Ordinance No. 5- 52

Passed Dec. 23

19 52

An ordinance providing for the issuance and sale of \$ 90,000 of Mortgage Revenue Bonds of the village of Amanda, Ohio, under section I2 of article XVIII of the Ohio constitution, for the purpose of paying part of the cost of constructing a waterworks system for said Village; to authorize a mortgage of said system and extensions thereto with a pledge of the revenues thereof; to provide a franchise to be effective in the event of foreclosure; and declaring an emergency.

WHEREAS, by Resolution No. 2- 1952, duly adopted by the Council of the Village of Amanda, Fairfield County, Ohio, on March 3, 1952, it was declared necessary to construct a complete waterworks system for the village and to pay the cost thereof by the issuance of approximately \$ 112, 000 of mortgage revenue bonds under the provisions of Article XVIII, Section I2 of the Ohio Constitution, and approximately \$ 45,000 of special assessment bonds under the general laws of Ohio and the Uniform Bond Act of the Code, and no referendum petition having been filed against said waterworks construction within the time prescribed by law, it is now deemed advisable to proceed with such construction.

NOW, THEREFORE, BE IT ORDAINED by the Council of the Village of Amanda, Fairfield County, Ohio, three-fourths of all of the members elected thereto concurring:

SECTION I. That first mortgage waterworks revenue bonds of the Village of Amanda, Ohio, in the principal amount of \$ 90,000 be issued to pay part of the cost of constructing a complete waterworks for the village, including the drilling of wells, storage tanks, reservoirs, distribution mains, the acquisition of real estate and all things necessary and incidental thereto. Said bonds shall be issued under authority of Article XVIII, Section I2 of the Constitution of Ohio, and shall be secured by a mortgage and a first lien on and payable primarily from the gross revenues of said waterworks system and all extensions, improvements, replacements and alterations at any time made in respect thereto, after provision only for the reasonable operating and maintenance expenses thereof, including a franchise stating the terms upon which, in case of foreclosure, the purchaser may operate the same, and, by the covenant of said village to maintain certain rates and collect certain charges for the facilities and services afforded by said utility, provided, however, that nothing in this ordinance shall be construed as pledging the general credit of the Village of Amanda, Ohio, to the payment of said bonds or any part thereof, or the interest thereon.

SECTION 2. Said bonds are hereby authorized to be issued in the principal sum of \$ 90,000 for the purpose aforesaid and shall be sold as hereinafter provided; they shall be dated November I, 1952, and bear interest at the rate of four (4 %) per cent per annum, payable semi-annually on May I and November I of each year, until the principal sum is paid, as evidenced by the coupons to be attached to said bonds. Said bonds shall be numbered from I to 90, inclusive, shall be of the denomination of \$ I,000 each, and shall mature in their consecutive numerical order on November I of each of the following years in the following amounts:

\$ 2,000 in each of the years from 1957 to 1974, inclusive: and
\$ 3,000 in each of the years from 1974 to 1992, inclusive: provided, however, that bonds of this issue maturing after November I, 1963, are callable as a whole or in part in their inverse numerical order on said date, or on any interest payment date thereafter at par and accrued interest, plus a premium of three (3 %) per cent of par. Council shall by resolution determine the amount of bonds to be called and the date of redemption, and notice of any such call shall be given to the paying agent and to the Trustee hereinafter named, and to the original purchaser and shall be published in a newspaper of general circulation in Cincinnati, Ohio, at least thirty (30) days prior to the date of redemption. Said bonds shall be designated " FIRST MORTGAGE WATERWORKS REVENUE BONDS " and both principal and interest of said bonds shall be payable in lawful money of the United States of America at THE LINCOLN NATIONAL BANK of CINCINNATI, OHIO.

SECTION 3. Upon the face of each of said bonds shall be recited a reference to the constitutional provision and the ordinance under which issued. Each of said bonds shall be a negotiable instrument and shall express upon its face the purpose for which the same is issued, but that said bond is payable only out of the gross revenues of the waterworks system and the extensions thereto, and is secured by a mortgage and a franchise stating the terms upon which, in case of foreclosure, the purchaser may operate said utility, which franchise extends for a period of twenty years after the date of sale of said utility upon foreclosure. Said bonds shall be signed by the Mayor and Village Clerk and sealed with the corporate seal. Each of the interest coupons attached to said bonds shall bear the facsimile signature of the Village Clerk printed or lithographed thereon. Said bonds shall be prepared, issued and delivered under the direction of the Mayor and Village Clerk as provided in this ordinance.

