussion: 2nd reading Ford and Stebelton Approve 2nd reading. Other revision need to be made. Need Changed to state if a committee member can not perform secretarial duties associated with Property Main. the village Fiscal Officer can perform those duties.

CURBS, SIDEWALKS,TREES

Discussion: Ohio Revised Code state the curbs, sidewalks and trees(that are in between) belong to homeowner (if home owner doesn't maintain them we can come in and trim but access there taxes for cost). The village's laws represent curbs and sidewalks, it states they are the homeowners but does not address the trees. Need more information, we need to do a pro's and con list

NEW BUSINESS

Discussion: Moore wants cost on resurfacing Main St. He has asked that Ralph get our Engineer to give them an estimate. Seifert second that, all in favor

Salt barn should start around the end of the month

Generators for lift station—Martin will check into cost

Howard to have Farmers Market at Ice Cream Social this year. All booth proceeds will come the village. Possible thing to benefit will be (Christmas lighting, Parks, or just a donation to the village)

Possibility of raise for council—Moore is to check into what other councils make. There has not been a raise for council in at least 10 years

4 wheeler in town – council is to get list of all persons riding 4 wheelers on public streets, bring it to the next meeting and then Ayers will type up a letter with the violators addresses to be sent to the Fairfield County Sheriff

Howard, Ford,

Paul absent at work

Agenda

APPROVAL OF MINUTES

Discussion: Ford made a motion to accept minutes, Stebleton second, all in favor

PEOPLE BEFORE COUNCIL

Discussion:

Keith Doll—Main St. the village done it back in the mid 90's and with that Doll feels we could not get funding based on points because the street isn't old enough. Moore said it was a dream, but thank for drawing it up so we could get an idea

Judy Shupe- She brought in contacts to get grants and or recycle equipment for small proposed park in town. She also suggests looking for donations. When you fill out applications make sure you have a plan of what work needs to be done, if you have any volunteers to do any labor, did you receive any donations of any kind.

Don Bethel—The School is having issues with the trash service, for which the trash service has been dealing with their issues but they are still not satisfied. (size of containers, milk leakage) he is requesting a copy of the franchise agreement, to see if maybe the school can get out of the agreement that the village has with the trash service. They are to get JB, Bethel, Martin, Grubb, Howard and the Mayor for a meeting to figure out how to deal with the issues. Bruce suggested the school recycle the boxes so there isn't as much going into the dumpsters. The trash service does have that capability. Don said the school does not have the time to implement a recycling program at this time

Ronnie Riffle, Scott Cox, Tim Templeton, Dave Blackburn (Amanda Baseball Assoc)---The council had asked them to stop all improvements until they came to council. The council didn't want them to do any work on the t-ball diamond until after the lagoon was pushed in. We didn't want them to do all the work for nothing. They feel the backstop is far enough away that it shouldn't be affected by pushing in the lagoon and leveling out the ground. Motion was made by Ford to go ahead and let them install the backstop, second by Seifert all in favor

The baseball league has had bleachers donated but would like the village to supply the new boards that is needed for repairs. Council asked them to find out what size and how many they need so they can appropriate that amount. They could also try and get the recycled plastic board that the community action program has grants for.

They have also requested that the village supply 25 ton of plume sand the council requested they get pricing and maybe we can get someone to donate their truck and time to go pick it up and deliver it to the park to save on cost.

They want Jay to get them the fencing he has so they can finish putting up the fence. Moore is to call Hunter

Council is requesting 2 to 4 meetings a year for baseball, football, cheerleading, Jay Hunter, and park committee to get together so the village knows what is going on at park. All improvements that are made to the park has to be brought before the entire council for approval. The village needs these meetings so they can get Epa approval ahead of time before any improvements to the park is started.

They also requested that the village look into grants to purchase more property to expand the park

Brooks Davis Fair Housing

Discussion: Davis, as a part of the grant for Johns St the Regional Planning has to perform a Fair Housing speech. He brought brochures about landlord tenant rights and fair housing. Anyone who wants a brochure can get them at the village office.

Who do we contact about the Downtown Revitalization Program—James Macco

Fairfield Medical Center

Discussion: Mina Ubung—Fairfield Medical Center, is opening a physicians practice in the village (old bank) 123 E. Main Street. The practice will be a part of the Hunter trace Family of Physicians. As it looks it will have 2 days a week with a Doctor (probably two Dr.) and the rest of week with a nurse practitioner. It will be mainly by appointment but will also have open hours to accommodate walk ins. They might even have a specialist in once a week. Starting in November they will start taking appointments but will not open until January. Anyone with medical experience can apply at the Fairfield Medical Center for jobs

Deputy Sheriff

Discussion: Sgt. Burke and Dep. Hodder gave the council an update on the 4 wheelers.

Chris Beatty wanted to know why he was approached by the police about the 4 wheelers

Council had complaints and asked for people to bring in any addresses of residents with 4 wheelers that list was sent to the sheriff to go around and give them notice about the laws on riding them on the street. The village doesn't have all the addresses of 4wheeler owners but did have a few. Since then we have had less reckless driving on the road. Chris wanted to know is he would get a ticket if drove his on the road to plow snow this winter. The sheriff said all cases will be looked at as an individual and if you are not reckless and have a reason to be on the streets that will be considered.

Chris suggested looking into getting license for the 4wheelers and golf cars, get them registered through the DMV. We will look into it.

Hilderbrant

Discussion: Thanks for the use of streets for the Ice cream social

Sewer line—the Epa wants the church to connect into the village sewer line or they can not expand. The village engineer M.E. (Keith Doll) drew up scenario's on how it can be done.

1.) have the church pipe it to the village at their cost, this would be a private line that the church only can use but they bear the cost of the entire project

2.) Have the village bring it out and under 22 and then the church come and attach to it. If this scenario is chosen they village will have most of the cost of the project 300,000 but the church will still have to pay 70,000 just for the line to be brought to us (this does not include tap fees) the cost to village will increase sewer rates 2.04 to pay off the 30 year loan and the sewer line will be there for future growth.

