Be Thankful

By Dr. R. Pletsch

This week is Thanksgiving. A day set aside to remember those things you are thankful for. Being thankful changes from person to person according to your age and upbringing. It all starts when your family teaches what many consider essentials of life. That little phrase, please and thank you. A few examples of things that some of you would be thankful for, others won't. The Chicago Public Schools have this week off. Many students and teachers are thankful for this break and time off. But I'm not sure that is true of the parents. Some think of what

having success against Covid 19 or you did not have to live through a hurricane that left many homeless in Florida. I personally know a relative that came to America before his first birthday. The family was told a couple years later that had he not moved to the United States, he probably would not have seen his second birthday. The child needed medication and nutrients not available in his home country.

You can think of a thousand different things, but it means more to the kids when they think of this on their own. I had a strange experi-ence when a 6th grade girl wrote in a story that she would be very grateful if her father was dead. Yes, some of our kids are living through a lot.

Teachers, if you use something like this be prepared and pre-read. Don't promise they can all read them. I had a student write that her family was thankful because her Pre-K brother had won a turkey in our school. Otherwise, they would have only had string beans on Thanksgiving. We can truly understand how thankful that family was and will probably

remember it and somewhere down the road help some other family. My hope is this will help you make think and Thanksgiving more meaningful.

Parking Ban **Begins Dec. 1st**

The Department of Streets and Sanitation reminds motorists that the winter overnight parking ban begins on Thursday, Dec. 1st and is in effect through April 1st. The parking ban is enforced regardless of snow on 107 miles of main streets during the hours of 3 a.m. to 7 a.m.

Signage is permanently posted along the affected routes.

During a snowfall, a build-up of snow and ice next to parked vehicles on these routes further reduces traffic flow and can cause unsafe condi-tions. DSS works to clear the City's main streets and Lake Shore Drive

first to ensure that roads are safe and passable for motorists, buses, and emergency vehicles. Cars left parked on these designated roadways obstruct the path of

snowplows and prevent routes from being fully plowed and salted when it snows. Violators of the parking ban will be towed and face a towing fee, ticket, and storage fee. Vehicles in violation of the ban will be towed to Pounds 2 (10301 S. Doty Ave.) or 6 (701 N. Sacramento).

Residents can visit chicagoshovels.org or a map of streets impacted by the ban and to view the City's snow plows in real-time during a storm. Motorists can also visit chicagoshovels.org or call 311 to find out if their vehicle was towed due to the ban.

ISAC Names 2023-24 State Scholars

The Illinois Student Assistance Commission, the state's college access and financial aid agency, announces the 2023-24 State Scholars. These high-achieving students are selected annually based on their ACT or SAT exams and sixth semester class rank and are recognized for their exceptional academic achievement. The scholars rank in approximately the top ten percent of graduates from Illinois high schools. More than 16,770 students from 690 high schools were selected for this prestigious honor.

The designation is a non-monetary award. Each State Šcholar will receive a congratulatory letter and Certificate of Achievement. Awardees can download an official Program badge to display on their online profiles, social media platforms, and share with their high school counselors, colleges, employers and family members. In deference to the variability of policies among high schools regarding publishing student information online, ISAC will not post the names of finalists on its website

ISAC encourages all high school students to complete the 2023-24 Free Application for Federal Student Aid (FAFSA), or for eligible undocumented students, the Alternative Application for Illinois Financial Aid (Alternative Application). The FAFSA is the application used by stu-dents and families to apply for federal and most state and institutional financial aid for any type of postsecondary education. including career and technical education, certificates, and two- or four-year degree pro-grams. The Alternative Application offers a pathway to state financial aid for eligible undocumented students who are not eligible for federal student aid.

Students can utilize isac.org for free tools and resources to search for colleges and scholarships, explore careers, find in-ternships and summer jobs, apply for financial aid programs, get tips about college planning and financial aid, connect with First Generation Scholars Network mentors, and more.