Section 4: Said bonds are hereby awarded and shall be sold and delivered to Fox, Reusch and Company of Cincinnati Ohio, upon their payment therefor in accordance with their written offer to purchase said bonds, which offer, now on file with council, is hereby accepted.

Section 5: The proceeds from the sale of said bonds and the accrued interest from date to the date of delivery, shall be placed in the treasury to the credit of the proper fund, and deposited in a bank or banks which are members of the Federal Deposit Insurance Corporation, in a special account or accounts, and shall be used only for the purpose of paying for the construction of the waterworks system of the village and all things necessary and incidental thereto. Said account shall be kept continuously secured by a pledge to the Village of direct obligations of the United States of America having an aggregate market value, exclusive of accrued interest, at all times at least equal to the balance on deposit in said account. Any balance remaining in said fund after the completion of the improvements and the payment of all expenses in connection therewith, shall be transferred to the officers in charge of the Sinking Fund or Bond Retirement Fund to be by them placed in a separate fund designated as the " Bond and Interest Retirement Account " (hereinafter sometimes referred to as the " Bond Account ") and created by Section 6 of this ordinance and shall be applied only to the payment of the interest and principal of the bonds herein authorized and for no other purpose. Provided, however, that out of the proceeds of the sale of said bonds the sum of \$ 5,400. and accrued interest shall be placed in said Bond Account, deposited with the Trustee upon consummation of the sale of these bonds, and used only for the payment of the interest on the bonds during the construction of the waterworks system.

The Trustee appointed herein is hereby designated the depository for the monies payable into the Bond Account under the provisions of this ordinance.

Section 6. : From and after the delivery of any bonds issued under the provisions of this ordinance, the entire income and revenue of said waterworks system shall be set aside and deposited by the Treasurer in a special and separate fund which is hereby created and designated as the Waterworks System Revenue Fund. Said Revenue Fund shall be administered as follows: (a) there shall first be paid from said Revenue Fund the reasonable cost of operation and maintenance of said waterworks system, including replacements and depreciation; and (b) there shall also be paid monthly to the Trustee and paying agent on the last day of each month except if such date shall be a Sunday or legal holiday, and in that event on the next succeeding day, from said fund into a fund hereby created and designated as the " Bond Account ", all of net earnings of the waterworks system, after retention of reasonable working capital, until November 1, 1956, and thereafter \$ 444. per month until a surplus is created in said Bond Account equal to the total amount of principal and interest which will be payable at the time of their maturity on all bonds remaining out-standing; provided, however, that bonds may be callable for redemption as herein provided from such surplus but only when such surplus is in excess of the principal and interest requirements for the next succeeding two (2) years. At the time payments are made into the Bond Account as provided herein, the Village Clerk shall notify Fox, Reusch and Company by letter of such payment. Should the revenue in any one year be insufficient to meet all the aforesaid charges of the Bond Account and should any surplus therefor created be impaired for any reason, the amount of such deficiency or impairment shall (unless previously made up out of other funds of the Village available for that purpose) be paid into Bond Account from the first available revenues the following year and shall be in addition to the other requirements of the Bond Account.

Section 7 : The officer or officers in charge of the Sinking Fund or Bond Retirement Fund and their successors in office shall have charge of the Bond Account and said Bond Account shall be used only for the purpose of paying the principal of and the interest on the bonds herein authorized to be issued. Said Bond Account shall be deposited in a bank or banks which are members of the Federal Deposit Insurance Corporation and shall be kept continuously secured by a pledge to the village of direct obligations of the United States of America having an aggregate market value, exclusive of accrued interest, at all times at least equal to the balance on deposit in said account or accounts, except that such account or accounts may be secured by a surety bond or bonds; provided, however, that the surplus hereinbefore required by Section 6 hereof may be invested in direct obligations of the United States of America until such times as needed for the payment of the principal of and interest on said bonds.