Mark suggests if we are boaring under 22 for the sewer line we should boar it big enough to put a water line there to.

We need to do our homework on each scenario to find out which is better and talk to the owners of the property out on that end to see if they even want or if they think that a sewer line ran out there would benefit them

RALPH MARTIN VILLAGE ADMINISTRATOR

Discussion: concrete for Salt Barn need an additive added to it instead of \$78 a yard it will cost us \$103 a yard. Howard made a motion to accept, second by Stebleton, all in favor

We received to letters form the Epa on the Commissioners Water plan accepting them

If we put restrooms in it has to be outside 300' well protection radius which is all the way out at the road. They also have to have eone system

Salt for winter , bids came in and Cargil is still cheapest even with a increase of 1.40 per ton

Lift station generators bids came in Buckeye Power sales-14,564 JD Equipment 14,623 Cumings 12,583 West Electric 44,100 ----Ralph is recommending Buckeye Power sales because they are the only one with a 24 a day service and have the parts on site. If we do this it will have to come out of sewer reserve fund that has to be approved through Farmers Home Loan +USDA Rural Development. Moore made a motion to accept Buckeye and approve as long as Farmers +USDA Rural Development gives approval, Seifert second it all in favor

CURBS, SIDEWALKS, TREES

Discussion: Corbin's letter the trees along roads some are the villagers some are the homeowners, it depends on the size the map shows as our streets, each street will have to be measured on a needed basis to determine who's responsible.

Curbs, sidewalks, the Ohio Basic Code and the Property Maintenance Code specify that the homeowner is responsible for the maintenance and repair of them. Although Corbin would like one more ordinance passed just so they is no mistake. Have Corbin send the ordinance.

Parks Meeting Monday October 29, 2007

Those in attendance: Heather Parks (baseball league)
Ronnie Riffle (arrived 45 minutes late) (baseball ^{biddy} league)
Jay Hunter (parks), Claude Ford (council member),
Ralph ~~Hedrick~~ ^{Martin} (village) Kristen Stebelton (council member)
Larry Bussart (biddy football president) Denise
Howard (council member)

Heather asks if there have been any complaints lately and wants to know if anything can be built. Ralph states that nothing can be built or done at the park without the EPA's approval.

Heather asks if there was any complaints? Ralph tells her that the EPA was out in 04-05 and the only thing they found wrong was grey water coming out of the food booth.

Heather was upset that the electric was shut off and the meat that was in the freezer was rotten.

Ralph explains that there was a blown fuse. Ralph was upset that the air conditioning was left on. (No responsibility was taken by anyone).

Ralph is also concerned that the water to the fountain is always left on. Different suggestions are made (maybe a lock). Larry wants a line run to the shed so football players have better access to water. - It will be taken to council -

Larry talks about setting up bleachers for the new diamond, then use them for football - they want to know if they can move all the bleachers - ASK Council -

Heather states that there is no point in fixing up anything at the park if they may not be able to use it in the future.

Claude suggests that a new ordinance is to be made - an agreement made to say what is covered and whos responsibility certain things are.

A question is asked about our insurance - Ralph reads some of our coverage - We will have Carry look at it.

Heather is concerned about the merry go round. It is dangerous. Kids are getting hurt and she feels as though it needs to be removed.

She also wants to see if we can get a grant to help maintain the park.

Jay reminds everyone that all of the existing fence on the North and East side of the park is sitting 1 ft. in on the village property.

We will have an ammendment at the next council meeting. We will look at past resolutions governing the use of the park.

We need to have the heads of each sport write something up and council will come together and agree on one. "an allocation of responsibility".

- Ronnie is upset that council keeps bringing up the fact that the ammount of money that the league pays don't even cover the cost of the port a pots. Shouldn't the village pay for

that anyway since it is a public park?
Does the village have to provide port a pots
anyway?

A few people were upset that Mark Moore, council member makes a lot of promises that he does not follow through with.

Ronnie states that \$9,000 was given to the little league to use for diamonds. The council gave permission for the high school to use the fields and now the little league feels as though the high school should contribute to the upkeep and such. It was recommended that Ronnie talk to the athletic director about this.

We all need to meet three times a year to discuss problems and to keep up to date information. - All agree -

Next meeting - January 28th at 6:30

APPROVAL OF MINUTES

Discussion: Paul made a motion to accept minutes, Ford second it, all in favor

PEOPLE BEFORE COUNCIL

Discussion: Sykes on pigmy goats—she talked about laws in other cities. She talked about how they are her pets and how she is not breeding them or they don't make noise or smell.

Paul made motion to make up a variance to allow her to keep her goats as long as she doesn't start breeding them and they remain at only 2 and as long as they don't start posing a health risk with smell, Moore second it, Ford abstained, Howard yes as long as any more case remains at a case by case situation, Seifert no. Vote 3 yes, 1 abstain, 1 no

Channell wants village to check into the chickens on Oak St.

WATER PROJECT

Discussion: Seifert made a motion to pay # 7 pay voucher-Kirk Brothers 406,466.17 , Moore second it, all in favor

#2 change order delay for electric panel -Moore made a motion and said as long as it is a legit reason and not laziness on the electricians part, possibility of a 60 day extension. Seifert second it all in favor

M.E. Companies made a few additions and a few subtractions from the plans

**RALPH MARTIN VILLAGE
ADMINISTRATOR**

Discussion: The water plant has to upgrade the electric to 3 phase which means all new electric lines needs to be put in. For South Central to run all new wires above ground it would cost \$17, 500.00 but if we were to put the lines under ground South Central would charge us nothing. Martin got prices on running conduit under ground and the cost of digging the ditch

Goodman trenching—510.00

Ec Babbert- platform to -450.00

Conduit: State Electric—1,747.98 ----HD Supply 2,1182.00-----

SEWER LINE TO CHURCH

Discussion: The discussion on whether or not we want to run a sewer line out Amanda Northern and have the church tap into it or have the church have a private line-- Everyone is against the village putting a line out there because we don't want the expense and if anyone wants to develop they will have to pay for it.

