Dean of College of Veterinary Medicine

Dear Sir or Madam,

The Somerset Hills Kennel Club and the Central N.J. Hound Association are pleased to announce the availability of two scholarships from each Club, available to those students who are **currently, (as of 1/1/22)**, Junior or Senior veterinary students and have not previously won one of these awards. They must be New Jersey residents, (except for temporary University residency), and their goals must be primarily geared toward canine medicine.

Our scholarship awards honor the memory of Arthur North, DVM, Bob Goldstein and Asa Mays, DVM, all of whom contributed greatly to the success of our clubs. The amounts of the awards vary, generally being in the range of \$500.00 to \$1,000.00 each, but have been as high as \$1,500.00.

I would appreciate your co-operation in making the availability of these awards known, and distributing the attached application forms to eligible students.