Section 8; The rates for services rendered by said waterworks system to the village for its services or for its corporations, inhabitants and other users, shall be reasonable and just, and in any event shall be at all times sufficient to produce gross revenues adequate (a) to pay the reasonable and proper gross revenue.

proper expenses of operation and maintenance of the utility, including necessary replacements and depreciation, and (b) to pay, when due, the principal of and the interest on the bonds herein authorized, including all charges and excess funds required for the Bond Account under Section 6 hereof.

Section 9: It is hereby covenanted and agreed by the village with the holder or holders of the bonds herein authorized and provided for, that the village and each and every officer thereof will satisfactorily and punctually perform all duties with reference to said utility required by the Constitution and Statutes of the State of Ohio, by this ordinance and by the mortgage hereinafter provided for, all and each of which duties are hereby defined and established to be the duties specifically enjoined by law resulting from an office, trust and station within the meaning of Section 12283 of the General Code of Ohio, the village hereby irrevocably covenants, obligates and binds itself so long as any of the bonds are outstanding not to issue additional bonds pledging any portion of the revenues of the system except for revenue producing extensions, replacements and additions; provided, however, that no such additional bonds shall be issued unless, upon recommendation of the Mayor, the village council determines that the net earnings of the waterworks system will be increased by reason of the extensions, additions and/or replacements to be constructed with the proceeds of such additional revenue bonds then to be issued, in which event the village may procure the certificate of an independent engineer of good reputation satisfactory to the Trustee, setting forth an estimate of the amount by which the annual net earnings of the village waterworks system will be increased by reason of the expenditure of such proceeds, and there-upon an amount equal to such estimated increase of the annual net earnings of the waterworks system may be added to the average net earnings of the waterworks system for the two preceding years increased in such case by the amount of such estimated increase in annual net earnings, shall be equal at least to 1.50 times the average annual amount of money which will be required for debt service payments, including both principal and interest, in any one year on all of the bonds to be outstanding immediately after the issuance of such additional bonds, including the bonds previously issued and the bonds then to be issued, but not including the 20% surplus required by Section 6 of this ordinance for the bonds herein authorized, then and in that event the village may issue additional mortgage revenue bonds, limited as aforesaid for revenue producing extensions, additions and/or replacements to the waterworks system on a parity with the bonds herein authorized, said additional bonds to be secured equally and ratably by the mortgage hereinafter provided for and by the pledge of the revenues of the waterworks system.

Provided, further that if the earnings of such waterworks system for the fiscal operating or calendar year immediately preceding such issuance of additional bonds, shall have been equal, after deduction of operating, maintenance, and reasonable repair, replacement and depreciation charges to 120 % of the principal and interest requirements for the next ensuing fiscal year, of any bonds at the time outstanding, and secured by a pledge of revenues of said system, plus the amounts necessary to pay the principal and interest requirements for the next ensuing fiscal year on the proposed issue, (such requirements as to principal to be determined by dividing the amount of the next issue by the number of years to the final maturity date of the issue) then and in such event the village may issue additional mortgage revenue bonds, limited as aforesaid for revenue producing extensions, replacements and additions to said waterworks system, to be secured by a mortgage and pledged revenues secondary in lien to the first mortgage.

Section: 10 : Until the bonds herein authorized shall be fully paid, the village shall operate said waterworks system and maintain the same and all parts thereof in constant good condition and repair and maintain insurance upon the same, of a kind and in an amount which normally would be carried by private companies engaged in a similar type of business and shall by its Village Clerk furnish to the purchasers of said bonds and to the Trustee under said mortgage, on forms supplied by them, full and satisfactory monthly reports, audits, statements, and other information from time to time in such form and detail as may be requested by either of them, and shall permit any authorized representative of the purchasers or the holders of ten (10%) per cent in aggregate principal amount of the bonds at the time outstanding to inspect the waterworks system and all records, accounts and date of the system at all reasonable times.