Hedrick was against force main, he was worried if it broke and needed repaired who expense would it be. The expense would be the Church's.

The church will have a private line that they will have to maintain. The private line will be run to the village, and paid for by the church and then they will pay for a tap and connect it into the village's sewer. No other building/ property owner etc. can tap into the church's private line. The church will have to get the easements necessary.

Ford made a motion to let church put in a private line per village specs. (there will be no expense by the village) Paul second it, Moore yes, Howard no, Seifert abstain. The motion passes 3 yeas, 1 no, 1 abstain

Special meeting
January 30, 2008

Three subjects

1. appropriations ordinance
2. filling vacant seat left open from Mark
3. Jim White issue on not meeting requirements

Attendance – Mark Moore, Wayne Paul, Gwen Seifert, Kristen Stebleton, Denise Howard, 1 vacant seat, and 1 unsure seat

Gwen took over running appropriations part of meeting. Moore had a few questions but all was explained to him. Travel and training money can we use Hedges Fund.

Wayne made a motion to accept appropriations and Howard second it all in favor.

Jim White is not eligible to sit on council due to one year residency. Being it was Fords seat and White wasn't eligible the seat is still Fords. The question is, is it his the full term of 4 years or until the next general election. We will have to clarify this.

Moore to swear him in at next meeting

Vote Seifert, Stebleton, all in favor.

Filling of vacant seat due to Mark moving up to Mayor.

3 letters of interest was brought in

Gwen Seifert
Note taker:
Carrie Ayers

Type of meeting:
Council

Attendees: Paul,
Howard, Stebleton,
Ford, Edler

Mayor Mark A. Moore
Absent due to Ref.
Track

Agenda

PLEDGE OF ALLEGIANCE

Discussion: said the pledge

APPROVAL OF MINUTES

Discussion: motion to approve Ford, Howard, all in favor

PEOPLE BEFORE COUNCIL

Discussion: James Howard wants water turned on at the old pizza shop. There are three outstanding bills for property until now we had no address or name to contact the owner. The only recourse we have is to not turn it on until it is paid or apply to the owners taxes. Howard wants to know how much is owed.

Bigham, Wants to do a community block watch program. Gwen to look into grants or police help to start up a block watch.

Jim White – Midwest is having a Bone Marrow drive on May 13th it should take app. 20-30 min to do.

WATER PROJECT

Discussion: penalty phase –ask to waive penalty that was being apply to get electricians to finish. Change order #3 substantial completion March 31 –Final April 30 the plant is operational Motion to waive penalty Edler, Howard, all in favor.

Certificate of substantial completion Edler, Stebleton, all in favor the 1 year warranty starts now, they are doing punch-out.

#13 pay app.-24,140.08 opwc and owda balance out Ford, Howard, all in favor

DON'T FORGET RIBBON CUTTING APRIL 11TH 11:00 a.m AT PARK

RALPH MARTIN VILLAGE ADMINISTRATOR

Discussion: We need to look into buying 12 more acres of land for water wells-we can not put any other wells on the land we have. The EPA regulation now state each well has to be so far away from each other and also so far away from the property line.

We need to look into video cameras for water plant. We had a break in a couple of weeks ago

Paving quote Ralph is trying to get a couple of alleys and Oak Street fixed with Levy money. Edler and Paul , all in favor to pay out of levy when he gets the quote that doesn't go over what we have.

COMMITTEES

PARK BEAUTIFICATION- STEBLETON, HOWARD, FORD

Discussion: Mark got the price on the sand \$243. Ralph ordered it and it was delivered. Mark also got the measurements for the bleacher boards which we had to get more dimensions from Ronnie. Carrie is getting Quotes to apply for CFLP grant.

Denise ask why Mark got the prices, at last council meeting the council told her (the park committee rep.) to call Ronnie and set a deadline on when he had to have the price to us if it wasn't in by deadline we were not to buy the sand. She called him and gave him a deadline that he missed. She feels Mark stepped on her toes and done something other than what council had asked. All other council members stated that yes when a decision is agreed upon at council to have a specific person handle the situation that person should do it , not someone else going over them to do it. Leave it in the hands of the person in charge and then they will report back to council.

BUDGET- SEIFERT, AYERS, PAUL, MOORE, STEBLETON

Discussion: n/a

PROPERTY MAINT-ELDER, PAUL, SIMPSON, GILLFILLION

Discussion: trailer on main not repairable need something addressed-Jim White brought it up

ZONING- MARTIN, PAUL, EDLER

Discussion: Bartrams can they put double-wide on a foundation. Can they do that? Yes they have 90days after taking out the other trailer

Simpson garage is it off street 5' off property line.— Yes he moved it back a little before rebuilding.

**DEVELOPMENT AND
COMMUNITY IMPROVEMENT-
HOWARD, FORD, EDLER**

Discussion: Dr's office will probably have ribbon Cutting in May

Laundry at apartment do the owner have a permit to have coin operated machines.??

**INCOME TAX- PAUL, FORD,
SEIFERT**

Discussion: n/a

OLD BUSINESS

CDBG SURVEY

Discussion: everyone turned in there surveys.

What is the top priority when applying for the grant- sidewalk on west side of school down to Olive for kids walking to roller rink. Motion Paul Edler all in favor-- Then add 2 alleys Ralph will decide which are the worst. Howard, Ford, all in favor

ANNEXATION OF PARK

Discussion: tabled by Ford and Howard all in favor

NEW BUSINESS

Discussion: The roller rink wants sewer - there is already a tap there for the house and rink they are no charge but the garage apartment will have to pay for a tap. All of them will have to come on at the same time.

Pooper Scooper Ordinance – self explanatory but they want to know who will be enforcing the ordinance. Carrie will check with other cities to see who enforces it. A motion to suspend reading requirement was made but later withdrawn due to finding out the enforcement issue.

