

MISSION UPDATE

Columbia: In February we went to Columbia and shared the love of Jesus door to door and in the streets.....

Costa Rica: Kelly and Payton had the opportunity to travel to Costa Rica and set up a dental clinic alongside a team who took preventive well visit and care to children and an ob/gyn clinic to the under-served there.

This summer the whole family has an opportunity to go and share the love of Jesus with others as we tackle a building project for a children's home there.

Africa: We are praying over an opportunity to go and reach the least of these in Africa this year. There are still people in this world who do not know the love of Jesus and who do not have clean water to drink.

Your continued support and prayers make all of these opportunities a reality. Here is how **YOU** can get involved:

GO! We would love to talk to you or your church group or friend group about going on a trip with us.

GIVE! Your financial support allows us to go and serve on medical,optical and dental teams and provide services to people groups who lack access to care and life's basic necessities.

You can send your donation to FUMC Waco
4901 Cobbs Drive Waco Tx 76710
and in memo area: Faulkenbery Missions.
Please make check payable to FUMC Waco.

PRAY! Prayer is powerful. Please pray for the gospel to spread to the ends of the earth and that the love of Jesus is felt around the world. Pray for our safety and the safety of missionaries around the globe that are serving and being the hands and feet of Jesus.

*He doesn't always call the equipped, but
He always equips the called!*

- New Homes
- Commercial Construction
- Kitchen & Bathroom Remodels
- Patio Covers/Pergolas
- Outdoor Rooms/Kitchen
- Screen Rooms
- Replacement Windows

CORBETT'S HELPFUL HINT

Regular car maintenance like oil changes, tune-ups, tire pressure checks and tire rotations are a given when owning a car. Have you ever thought about house maintenance? Let me recommend a home and roof inspection. This could save you potentially thousands of dollars in costly repairs. Roof inspections are good to do after winter months. Trimming tree limbs also can help prevent damage to your shingles and decking as spring storms can cause dead limbs to drag and break causing extensive damage. Cleaning out gutters and placing gutter guards can keep everything flowing freely. Here are a few tips in the right direction to help prevent some costly repairs:

1. Take a walk around your home's perimeter and take a look. Trimming hedges below window level around your home and removing leaves and debris that can build up during winter months help to keep intruders away as high unkempt hedges give intruders a place to hide, and provide unwanted pests a place to acquire entry to your home.

2. Have your sprinkler system checked and keep your lawn watered. This helps prevent cracks in the ground around your foundation which in turn can lead to shifting of your home.

SCREEN ROOM AND OUTDOOR ENTERTAINING AREA

If you have ever considered adding extra living space to your home while keeping costs down this is for you. A **screen room** adds square footage you can create an amazing space to entertain or enjoy the outdoors all the while being inside your home. No more bugs, mosquitoes, or pesky flies. The **screen room** mesh comes in several sizes to control the heat and air flow allowing you to enjoy the best of the outdoors. Most **screen rooms** can be constructed within a few days. We use an aluminum material that comes in many colors, will not rust, has surpassed strength and low maintenance.

LifeRoom is a revolutionary living space that can transform your outdoor area indoors. We can design your **LifeRoom** to fit your home and budget while also keeping with your home's architecture. **LifeRoom** allows you to enjoy the outdoors away from harmful UV rays and creates a sanctuary away from pesky bugs. We can transform your backyard into an outdoor/indoor living space like no other. With options like motorized screens, cool mist climate systems or radiant heaters, along with skylights and recessed lighting you could step from your home into a year-round outdoor oasis.

Call 254-759-1147 to schedule your consultation to design your outdoor oasis today.

UPCOMING EVENTS:

Mark your calendars for our annual July 4th brunch! We love celebrating our country's freedom with our community. It will be at the Meyer's Center.

More details to come.

WE LOVE OUR CUSTOMERS!

*"Wonderful, Christian company.
Exceptional quality at a reasonable price."*