Section II: In order to secure the payment of the principal of and the interest on said bonds as the same shall become due and payable, the Mayor and Village Clerk of the Board of Trustees of Public Affairs, and the fiscal officers of the village, are hereby authorized and directed in the name of and on behalf of the village to make, execute, acknowledge and deliver to The Lincoln National Bank of Cincinnati Ohio, in trust for the purchaser or purchasers of said bonds, a good and sufficient first mortgage deed upon all of the waterworks property

now owned by the village or hereafter acquired, together with all extensions, betterments and additions to said utility made during the time any of said bonds shall remain out-standing and unpaid, constituting the waterworks system of the village. Said mortgage shall be in such form and contain such terms, covenants and conditions not inconsistent with this ordinance as shall be approved by the purchaser of said bonds and the Solicitor of said village. Said mortgage shall contain a condition that in case the village shall make default in the payment of any of said bonds or the interest thereon or of any of the terms of said mortgage or this ordinance, the owners or holders of twenty-five (25) per cent in amount of said bonds remaining unpaid or the trustee for said bondholders, on its own initiative, may elect to declare the entire amount of said bonds due and payable and that, upon default in the payment thereof, said mortgage may be foreclosed. Said mortgage shall also provide that the village shall carry full insurance in an amount which normally would be carried by a private company engaged in a similar type of business and in a minimum amount of the full insurable value of the waterworks system, payable to the trustee thereof, as its interest may appear. Charges of the Trustee under its contract with the village shall be paid as rendered from the Waterworks System Revenue Fund.

Section I2: In the event of any litigation commenced or pending in any court having jurisdiction, in which the village is a party involving the said waterworks plant and system, the operation of the same, the revenue from the same, or wrongful performance or failure to perform any of the terms and conditions of this ordinance, and there is at such time any default in the payment of any of such bonds or interest when and as the same fall due, the court, having jurisdiction of such cause, may appoint a receiver to administer and operate said waterworks plant and system on behalf of the Village of Amanda, with full power to pay and to provide for the payment of such mortgage bonds outstanding against said waterworks plant and system, and for the payment of the operating expenses, and to apply the income and revenue to the payment of such bonds and interest thereon in accordance with the ordinance and the provisions of the mortgage occurring such indebtedness. The power of such receiver to provide for the payment of bonds that are due and outstanding shall not be construed as pledging the general credit of said village to the payment of said bonds, or any part thereof or interest thereon. Such receiver shall have such power, under the direction of the court, as receivers in general equity cases, and as provided by Section 3619-I of the General Code of Ohio.

Section I3: In the event of the foreclosure of the mortgage provided in Section II, the purchaser or purchasers at such foreclosure sale shall be entitled to operate said waterworks system as improved or extended under the terms of the following franchise, which is hereby ordained and established to take effect immediately upon the confirmation of such foreclosure sale, to-wit:

FRANCHISE TO CONSTRUCT, MAINTAIN AND OPERATE A PUBLIC UTILITY KNOWN AS THE WATERWORKS SYSTEM IN AND FOR THE VILLAGE OF AMANDA OHIO, UPON AND UNDER THE STREETS, LANES, ALLEYS, AVENUES AND OTHER PUBLIC THOROUGHFARES OF SAID VILLAGE AND TO FIX AND PRESCRIBE THE TERMS AND CONDITIONS UNDER WHICH SAID OPERATION SHALL BE CONDUCTED.

Section A: Hereafter when the word "grantee" appears in this franchise, it shall be held to mean and include the purchaser or purchasers at judicial sale upon foreclosure of the mortgage or the waterworks system of the Village of Amanda, and any person, association of persons, partnership or corporation who shall, upon such foreclosure, become the owner of said public utility and this franchise shall inure to the benefit of such person, association, partnership or corporation and their heirs, executors, administrators, successors and assigns.

Section B.: In the event that any judicial foreclosure shall be had of the property hereinbefore described and referred to in this ordinance and the mortgaged property shall be sold under such proceedings, the grantee is hereby granted the right for the full period of twenty years from the date of such foreclosure sale or the final confirmation thereof, if such confirmation be then required under Ohio procedure, to construct, , maintain, operate and extend, upon, along and under the streets, lanes, alleys, avenues, and other public thoroughfares and public property in the said village and in the County of Fairfield, State of Ohio, with the full and necessary privileges for the use of the streets, lanes, alleys, avenues and other public thoroughfares or property for the purpose of constructing, erecting, maintaining, operating, and extending water mains, valves, meters, fire hydrants, manholes, and all other apparatus necessary for the operation for all purpose.

Section C: This franchise shall be held to apply to and give the exclusive right to own and operate all the property rights and interest therefor owned or operated by said village as its public utility, known as its waterworks system,