PAY BILLS

Discussion: motion to pay bills by Paul, second by Edler, all in favor

**Ford to reintroduce parking on School
St**

Discussion: we explained to him what was brought up before the state law requires the street to be so wide for parking on both sides. We wanted to maintain traffic flow. Corbin told us the liability was too great to allow parking on both side.

ADJOURN

Discussion: motion to adjourn Stebleton, Howard, all in favor

Seifert- called she had
a work emergency

Agenda

PLEDGE OF ALLEGIANCE

Discussion:

Moment of silence for James Kimble ----The village council normally chips in for flowers council decided to not send flowers sent a card instead. Anyone wanting to make a donation for the family can drop off the money at the village office and will be decided at next month meeting (possible scenarios either gift cards or if anyone else started up fund we could donate the money to)

Said the Pledge

APPROVAL OF MINUTES

Discussion: motion by Ford to approve minutes, second by Edler, all in favor

PEOPLE BEFORE COUNCIL

Discussion:

Bigham-

1. Why are people getting calls about property maintenance—We decided to give curtsy calls first before writing them up.
2. Fire Department Response time what can the village do to increase it.—he would have to address it with the township. Paul said the township already knows the time is down during the day. Council to write a letter of concern
3. I heard a group home is coming in – yes a 4 resident home for handicapped is going in to town.

WATER PROJECT

Discussion: change order #4 additional piping and hvac and controls \$2,482.70 Motion to approve Edler, Stebleton, all in favor

A couple problems a plant are being addressed

School St. project plans are done -Moore signed the plans

M.E. extended an invitation for the council to an appreciation dinner May 29th 6:00 P.M. in Thornville

Overage on plant cost approximately 11,000 still needed. Carrie is to check on if we could pay out of water fund or if we have to get an additional loan to be tied back into other loan. Paul and Howard to table until next meeting.

RALPH MARTIN VILLAGE ADMINISTRATOR

Discussion: tornado siren, we have not heard form them.

Spring clean up June 7 10-4, ask Chris to do Freon again, put tires in salt barn until they are picked up.

Spires paving started today doing 2 alleys, Oak St. and Moody Alley

Jennifer Frill -Mid West Fabricating donated \$1,500 for the flags that are put up around town this should cover the flags for a couple of years. The council would like to extent thanks to her for the generous donation.

COMMITTEES

PARK BEAUTIFICATION- STEBLETON, HOWARD, FORD

Discussion: mulch is here and most if it is put in, waiting for barriers to see where we need to fill in more.

Committee to set up meeting possibly the second week in July

BUDGET- SEIFERT, AYERS, PAUL, MOORE, STEBLETON

Discussion: possible Budget meeting May 19th at noon.

PROPERTY MAINT-ELDER, PAUL, SIMPSON, GILLFILLION

Discussion: Edler gave some residents that could have received a violation a curtsy call. Prosecutor was confused as to what to do with the older filed violations. They are to proceed with them.

ZONING- MARTIN, PAUL, EDLER

Discussion: Variance on a mobile home-to have an open appeals board meeting. May 7, 2008 6:30 P.M.

DEVELOPMENT AND COMMUNITY IMPROVEMENT- HOWARD, FORD, EDLER

Discussion: Edler and Howard to set up meeting

Sign at entrance Paul and Howard to meet

INCOME TAX- PAUL, FORD, SEIFERT

Discussion: Nothing form RITA yet

OLD BUSINESS

ANNEXATION OF PARK

Discussion: the residents in between are not interested in annexing Motion to eliminate Edler, Ford, all in favor

POOPER SCOOPER LAW

Discussion: the Sheriff is the one to enforce this, or we could appoint an over seer. Motion was made to eliminate due to no way of enforcing it, Paul, Stebleton, all in favor. All council agreed with the proposed ordinance but could find a way to enforce it.

NEW BUSINESS

Discussion: ice cream social—Sept 7th motion to approve use of road- Paul, Howard all in favor

Also they were approached by the firefighters festival they want the church to pay to have it. The two are separate activities plus the church function is a free event what little electric they use for 3 to 4 hours to run a frig and maybe two extra things. They don't think they should pay. Bigham from firefighter's board said they can work with them.

Community yard sale date May 31, 2008

Residents complaining about dogs barking all night. –Send a letter about the nuisance

Speeders in town, Ford is sick to death of people speeding and that speed meter they put at bank doesn't work. Moore said one of the worst offenders is Randy Tucker Jr.

3 wheelers are out in full force. Ford is to contact Phalen about issues and even address community block watch information

New diner going in has to put in a grease trap due to the Health department he was letting us know

SHERIFF DEPARTMENT

Discussion: Sgt. Burke he brought information for a public safety night that will talk about block watches going on in Rushville we should go to for ideas for our community. Need to talk to Sgt. Collins and Lt. Vorhees about all our questions.

We told him our concerns for speeder and kids on 4 wheelers. We asked for stepped up patrol.

WATER PROJECT

Discussion: Pay request #14 89,507.38 1-2 opwc ½ owda Motion to pay Edler, Howard, All in favor

Flushing system need done due to sediment in lines.

Supplemental loan of the estimated 11,000 still needed to be added on existing loan is what Martin and Ayers suggest due to estimated debt + expenditures based on revenue.

Change orders #11 Well starters they said it was not their problem 1,500 Me suggest reject change order it was their problem. Also change order #12 pressure transmitters 1,077.55 me suggest rejection because of price should have only been most 300.00. Paul made a motion to reject Ford second it all in favor

Warranties are all different based on the item. Make sure we are doing the main checks

**RALPH MARTIN VILLAGE
ADMINISTRATOR**

Discussion: Tile at park we have the application to fill from county, if we put it in it will have to have a foot of cover

Falcon is asking for a raise due to gas prices want 1.25 increase Howard, Edler vote 4 yes 1 against as long as it doesn't start until July 1st. Motion to pass legislation of rate increase 1.25 Motion to suspend rules Edler, Ford, Vote 4 yes 1 against.

Motion to pass Edler, Howard, vote 4 yes 1 against.

COMMITTEES**PARK BEAUTIFICATION-

OLD BUSINESS

Discussion: chairs – we have not found chairs yet but we did get a bid on the chairs. Wait to sell until we find the chairs we are going to replace them with.

School St project bid opening June 13

CORBIN CONTRACT RESOLUTION

Discussion: last month we approved the Contract renewal, but we forgot to pass the resolution motion to suspend three reading rule Edler, Seifert, all in favor. Motion to pass resolution Edler, Seifert, all in favor

NEW BUSINESS

Discussion: Sept 16th is community care day Midwest is offering services as laborers on that day. If the village or a resident is in need of a project getting done as long as they or we supply the material they will do the labor

Sewer Rates- the sewer rates needs to be raised to cover the expenditures we have been having a deficit each year. With cost of running increasing and the number of vacant homes + the increased number of residents who shut there system off while away for ½ the year has dropped the amount we are bringing in significantly. The council has been holding off raising the rates. A proposed increase of \$2.00 on basic rate and \$1.68 on overages should be enough to cover the deficit. Council asked for the amount of vacancies, because with vacancies the collection amount for the sewer debt has dropped. We also want to research old ordinances because the \$15 per person per month to cover the debt should be collected no matter if they are using the service. With the remaining 2.64 for usage only if they are using it (we need to look into it find out)

PAY BILLS

Discussion: motion to pay bills Paul, Edler, all in favor

WHITE WAS SWORN IN AND TOOK HIS SEAT

PEOPLE BEFORE COUNCIL

Discussion: OLIVE CHANNEL- TREES THAT CAME DOWN IN THE STORM THE HOME OWNERS ARE PUTTING THEM OUT TO THE ROAD. ON LUTZ, AND HALDERMEN

SHE ALSO WANTED TO KNOW IF ANYTHING WAS BEING DONE ON THE PROPERTY MAINTENANCE VIOLATIONS THAT SHE AND FORD SUBMITTED – THEY ARE STILL AT THE PROSECUTOR. EDLER SAID IF YOU HAVE AN ISSUE LET HIM KNOW AND HE WILL LOOK INTO IT BUT AFTER THAT HE CAN NOT DISCUSS THE ISSUE BECAUSE IT IS PRIVATE.

BROOKS DAVIS CDBG

Discussion: BROOKS DAVIS FROM REGIONAL PLANNING – FOR OUR CDBG GRANT FOR SCHOOL STREET PROJECT THEY HAVE TO DO A FAIR HOUSING TALK. HE TOLD US ABOUT FAIR HOUSING AND LANDLORD TENANT RIGHTS HE LEFT PAMPHLETS.

WATER PROJECT

Discussion: SIGN AGREEMENT OWDA FOR THE ADDITIONAL 13, 778 MOTION EDLER, HOWARD, ALL IN FAVOR

CHLORINE PUMPS WERE LEAKING WE FOUND OUT THEY HAD SENT US THE WRONG TYPE IT HAD METAL NOT TEFLON O-RINGS. THEY ARE SENDING US THE NEW ONES

AIR SCOUR NEEDS FIXED THEY ARE DOING IT.

RALPH MARTIN VILLAGE ADMINISTRATOR

Discussion: THEY WILL BE WORKING ON YINGLING'S ON SATURDAY

THE BED OF THE DUMP TRUCK IS RUSTING THROUGH. YEARS AGO THEY PARKED IT IN THE SALT BARN. WE NO LONGER PUT SALT IN THE BED WE HAVE A BIN WE PUT IT IN AND IT DISPENSES THROUGH THAT BUT THE DAMAGE WAS ALREADY DONE. RALPH IS TO LOOK INTO THE BEST SOLUTION.

HE BOUGHT THE DEHUMIDIFIERS FOR THE PLANT IT ONLY TOOK 4 DAYS TO DRY IT ALL UP. THEY ARE WORKING GREAT.

COMMITTEES

PARK BEAUTIFICATION- WHITE, HOWARD, FORD

Discussion: THEY HAVE SET UP A MEETING (BUT ARE STILL DISCUSSING POSSIBLE CHANGE DUE TO FOOTBALL)

WE NEED TO A SIGN UP AT PARK AND OUR WEB SITE -TO RESERVE PARK, SHELTER HOUSE CALL JAY HUNTER. TALK TO JAY TO MAKE SURE IT IS OK.

BIKE TRAIL THEY HAVE 2 GRANTS 124,000 STILL DON'T HAVE PERMANENT ROUTE DUE TO MARSHAL GRAIN NOT GIVING THEM A RIGHT OF WAY DOWN RISE PART OF THE RAILWAY. THERE WILL BE NO MOTORIZED VEHICLES ALLOWED ON THE BIKE TRAIL WHICH INCLUDES 3 WHEELERS

KIDS ARE EGGING VEHICLES IN TOWN

SIGN AT ENTRANCE IS STILL MOVING FORWARD.

WE NEED DONATIONS FOR DECORATIONS SO WE CAN REVAMP THE OLDER LIGHTS. THE AYERS FAMILY REDONE 6 LAST YEAR WITH THE REMAINING CHRISTMAS DONATION MONEY. WE NEED DONATIONS SO WE CAN REDO THE REST.

OLD BUSINESS

SEWER RATES

Discussion: RATES SHOULD HAVE BEEN INCREASED 3% EVERY YEAR STARTING IN 1999 BUT WASN'T. I AM STILL LOOKING TO FIND OUT BASIC RATE FROM 1999 SO WE CAN MAKE SURE THE RATES ARE WHAT THEY SHOULD BE.

ORDINANCE SEWER DEBT

Discussion: WHEN THE SEWER WENT IN OUR AGREEMENT WAS THAT EVERYONE WITH A TAP WILL HAVE TO PAY THE DEBT CHARGE WHICH IS THE FIRST \$15.00 THAT IS ON YOUR SEWER BILL. OUR LEGISLATION SAYS WE ARE TO CHARGE FOR DEBT PLUS USAGE BUT DOESN'T SPECIFY CHARGING THE 15 DOLLARS IF THEY HAVE NO USAGE. WHICH IS PUTTING DEBT MONEY SHORT EACH YEAR DUE TO ALL THE VACANCIES. WE DRAWLED UP AN ORDINANCE THAT STATES EVERYONE WITH A TAP WILL BE CHARGED A DEBT FEE REGARDLESS OF USAGE. 1ST READING -CALL PUCO BEFORE FINALIZING READINGS.

EDLER HAD MADE A MOTION TO TABLE UNTIL PUCO WAS CALLED. BUT THEN HE MADE A MOTION TO UNTABLE TO DO FIRST READING, SEIFERT SECOND IT, ALL IN FAVOR

PEOPLE BEFORE COUNCIL

Discussion: Resident wrote a letter about her water bill. She claims she could not use that much water, or there was a mistake in reading it, or the meter isn't working right. The village has researched all possibilities and found no problems. Council recommends we send her a letter that explains the findings and have her come in to the office and set up a payment plan.

Ben and Rick would like to go to school for Ricks 1&2 class sewer license, Ben class 3 license. Rick \$595 & \$545 Ben \$490 Council will pay for classes and hourly rate while taking classes if they sign a minimum 5 year commitment contract. If they fail or leave before the 5 years they will have to pay back the money. We need to put a health clause in the contract. Corbin can draw up contract. Motion Paul, Ford, all in favor. Money to pay for classes out of Hedges money Ford, Paul, all in favor

Leaves, we can no longer put leaves where we have been. We need to find a new location or have the homeowners bag up own leaves with trash. Start a compost pile by lagoons, check with FFA at school to see if they would like to be involved and pick the brains of other compost experts.

We need to look into doing the Debt part of the water like we are starting to do with sewer. Check into it.

Sidewalk on School St. since we didn't get grant to do it.. Township side no sidewalk, ask Rails to Trails if they want to put in a path that way or if they have a safe to school program.

Have Ralph look into Water Specialist rates over the years and their contract, if Rick and Ben get there license they will be able to take over the responsibility that Water Specialist do now.

Parks Meeting October, 6, 2008

In attendance:

Claude Ford

Ralph Martin

Denise Howard

Ronnie Riffle

Jay Hunter

Jim White

Larry Bussart is absent

Meeting starts with questions from last meeting. Howard asks if there have been any problems with people reserving the shelter house. Jay answers that there have been no problems. It is again recommended that a sign be posted with Jay's phone number on it so everyone knows that they must call Jay to reserve the shelter house. Howard will make the sign and Jim White will laminate it. It was also stated that there be a list of rules and regulations and a \$20 fee to help pay for the extra port a pot use. Everyone agrees to that. It was stated that there could also be a \$20 surcharge to be billed for any cleanup that is

needed if patrons leave a mess. This idea was turned down because the fee was too great. It was decided that we will wait and see how well it is maintained in the coming year.

Ronnie states that he would like more trash barrels for the park. Jim will get him as many as he needs.

Ralph tells Ronnie that the village bought a 150' hose and it has been laying on the ground. Ronnie states that he will put it up.

There was a question about the planks for the bleachers. Someone said that Carrie was going to look into it. Howard says that she will ask Carrie about this.

There will be a memory tree planted at the park this spring to honor someone who has given a lot to the park. The parks committee approves this.

Jay wants to get fence out to put across the field by the lagoon. Jay states that there is not enough fence to do both the East and South side (only enough to do the East side).

Ronnie wants to know if money will be set aside for ballpark. All parks committee agrees that this will be asked at the next budget meeting. The baseball also needs more sand.

Claude suggests that Ronnie look into more fundraisers to help with the cost. He will help Ronnie with a golf outing.

There is discussion about the new facility at the park. Ralph is hoping to get someone to draw up the blueprints.

The siding on the shelter house needs stained. Jay said that the Lions Club may put siding on it. If they can't then he will stain it.

Ronnie wants to know why someone called the department of health on the little league food booth at the fireman's festival. No one knows who called them.

Discussion starts for the next meeting. It will be on February 5, 2009 at 6:30.

Development Committee Meeting – October 29, 2008

Attendance :

Betty Folk
Mike Bigwood
Jean and Lynn Young
Luther Frank
Mike Johnson
Ralph Matin
Claude Ford
Denise Howard
Bruce Edler

Development Committee will meet every other month beginning in January, 2009.

What kind of development do we need? Betty Folk states that we need a grocery store as well as a pharmacy. Most agree- Howard states that there are too many vacant buildings, how can we fill those? It was mentioned that the buildings were vacant but not deemed condemned. There is nothing that can be done if the owners want them to sit empty.

Claude said he would contact Bays and see if they are interested or know of anyone that's interested in opening a supermarket. We could come up with a request to businesses to come out to Amanda.

There is talk of an income tax and how that might help if we had one. It would pay for a sheriff to help keep the streets safe so more businesses might want to come to Amanda. Bruce states that we need as many people as possible to agree to an income tax.

Betty asks about the sidewalks, why aren't the property owners fixing them? Bruce and Ralph both explain the ordinance.

Bigwood asks "What is our vision"? Several people answer a grocery and pharmacy are needed for growth. We need to develop the downtown area. Betty Folk talks of a book that we had a while back that talked of a grant to develop the downtown.

Mike Johnson talks of the fact that we are not growing. Amanda Schools have 80 fewer students then we did in 06-07.

Our mission for this committee is to improve and develop this community. Everyone is asked to come to the next meeting with ideas and ways to implement those ideas to develop our community.

The next meeting will be held on January 14, 2009 at 6:30

Discussion: Don Simpson, prices on new dump truck, need prices on used.

Tim Byers Edward /Jones Investments, is in need of at least a 700/900 sq ft renal property for at least a 5 year lease.-----
2 employees.

Rita

Discussion: Charles Hawk-Rita- explained what their company does. Collect taxes and distributes it to the municipalities their fees start at 3% to collect the tax. A one percent tax would generate approximately 140,00 a year although it takes at least 3 years before you are collecting the full amount. If the village decides to move forward on an income tax we have to give Rita 6 months to send letters to every resident and employers letting them now about the tax and get other thing rolling. The council will have it come up to vote and hold open meetings for discussion. The village will get installment 2 a month (if money has been collected. The income tax committee needs to set up a meeting to come up with the proposal of what percentages to be spent for certain things. So it can be presented to the residents.

It is going to be Aprox. 25,000 to build building pole barn style with stainless steel restrooms., will need Eone sewer system because of force main. This will move them outside well head protection area. Application for grant due in March, Blueprints done by January.

COMMITTEES

**PARK, BEAUTIFICATION-
WHITE, HOWARD, FORD**

Discussion: White is checking on sign for entrances, him and Howard is to meet with Doug Riffle from ODOT on what the regulation would be on the distance away from road. If is too far we might want to discuss the need. He is also discussing need for lights at entrances with Riffle. We could check with Fairfield Foundation about grants.

Posting a sign at shelter house for the contact for reservation of shelter or park.—we need to put it ordinance form the rules and regulations Edler, Seifert, all in favor. To help pay for upkeep and portable tournament fees and or when reserving the park a fee needs to be set to help pay for this.

Bleachers—Ayers was trying to get a grant for bleachers. The grant needs 3 bids She can't get the bids because the companies said the spacing between the braces is too far to support the wood. If we could get someone to weld some extra bracing in between the original bracing, the companies might get her the bid so she can have the 3 required for submittal for the grant.

SEWER RATES, DEBT

Discussion: Corbin to have something for us by January meeting

NEW BUSINESS

Discussion: Need to ask Falcon about reducing fuel fees that he said would lower if gas prices lowered.

Fire contract renewal- motion to Seifert, Edler, all in favor

Claude asked if there was anything we could do by way of a signs on Marshal property to keep 4 wheelers off. The village can't put up signs on private property it is up to the homeowner but if they need help in locating a sign company in which to buy their signs we could help them. The village has signs and chains all over our property to detour 4 wheelers.

APPROVAL OF MINUTES

Discussion: Motion was made by White, second by Paul, all in favor

PEOPLE BEFORE COUNCIL

Discussion: Gabe Brown (Scout- troop 189) observed meeting as one of the requirements for a badge.

RALPH MARTIN VILLAGE ADMINISTRATOR

Discussion: Evaluation is completed for everyone except Martin. Gwen needs to be informed she has to do Martin's evaluations. A request to give annual 3% cost of living raise to all employees. Vote Ayers -5yeas-0 nays, Ben Rick Ralph Don vote 4yeas 1-nay. Edler requested a work log of daily activities from each employee. Council liked that idea, so they could better asses each employee. Since a vote was already made council decided to hold raises until after each employee could give a day to day work log.

Blue prints for the proposed restroom/food booth/storage are here for council to look over

Council asked Falcon if now that gas prices are down, is he going to lower the gas raise earlier in the year back down \$1.00. He refused to reduce the 1.00 charge. We need to in the future if someone wants a raise and it is for gas/ dump fees increase we need to have it writing that if it should lower the fee will be reduced.

Paul submitted pictures from a property where falcon drivers are cutting the turn to sharp and driving in the grass and narrowly missing the fire hydrant. Also lids need to be returned to can. Martin is to talk to Ed about issues. Need to put poles up to keep people from hitting hydrant at that curb

Epa said we can blacktop the proposed parking lot at plant/park.

Discussion: 1st reading to add this as an amendment. We still need to check into fee schedule.

DEVELOPMENT AND COMMUNITY IMPROVEMENTS- HOWARD, FORD, WHITE

Discussion: January 14 meeting at 6:30

INCOME TAX-EDLER, SEIFERT

Discussion: table for one month to research if we wait a year and reassess if we have to pay another 500 to do survey.

OLD BUSINESS

Discussion: Paul got police report records for communities around our size to look reports so we could asses needs of village. The village has no major crime, and has less crime than the communities that are even smaller than us. We have had a community watch patrol come though our town. We need to look further into developing a community watch program here.

SEWER RATES,DEBT

Discussion: Corbin still needs to get back to us on this.

Discussion: Edler made a motion to move forward on income tax. Paul against. Discussion of need pursued and a Motion to pursue Edler again with , Ford second it vote 3to3 Ford, Edler Howard yeas-Seifert White Paul nays, Mayor Moore broke the tie Yea – Committee is to get final decision on what it will be used for so they could possibly get it on November ballot. Most apposing council is not against the tax they are against the timing of the tax.

OLD BUSINESS

Discussion: Rails to Trails have applied for the grant, we have no updated route as of yet.

Lancaster Public Transit contact has left her position but they are still moving forward with the proposed rural routes.

SEWER RATES,DEBT

Discussion: Corbin got us the emergency legislation to cover sewer debt fees. The original ordinance for sewer states that a debt fee will be charged every resident plus usage. The village has been doing that but when a resident is not using said service the village has not continued to charge them the debt service. With the amount of vacancies and taps not being used has resulted in not receiving enough revenue for that fund each year (which covers the debt fee). The council has ask for emergency legislation for an ordinance that state a debt fee will be charged to every land owner for each tap they have regardless of usage. The debt fee and rates stay the same (basic rate) but the village will now collect the debt fee portion of the basic rate from every tap regardless of usage and if it is being used then charge them the usage fee.

Motion to suspend rules Paul, Seifert, all in favor Motion to pass Ford, White, all in favor

Ayers is to get together with Martin to get list of landowners that are not paying the debt service portion of the basic rate and issue a letter informing them of the change. It might take a month to get everything started for collection.

EVALUATION/DUTY LOGS

Discussion: Council reviewed duty logs and job descriptions decided they can use this information to update job descriptions. Paul and Moore are to go over them. Annual 3% raise for employees Beck, Simpson, Hedrick, Ayers, Martin---Paul made the motion to approve raises, Ford second it, vote 4 yeas 2 against (Paul, Ford, White, Seifert for, Howard, Edler against) to be retroactive to January

COMMUNITY WATCH PROGRAM

Discussion: We have the information on the community watch program set up by the Fairfield County Sheriff. We need to ask for volunteers Ayers is to post it around town, they can get application and qualification information at municipal building.

DEVELOPMENT COMMITTEE MEETING 2-11-09

Attendance:

Claude Ford

Denise Howard

Jim White

Ralph Martin

Jennifer Johns

Jean & Lynn Young

Questions from the last meeting were discussed

- 1) What can we do about the old buildings on Main St.?
- 2) Could they be condemned and dismantled? And if so at who's expense? Claude answers that it would be at the village's expense to condemn or dismantle the buildings. Ralph didn't think we could get a grant to buy the properties. The village does not have the funds to take on this kind of expense right now.
- 3) Sidewalks and Trees on Main St. (what can we do about them)? Ralph states that the village used to replace so many of them a year, but the funds are not available to do this anymore. Denise asks if we could ask the residents if they would like to plant a tree in honor or in memory of someone and the cost of the tree would be the responsibility of the person wanting the tree. Maybe the village could just pay the expense of a small plaque dedicating it to someone. We can discuss this at the next council meeting.
- 4) Grocery store, Pharmacy, Gas Station, Dan Bay? Claude talked to Dan Bay and Dan would like to discuss the possibility of a grocery store in or by the village. If he did this he would be interested in attaching a gas station as well. The Pharmacy was discussed as well and it was determined that the expense to run

it would be too much to take on at this point. But anyone interested can always try. We decided to invite Dan Bay to the next meeting. Claude will call him.

- 5) Is anyone interested in buying property and building a housing development? No one is at this point.
- 6) Bike Trail? The Heritage Association applied for a grant for this project (\$160,000-\$170,000). We should hear something back from them soon. It will be called the Johns Trail. This will eventually connect Lancaster, Amanda, Stoutsville and Chillicothe in the future. This should be a huge improvement to our community bringing in many bicyclists.'

Our next meeting will be held in April. Date to be determined when we find out what is most convenient for Dan Bay.

INCOME TAX-EDLER, SEIFERT

Discussion: Martin wanted to clarify how much RITA estimated we would bring in 140,000. Ayers is to contact RITA, The question of if RITA or the council is the one that sets up open meetings for the public. Also what other steps does RITA have to do? Also contact Election board –how soon do we have to file it to be on the November ballot. Mayor Moore wants a decision before next months meeting from the tax committee what it will be spent on and when to set up public meetings.

The Question of was the vote to go to November ballot or was it to move forward on the tax. Ayers is to double check minutes.(Ayers results from reviewed recordings results from last months minutes-Motion to pursue putting the income tax up to vote. The question of May or November ballot was raised, Edler said he didn't know how long the process took that they could possibly get it on in November but he knew May would be too soon.)

OLD BUSINESS

NEW BUSINESS

Discussion: Paul and White were wondering how to handle safety issues. 1. Refrigerator behind building –a letter notifying them that it had to be removed because of the Ohio Basic Code rules of safety was sent to homeowner. Council wants Martin to contact Auditor to find out if we remove it can the cost be reimbursed though taxes. After that a 48hour notice needs to be sent to homeowner. If homeowner doesn't remove it contact Hines to have it hauled away. Metal on a roof can pose as a safety hazard if the wind picks up again. Can we tell the homeowner to remove it and if so can we remove it if they don't. Paul is to contact Vandervourt and the homeowner.

There is a hole between the sidewalk and road in front of Abrams that could pose a hazardous situation. Martin to let Simpson know to fill it in up to the fence. Motion to fill it in White, Paul, all in favor

Agenda

PLEDGE OF ALLEGIANCE

APPROVAL OF MINUTES

Discussion: Motion to accept minutes Seifert, Paul, all in favor

Moore said Vandervoort call to thank us for our fast action with the Rails to Trails.

Legion hall bathroom restoration is under way

PEOPLE BEFORE COUNCIL

Discussion: Chris Hilderbrant, Scott Foster EPA

Both the village and the Church applied for Stimulus money for Sewer, Water and neither of us got it. The Epa said we had it until Politicians took most of it away. The Small communities are mad at being left out of the stimulus packages.

The village and Church needs to resubmit the projects because there is possibly another round of stimulus next year. The village needs to get in touch with Bridget Marsheo at the EPA. She will walk us through the process. Also we need the engineers to do some more work on the project. Before resubmitting. Martin is to get a meeting for possibly Friday.

Double checking on the Ice Cream Social to make sure it still is ok to use the road. Yes it is.

**RALPH MARTIN VILLAGE
ADMINISTRATOR**

Discussion:

Spires paving bid for Oak St. and Alley by the Doctors office. \$15,736 Motion to accept Seifert, Howard all in favor.

Budget for next year we either have to wax the tower or paint and wax it. Everything from \$25,000 which is a 20year or a wax that is 5 year.

Badger meter conference- \$395 + mileage for Martin to go take it out of the Hedges fund. Motion Paul, Seifert, all in favor. ODNR -foodbooth/restroom/storage we won't know until mid to late summer.

Falcon Sanitation- we have had some complaints lately about missing peoples trash, we have been calling Ed and have the guys go back to get it. Also waiting two weeks for a tote when someone orders it. Plus when someone has a large quantity of trash for a week or two he wants to charge us extra (he call it a clean out). We have looked at his contract no where on it says he can charge extra. Most of the stuff isn't all the time. We don't see where he is in violation of contract but we feel it need addressed to Ed by way of the council. Ask Ed to be at next meeting and send him our concerns so he has the list beforehand.
